Promise And A Way Of Life White Antiracist Activism

Boyd Drick

Promise And A Way Of Life White Antiracist Activism:

A Promise and a Way of Life Becky W. Thompson, 2001 Beginning with the diverse catalysts that started these activists on their journeys this book demonstrates the contributions and limitations of white antiracism in key social justice movements

BOOK JACKET White Allies in the Struggle for Racial Justice Boyd Drick , 2015-10-23 **Feminists Talk Whiteness**

Leigh-Anne Francis, Janet Gray, 2024-08-30 *Feminists Talk Whiteness* offers a multidimensional introduction to whiteness as an ideology and a system of institutional practices exploring how and why whiteness is a feminist issue Readers will gain insights and strategies for action from the chapters and poems which approach whiteness through multiple perspectives and disciplinary approaches The contents are organized into sections on history theory and self reflection and antiracist praxis Each section includes suggested questions for writing or discussion as well as varied activities from quick research to community action *Feminists Talk Whiteness* is for college students community groups and book clubs studying whiteness and antiracism It will work well as a main or companion text in courses in women s gender and feminist studies as well as other courses across the humanities and social sciences The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license

White Men Challenging Racism Cooper Thompson, Emmett Schaeffer, Harry Brod, 2003-04-21 Narratives exploring the lives experiences and feelings on racism from anti racist white men who are committed to social justice **I Have Been**

Waiting Jennifer S. Simpson, 2003-01-01 *I Have Been Waiting* is an important work confirming that sustained attention to issues of race in higher education is both difficult and necessary No Permanent Waves Nancy A. Hewitt, 2010-02-16 *No Permanent Waves* boldly enters the ongoing debates over the utility of the wave metaphor for capturing the complex history of women s rights by offering fresh perspectives on the diverse movements that comprise U S feminism past and present Seventeen essays both original and reprinted address continuities conflicts and transformations among women s movements in the United States from the early nineteenth century through today A respected group of contributors from diverse generations and backgrounds argue for new chronologies more inclusive conceptualizations of feminist agendas and participants and fuller engagements with contestations around particular issues and practices Race class and sexuality are explored within histories of women s rights and feminism as well as the cultural and intellectual currents and social and political priorities that marked movements for women s advancement and liberation These essays question whether the concept of waves surging and receding can fully capture the complexities of U S feminisms and suggest models for reimagining these histories from radio waves to hip hop Missing Class Betsy Leondar-Wright, 2014-03-20 Many activists worry about the same few problems in their groups low turnout inactive members conflicting views on racism overtalking and offensive violations of group norms But in searching for solutions to these predictable and intractable troubles progressive social movement groups overlook class culture differences In *Missing Class* Betsy Leondar Wright uses a class

focused lens to show that members with different class life experiences tend to approach these problems differently This perspective enables readers to envision new solutions that draw on the strengths of all class cultures to form the basis of stronger cross class and multiracial movements The first comprehensive empirical study of US activist class cultures *Missing Class* looks at class dynamics in 25 groups that span the gamut of social movement organizations in the United States today including the labor movement grassroots community organizing and groups working on global causes in the anarchist and progressive traditions Leondar Wright applies Pierre Bourdieu s theories of cultural capital and habitus to four class trajectories lifelong working class and poor lifelong professional middle class voluntarily downwardly mobile and upwardly mobile Compellingly written for both activists and social scientists this book describes class differences in paths to activism attitudes toward leadership methods of conflict resolution ways of using language diversity practices use of humor methods of recruiting and group process preferences Too often we miss class *Missing Class* makes a persuasive case that seeing class culture differences could enable activists to strengthen their own groups and build more durable cross class alliances for social justice

Some Men Michael A. Messner,Max A. Greenberg,Tal Peretz,2015-02-16 What does it mean for men to join with women in preventing sexual assault and domestic violence This book based on life history interviews with men and women anti violence activists illuminates both the promise of men s violence prevention work as well as the strains and tensions that inhere both for men as feminist allies and for the women they work with

Educational Inequalities Kalwant Bhopal,Uvanney Maylor,2013-11-07 While there is considerable literature on social inequality and education there is little recent work which explores notions of difference and diversity in relation to race class and gender This edited text aims to bring together researchers in the field of education located across many international contexts such as the UK Australia USA New Zealand and Europe Contributors investigate the ways in which dominant perspectives on difference intersectionality and institutional structures underpin and reinforce educational inequality in schools and higher education They emphasize the importance of international perspectives and innovative methodological approaches to examining these areas and seek to locate the dimensions of difference within recent theoretical discourses with an emphasis on race class and gender as key categories of analysis

Open Minds to Equality Nancy Schniedewind,Ellen Davidson,2014 This is an educator s sourcebook of activities to help students understand and change inequalities based on race gender class age language sexual orientation physical mental ability and religion The activities also promote respect for diversity and interpersonal equality among students fostering a classroom that is participatory cooperative and democratic An essential resource for teachers leaders in professional development and curriculum specialists Features of the book include ready to implement learning activities in both traditional and interdisciplinary curriculum areas and inclusive framework for thinking about diversity and responding practically to various forms of difference in classrooms a variety of lesson styles including role plays case studies dilemma stories cooperative learning activities interviews data analysis and creative and expository writing
