Perceptions of Nature Ole Bruun, Arne Kalland, 2014-02-25 This highly acclaimed bold and refreshing collection of essays

takes a critical look at Asians perception of their natural environments as well as at Western views of Asia in this respect

Japanese Images of Nature Pamela J. Asquith, Arne Kalland, 1997 Documents the great diversity in how people perceive their natural environment and how they come to terms with nature be it through brute force rituals or idealization The main message of the book is that nature and the natural are concepts very much conditioned by their context

Shakespeare and the Visual Arts Michele Marrapodi, 2017-02-17 Drawing on the poetics of intertextuality and profiting from the more recent concepts of cultural mobility and permeability between cultures in the early modern period this volume s tripartite structure considers the relationship between Renaissance material arts theatre and emblems as an integrated and intermedial genre explores the use and function of Italian visual culture in Shakespeare s oeuvre and questions the appropriation of the arts in the production of the drama of Shakespeare and his contemporaries An afterword a rich bibliography of primary and secondary literature and a detailed Index round off the volume

Edward Burne-Jones on Nature Liana De Girolami Cheney, 2021-05-21 This volume studies some of Edward Burne Jones s paintings focusing specifically on his approach to nature both through his observations about the real physical world and through his symbolic interpretations of earthly and celestial realms Burne Jones s appreciation for natural formations grew from his interests in astronomy and geography and was expanded by his aesthetic sensibility for physical and metaphysical beauty His drawings and watercolors carefully recorded the physical world he saw around him These studies provided the background for a collection of paintings about landscapes with flora and fauna and ignited an artistic furor that inspired the imagery he used in his allegorical fantasy and dream cycles about forests winding paths and sweet briar roses This study focuses on two main ideas Burne Jones s concept of ideal and artificial or magical nature expressed and represented in his drawings and paintings and the way in which he fused his scientific knowledge about nature with some of the symbolism in his paintings

Painting the Skin Élodie Dupey García, María Luisa Vázquez de Ágredos Pascual, 2019-06-11 Mesoamerican communities past and present are characterized by their strong inclination toward color and their expert use of the natural environment to create dyes and paints In pre Hispanic times skin was among the preferred surfaces on which to apply coloring materials Archaeological research and historical and iconographic evidence show that in Mesoamerica the human body alive or dead received various treatments and procedures for coloring it *Painting the Skin* brings together exciting research on painted skins in Mesoamerica Chapters explore the materiality uses and cultural meanings of the colors applied to a multitude of skins including bodies codices made of hide and vegetal paper and even building skins Contributors offer physicochemical analysis and compare compositions manufactures and attached meanings of pigments and colorants across various social and symbolic contexts and registers They also compare these Mesoamerican colors with those used in other ancient cultures from both the Old and New Worlds This cross cultural perspective reveals crucial similarities and differences in the way cultures have painted on skins of all types Examining color in Mesoamerica broadens understandings of Native religious systems and world views Tracing the
