Nazi Propaganda For The Arab World:

Nazi Propaganda for the Arab World Jeffrey Herf, 2009-11-30 Jeffrey Herf a leading scholar in the field offers the most extensive examination to date of Nazi propaganda activities targeting Arabs and Muslims in the Middle East during World War II and the Holocaust He draws extensively on previously unused and little known archival resources including the shocking transcriptions of the Axis Broadcasts in Arabic radio programs which convey a strongly anti Semitic message Herf explores the intellectual political and cultural context in which German and European radical anti Semitism was found to resonate with similar views rooted in a selective appropriation of the traditions of Islam Pro Nazi Arab exiles in wartime Berlin including Haj el Husseini and Rashid el Kilani collaborated with the Nazis in constructing their Middle East propaganda campaign By integrating the political and military history of the war in the Middle East with the intellectual and cultural dimensions of the propagandistic diffusion of Nazi ideology Herf offers the most thorough examination to date of this important chapter in the history of World War II Importantly he also shows how the anti Semitism promoted by the Nazi propaganda effort contributed to the anti Semitism exhibited by adherents of radical forms of Islam in the Middle East today

Nazi Germany and the Arab World Francis R. Nicosia, 2015 This book investigates the intent and policy of Nazi Germany in the Arab world from 1933 to 1944 It analyzes Germany's support for continued European domination of the Arab states of North Africa and the Middle East and Germany's rejection of truly sovereign Arab states in those regions Nazis, Islamic Antisemitism and the Middle East Matthias Küntzel, 2023-08-01 Nazis Islamic Antisemitism and the Middle East demonstrates the impact on the Arab world of Nazi ideology and propaganda in the 1930s and beyond In 1937 with the brochure Islam and Judaism a new form of Jew hatred came into the world Islamic antisemitism The Nazis did everything they could to anchor this new message of hate through their Arabic language radio propaganda The book sheds light on this hitherto unknown chapter of Germany's past It presents new archive findings that show how the image of Jews in Islam changed between 1937 and 1948 under the influence of this propaganda and other Nazi activities This fresh look at Middle East history allows for a more precise assessment of the present What exactly is Islamic antisemitism How is it currently manifesting itself in Germany and France What makes it particularly dangerous Only when we understand how strongly modern Middle East history is shaped by the aftermath of National Socialism will we be able to correctly interpret the hatred of Jews in this region and its echo among Muslims in Europe and develop adequate countermeasures This volume will be of interest to those researching antisemitism Nazi foreign policy and the political history of the Middle East This book is nominated for the 2023 book prize for the best book on contemporary antisemitism awarded annually by the London Center for the Study of Contemporary Antisemitism **Cinema in the Arab World** Ifdal Elsaket, Daniël Biltreyst, Philippe Meers, 2023-01-26 Cinema in the Arab world has been the subject of varied and rigorous studies but most have focused on films as text providing in depth analyses of plot style ideologies or examination of the biographies of prominent directors or

actors This innovative new volume shifts the focus on Arab cinema off screen to examine the histories politics and conditions of distribution exhibition and cinema going in the Arab world Through broadening the frame of study beyond the screen the book widens understanding of the cinema not merely as a collection of films as texts but as a site of cultural and political contestation in the Arab world Divided into two sections and guided by interdisciplinary considerations the contributors examine historical and contemporary issues of Arab cinema in terms of the experience of movie going and filmmaking They examine the networks of distribution and exhibition as well as the contested and multiple meanings that the cinema embodied through diverse historical periods and geographical locations Part I focuses on new histories of Arab cinema in terms of film production distribution exhibition and audience s experiences of cinema going Part II deals with more recent issues within scholarship on Arab cinema such as issues of politics economics ideologies as well as issues related to Arab movies international circulation and screenings at festivals Together the chapters enrich our understanding of the cinema in the Arab world showing how deeply embedded it is within its social political and economic contexts Confronting Fascism

in the Arabic Jewish Press Lucia Admiraal,2024-10-31 During the 1930s and 1940s Jews in the Middle East took part in extensive debates on fascism in the public sphere How did the rise of fascism impact the ways in which Jews in the region envisioned the past present and future Confronting Fascism in the Arabic Jewish Press examines Jewish discussions on the positions and identities of Jews in the Middle East within the context of multifocal debates on fascism Focussing on the Arabic Jewish press in Egypt Lebanon and Syria it studies the ideas of its editors and main contributors and their intellectual networks Putting those debates within the context of social political and national reorientations following the end of the Ottoman Empire the book uses an ideas based and conceptual approach to also connect this history to global debates on fascism centred on the concepts of race civilization and religion In doing so it situates Jewish discussions on fascism in the Middle East not only at the heart of Arab intellectual history but also as part of a globalizing public sphere during the interwar war and immediate post war periods 1933 1948 The ebook editions of this book are available open access under a CC BY NC ND 4 0 licence on bloomsburycollections com **The Secret War for the Middle East** Youssef

Aboul-Enein,2013-10-15 It can be argued that the Middle East during the World War II has been regarded as that conflict s most overlooked theater of operations Though the threat of direct Axis invasion never materialized beyond the Egyptian Western Desert with Rommel s Afrika Korps this did not limit the Axis from probing the Middle East and cultivating potential collaborators and sympathizers These actions left an indelible mark in the socio political evolution of the modern states of the Middle East This book explores the infusion of the political language of anti Semitism nationalism fascism and Marxism that were among the ideological byproducts of Axis and Allied intervention in the Arab world The status of British dominated Middle East was tailor made for exploitation by Axis intelligence and propaganda German and Italian intelligence efforts fueled anti British resentments their influence shaped the course of Arab nationalist sentiments throughout the Middle East

A relevant parallel to the pan Arab cause was Hitler's attempt to bring ethnic Germans into the fold of a greater German state. In theory, as the Sudeten German stood on par with the Carpathian German, so too, according to doctrinal theory, did the Yemeni stand in union with the Syrian in the imagination of those espousing pan Arabism. As historic evidence demonstrates, this very commonality proved to be a major factor in the development of relations between Arab and Fascist leaders. The Arab nationalist movement amounted to nothing more than a shapeless, fragmented counter position to British imperialism imported to the Arab East via Berlin for Nazi aspirations. **What Ifs of Jewish History** Gavriel D. Rosenfeld, 2016-09-08

Counterfactual history of the Jewish past inviting readers to explore how the course of Jewish history might have been different. **Responses to 7 October: Antisemitic Discourse** Rosa Freedman, David Hirsh, 2024-05-29 One of three volumes responding to the 7 October attack. Antisemitic Discourse focuses on the ideology that motivated it and the antisemitism that shaped many responses to it. It examines the provenance of the Jew hatred from English history to Palestinian Islamism, from toxic 19th century Jewish Question rhetoric to the perversion of the Trotskyist tradition that allowed parts of the left to embrace antisemitism. It includes Howard Jacobson's lecture of 22 October on antisemitism and it focuses on what was significant about this attack. There is discussion from Britain, Germany, Poland, and Norway, and a linguistic account of responses. This work will appeal to scholars, students, and activists with an interest in antisemitism, Jewish studies, and the politics of Israel. Human Rights and Human Development in the Arab and Islamic World Raphael

Israeli, 2022-08-29 For many years, Islam has behaved in total authoritarian domination over masses of populations with a total disregard of basic human rights based on the Sharia, holy law of Empire, and rule over its own Muslim subjects. Even more so over a multitude of Christian, Jewish, and other minorities, Islam has ignored Western developments since the American and French Revolutions, which little by little developed the liberal predominance of human rights. The prevailing rationale in Islam was and has remained that Allah's Law, as expressed in His Holy edicts, forever takes priority over any law that humans can produce. While similar beliefs were modified in other faiths and creeds, which resulted in Western philosophical thought due to the established separation of Church and state, Islam has never known such a separation and has perpetuated the ancient traditional views, rationalizing that while human-made laws are ephemeral and transient, Allah's are immutable and eternal. Hence the severe laws on apostasy in Islam, which forbid Muslims the right to deny their faith under threat of death. Even the religions of Christianity and Judaism are under restriction in Islamdom. If their followers wish to convert, they are permitted to do so only to Islam, which is why the record of human rights in Islam is so poor.

Comprehending Antisemitism through the Ages: A Historical Perspective Armin Lange, Kerstin Mayerhofer, Dina Porat, Lawrence H. Schiffman, 2021-08-23 This volume traces the history of antisemitism from antiquity through contemporary manifestations of the discrimination of Jews. It documents the religious, sociological, political, and economic contexts in which antisemitism thrived and thrives and shows how such circumstances served as support and reinforcement.

for a curtailment of the Jews social status The volume sheds light on historical processes of discrimination and identifies them as a key factor in the contemporary and future fight against antisemitism
