Natural Homemade Cleaners:

Homemade Cleaners Mandy O'Brien, Dionna Ford, 2014-01-07 A comprehensive guide to natural cleaners that completely disinfect, polish and freshen without the dangerous toxins. Toxic chemicals are found in almost all commercial cleaners, the very products people buy to make their homes hygienic and healthy. The recipes in *Homemade Cleaners* use common, affordable ingredients that not only get every room in the house sparkling and germ free but are also safe for families and the environment. The green cleaners in this invaluable guide are all that is needed to keep a purified home without using harsh chemicals that can cause everything from skin irritation to central nervous system damage. Using nontoxic materials like vinegar, baking soda, and even vodka, *Homemade Cleaners* focuses on every floor, wall, window, and appliance and includes methods for absorbing odors, information on air-purifying plants, a primer on basic chemistry, a checklist of essential supplies, and tips for cutting down on waste.

Natural Homemade Cleaners Susan Hewsten, 2013-11 The Ultimate Natural Homemade Cleaning Guide. Replacing traditional cleaning products with green or natural products has both health and environmental benefits. Natural cleaners contain few or no volatile organic compounds (VOCs). VOCs are chemicals in many household products that can cause respiratory problems, headaches, and dizziness from short-term exposure. Long-term use may cause liver, respiratory, and reproductive problems, including cancer. Green cleaning products are also less harmful to the air and water. When you factor in the wasteful packaging and inflated price of commercially marketed cleansers, creating your own homemade cleaning products just makes sense. Green cleaning powerhouses such as vinegar, baking soda, and borax are inexpensive and easy to come by. We have collected over 30 of the most popular natural homemade cleaners from around the world.
