Melody's Gifts Louise Wade, 2009-10-15 Melody's Gifts An Inspirational Story Of A Family's Determination That Neither Cerebral Palsy Nor Mental Retardation Would Silence Melody's Song This is the kind of book that will be hard for a reader whether parent or special education professional to put down Melody's mother Louise Wade tells the story with intense emotions She is not a writer but a mother with a story to tell and she tells the story from her heart and soul At times the reader may feel on top of the world laughing and cheering at the adventures and victories of the family At other times the reader may cry softly as Louise expresses the depth of her grief that can only be found in a mother's heart This is a true story heartwarming inspiring and encouraging about the author's daughter Melody Marie who was diagnosed at fourteen months of age to be profoundly brain damaged Fortunately the family was living in Pennsylvania at the time They learned of the Doman Delacato intensive patterning therapy program which had a center just outside Philadelphia and they were off and running Louise moved with lightning speed to convince Jack Melody's dad and Mike her seven year old brother that the time had come to get little Melody crawling creeping walking and talking A determined driven mother with a bountiful supply of energy Louise had soon organized small teams of patterners all of which moved as little brigades to meet the enormous challenge The family's energies were great and were rewarded with Melody's achievements Their lives changed as Louise felt that the Lord was calling her into a lifelong career in special education The career of Melody's dad Jack later changed to recreational therapy Her older brother Mike majored in special education in college and was President of the student chapter of the Council for Exceptional Children Melody became an inspiration for each member of her family The book reveals the inner most feelings from her mother's heart about Melody's life from 1962 through 2008 She did her writing the old fashioned way with pencil paper and lots of erasers Louise now in her seventies has been relentless in her motivation She applied great pressure on herself to get the story told before her health limited her physical activity She drove sixty miles to enroll in a course called Writing Your Life Story A small writing group emerged from the course and Louise never missed their meetings She plodded along for months and years then began to feel discouraged that perhaps she would not be able to see this project through to publication She met Sheila Nelson by happenstance Sheila began by proof reading Louise's work then a series of events and circumstances changed her role to that of re writing Melody's story Sheila recognized that the load seemed to be getting too heavy for Louise to carry alone to the finish line publication Louise describes Sheila as an answer to my prayers She worked tirelessly with the greatest dedication to complete the work Her devotion talent and abilities were paramount in the publishing of this work Emily Gabrysch and Daniel Burdess students at New River Community College in Dublin Virginia designed the book cover They took hundreds of pictures of Melody happily playing her spoons tambourine and bells The family selected one picture and had it framed for Melody's bedroom door From that day on Melody repeatedly encouraged her mother to write in the book The illustrations are from Melody's personal photo album and pictures in her

bedroom especially designed for her enjoyment Before she could talk the family bombarded her with meaningful pictures Each created much happiness for all They proved to be valuable in her early language development A picture is worth a thousand words actually may be critical in stimulating communication Louise wants Melodys story to make a positive impact in as many lives Gifts from Friends We Never Wanted Virginia Herbers,2024-09 Discover how unlikely friends can provide us with gifts beyond measure Unwelcome guests are not generally greeted with gratitude but occasionally they become unexpected friends bearing gifts we never would have asked for In Gifts from Friends We Never Wanted Virginia Herbers introduces a sampling of these types of surprising guests in our lives failure disappointment worry and the gifts they offer us when they come visiting Following the same pattern as her first book Gifts from Friends We've Yet to Meet Herbers chooses a gospel character to accompany us as we engage these uninvited friends Weaving together the stories of Jesus's contemporaries his response to their foibles and stories from her own experiences Herbers invites us to join her on a journey of discovery vulnerability honesty and hospitality She asks if we dare to befriend the least appealing truths of ourselves to surrender them to a God who can enlighten even the greatest darkness If we dare then we will have truly understood the value of these gifts from friends we never wanted *Dad's 12 gifts* José Gordo,2019-09-09 One question What has been the most important gift your father gave you unleashes a wave of memories in the mind of a young man who realizes that the most important gifts of our lives can take many different forms and almost never that of things Observe Porthos and his father Jefferson in this story full of wisdom and love *Dad's 12 Gifts* is a story created to be shared between parents and children because giving our children wings so they can fly on their own is the most important gift we can give them

The English Illustrated Magazine: "The Gift of the Sea" ,1890 *THE WONDERFUL GIFT OF MUSIC* BJ Sam,2020-02-06 Music enlivens the world and brightens our dark and gloomy days Indeed without the beautiful melody and harmony of music the world would be so dim and boring Music is so vital to our lives and well-being its effect on our emotions is so tremendous BJ Sam is an international trailblazing musician who brings music stars and professional vocalists from all the continents of the world together for international projects and collaborations The very first musician to feature music stars from all the continents of the world in one song In this book BJ Sam tries to explain the reason why millions of people across the world who engage in music never make waves and never become stars even though some sing very beautifully and why others who write and sing junk are catapulted to limelight You will discover vital things that every emerging crooner musician and lover of music ought to know This book will bring careers of many musicians and singers to full bloom and cause new stars to emerge If you have been trying to reach the top but you keep falling then flip through the pages to find out why and what to do **I'm Melody Doing Melody Things** Melodys Publications,2020-10-31 *I'm Melody Doing Melody Things* Lined journal Gift 120 pages Birthday gifts for Women Perfect Notebook Gift for Melody 120 pages 6 x 9 Perfect size for all purposes *The Musical Gift* Jim Sykes,2018-08-31 The Musical Gift tells Sri Lanka's music history as a

story of giving between humans and nonhumans and between populations defined by difference Author Jim Sykes argues that in the recent past the genres we recognize today as Sri Lanka's esteemed traditional musics were not originally about ethnic or religious identity but were gifts to gods and people intended to foster protection and or healing Noting that the currently assumed link between music and identity helped produce the narratives of ethnic difference that drove Sri Lanka's civil war 1983-2009 Sykes argues that the promotion of connected music histories has a role to play in post war reconciliation The Musical Gift includes a study of how NGOs used music to promote reconciliation in Sri Lanka and it contains a theorization of the relations between musical gifts and commodities Eschewing a binary between the gift and identity Sykes claims the world's music history is largely a story of entanglement between both paradigms Drawing on fieldwork conducted widely across Sri Lanka over a span of eleven years including the first study of Sinhala Buddhist drumming in English and the first ethnography of music making in the former warzones of the north and east this book brings anthropology's canonic literature on the gift into music studies while drawing on anthropology's recent ontological turn and the new materialism in religious studies
