Basic Forms of Government Bernard Crick, 1973-06-18 *World Government* , *Principles of Government* Nathaniel Chipman, 1833 Anthropology and Egalitarianism Eric Gable, 2010-12-03 Anthropology and Egalitarianism is an artful and accessible introduction to key themes in cultural anthropology Writing in a deeply personal style and using material from his fieldwork in three dramatically different locales Indonesia West Africa and Monticello the historic home of Thomas Jefferson Eric Gable shows why the ethnographic encounter is the core of the discipline s method and the basis of its unique contribution to understanding the human condition Gable weaves together vignettes from the field and discussion of major works as he explores the development of the idea of culture through the experience of cultural contrast anthropology s fraught relationship to racism and colonialism and other enduring themes Godly Kingship in Restoration England Jacqueline Rose, 2011-07-21 The position of English monarchs as supreme governors of the Church of England profoundly affected early modern politics and religion This innovative book explores how tensions in church state relations created by Henry VIII s Reformation continued to influence relationships between the crown Parliament and common law during the Restoration a distinct phase in England s long Reformation Debates about the powers of kings and parliaments the treatment of Dissenters and emerging concepts of toleration were viewed through a Reformation prism where legitimacy depended on godly status This book discusses how the institutional legal and ideological framework of supremacy perpetuated the language of godly kingship after 1660 and how supremacy was complicated by the ambivalent Tudor legacy It was manipulated by not only Anglicans but also tolerant kings and intolerant parliaments Catholics Dissenters and radicals like Thomas Hobbes Invented to uphold the religious and political establishments supremacy paradoxically ended up subverting them *Primitive Government* Lucy Mair, 1977 The Science of a Legislator Knud Haakonssen, 1989-07-28 A first comprehensive account of Adam Smith s jurisprudence demonstrates how his ideas developed out of and in response to Hume s theory of justice and includes the social and political thought expounded in his major writings *World State* ,
