## **Seekers Guide Elizabeth Lesser:**

**The Seeker's Guide** Elizabeth Lesser, 2008-11-18 In 1977 Elizabeth Lesser cofounded the Omega Institute now America's largest adult education center focusing on wellness and spirituality Working with many of the eminent thinkers of our times including Zen masters rabbis Christian monks psychologists scientists and an array of noted American figures from L A Lakers coach Phil Jackson to author Maya Angelou Lesser found that by combining a variety of religious psychological and healing traditions each of us has the unique ability to satisfy our spiritual hunger In The Seeker's Guide she synthesizes the lessons learned from an immersion into the world's wisdom traditions and intertwines them with illuminating stories from her daily life Recounting her own trials and errors and offering meditative exercises she shows the reader how to create a personal practice gauge one's progress and choose effective spiritual teachers and habits Warm accessible and wise this book provides directions through the four landscapes of the spiritual journey THE MIND learning meditation to ease stress and anxiety THE HEART dealing with grief loss and pain opening the heart and becoming fully alive THE BODY returning the body to the spiritual fold to heal and overcome the fear of aging and death THE SOUL experiencing daily life as an adventure of meaning and mystery

**Heart to Heart--The Journey Inward** Robert P. Vande Kappelle, 2023-01-20 Whether religiously theists atheists agnostics or simply seekers each of us is on a journey of faith spiraling through stages seasons or phases of spirituality On this journey we discover that spirituality is more caught than taught and that faith enriched more by subtraction than by addition is more about unlearning than learning At the center of Jesus life and message stands the exhortation to receive and share divine love The two volumes of Heart to Heart excerpted from Dr Vande Kappelle's published writings examine the meaning and implications of the biblical Great Commandment to love God and others as oneself This volume examines the spiritual journey inward and its companion volume the journey outward Ultimately there is only one spiritual journey the journey Godward and there is only one commandment Divine love is the key to everything Unloved people misbehave fail to love or fail to change Loved people aren't concerned with rules regulations or beliefs Rather because they are loved they take proper care of themselves and in so doing care for nature and others as extensions of themselves Heart to Heart is written for those who affirm the value of lifelong spiritual growth realize the limits of logic and embrace the paradoxes in life If you are willing to commit less than ten minutes a day over a seven month period you will undertake a spiritual journey of epic proportions guaranteed to transform you morally and spiritually In addition you will come to embrace Christianity as the transformative movement envisioned by Jesus for humanity a way of life grounded in compassion justice service humility and love of others

**Living Graciously on Planet Earth** Robert P. Vande Kappelle, 2016-05-18 Humans are happiest when they live virtuously Building on the premise that the purpose of life is happiness conducive to the equitable flourishing of all humanity Living Graciously on Planet Earth argues that the appropriate way to regard our abilities and moral opportunities is as gifts for the common good to be used for the glory of

God guided by the biblical principles of stewardship and community Utilizing a biblical approach and a Trinitarian perspective while maintaining an appreciative eye to the contributions of the world's living religions Dr Vande Kappelle argues for a hierarchy of values necessary for gracious living in the twenty first century Ancient wisdom claims there are seven primary virtues four natural prudence justice fortitude and temperance and three supernatural faith hope and love As the natural virtues help us grow morally the supernatural virtues are designed for transformation Using insights from the Enneagram as well as from diverse scholars such as Karen Armstrong Marcus Borg James Fowler Matthew Fox C S Lewis Robin W Lovin and Huston Smith *Living Graciously* examines the seven virtues in biblical social and cosmic context This book's uplifting message delivers the perfect antidote to the current social malaise characterized by arrogance suspicion negligence and consumption In addition this book addresses difficult questions such as Do we live in a moral universe Is there a benevolent deity watching over us Is there a purpose to life on earth and Is there a summum bonum a greatest good The answers in this insightful presentation will challenge your thinking and energize your living Useful for individual or group use each chapter contains aids to learning including a a thesis statement indicating the central idea of the chapter b a list of key biblical passages c a chapter summary and d questions for discussion and reflection [Oprah's Jesus](#) Kurt D. Bruner, 2010-08-01 When it comes to religion the most respected voice of the past decade is not a pastor evangelist priest or rabbi She is a warm articulate woman whose presence dominates daytime television and grocery store checkout stands Her influence has propelled little known authors into best selling millionaires and spawned a media empire worth billions Oprah's name and image are instantly recognized by millions of adoring fans who view her as a long term friend and trusted spiritual mentor But many have become troubled that Oprah seems less and less tolerant of her childhood faith and has begun celebrating a Jesus very different than the God Man of her Sunday school lessons Oprah's Jesus leverages the enormous popularity of Oprah Winfrey to explore the rise of generic spirituality rooted in personal preference versus transcendent beliefs rooted in historic Christian orthodoxy *Dark Splendor* Robert P. Vande Kappelle, 2015-06-29 Mistakes disappointments suffering and heartbreak can prevent us from growing physically emotionally even spiritually or they can propel us to a new way of life Building on the contributions of therapists holistic healers and spiritual mentors such as Richard Rohr James Hollis Elizabeth Lesser Bill Plotkin Ken Wilber and Thich Nhat Hanh *Dark Splendor* takes us on a journey into depth spirituality exploring the two halves of life noting how the perspectives and experiences of the first half of life either leave us frozen emotionally and spiritually or serve as stepping stones to the vibrant maturity called the second half of life This further journey is not chronological nor does one magically stumble upon it at midlife or in times of crisis though these often serve as catalysts The second journey is largely unknown today even by people we consider deeply religious since most individuals and institutions remain stymied in the preoccupations of the first half of life establishing identity creating boundary markers and seeking security The first half of life task while essential is not the full journey

Furthermore one cannot walk the second journey with first journey tools One needs a new toolkit Dark Splendor provides the transformational tools that help transport us to the mystery and beauty of the second half of life The world is more magical less predictable more autonomous less controllable more varied less simple more infinite less knowable more wonderfully troubling then we could have imagined being able to tolerate when we were young James Hollis God comes to you disguised as your life Paula D Arcy *It Takes a Church to Raise a Christian* Tod E. Bolsinger, 2004-04-01 Tod Bolsinger challenges Christians to rediscover the essential nature of God as a Triune community By doing so says Bolsinger the church will recover its vitality as a truly life transforming communion Focusing on daily living issues the book engages writers including John Calvin and Richard Foster Reclaiming a true trinitarian practical theology will allow Christians to reawaken and nourish a spirituality that is communal not merely consumerist or individualistic It will create Christian communities in which God transforms believers together into the likeness of Christ It Takes a Church to Raise a Christian is designed for pastors worship leaders evangelists and other church leaders *Missional Spirituality* Roger Helland, Leonard Hjalmarson, 2012-01-20 If all of the earth is God s domain why are Christians so terribly provincial We rarely leave our church buildings and our spirituality rarely takes us beyond ourselves Veteran church leaders Roger Helland and Leonard Hjalmarson observe that Jesus begins his mission in the temple where he wows the religious elite and chides his parents by saying Didn t you know I had to be in my Father s house But Jesus doesn t stay in the temple indeed in Christ the temple of the Lord is on the move even to the ends of the earth In this book the authors helpfully reconnect spirituality and mission showing you how the spiritual life when lived properly follows a similar progression we come home to Christ loving him from our heart and soul and mind and strength And then we set forth to love our neighbors as ourself Discover how through this process you can reclaim the whole of God s kingdom for his glory and the fulfillment of your heart s longing *Your Messy Brilliance* Kelly McNelis, 2017-10-15 There is no magic pill There is no one size fits all solution to your problems There is no guru coming to save you The remarkable truth you are about to discover one that you already know deep down in your bones is that the idea of perfection can t bring you the joy passion and purpose you are craving What you are looking for as author and Women For One founder Kelly McNelis will show you is your messy brilliance It s the part of you that s perfectly imperfect and that contains your wholeness the good the bad and the ugly Your Messy Brilliance offers an engaging customizable roadmap to the authentic you In this book you will learn to Reclaim your true brilliance by embracing your flaws as the key to unlocking your deepest truth Understand how your stories shape your life and harness your power to transform the stories you tell yourself and others Consciously move past shame and self judgment and develop a stronger relationship to your body mind and spirit Connect with your feminine power to find presence peace and clarity Make conscious effective choices that enable you to make your life happen on your own terms Embody limitless possibility so that you can create the life you have always dreamed about Commit to a life of radical openness authenticity and courage so that

you transform yourself and your world With a combination of personal experience relatable stories from everyday women and practical wisdom that can be found in every culture and doctrine Kelly will guide you into the most important journey you will ever take as a woman the journey back home to your messy brilliance and your ultimate truth     **Adventures in**

**Spirituality** Robert P. Vande Kappelle,2020-02-17 Contrary to popular culture the goal of life is not happiness but meaning Those who seek happiness by trying to avoid or finesse conflict suffering doubt and change will find life increasingly superficial Feeling good is a flawed measure of life but living meaningfully is transformative for then one is living a developmental rather than a regressive agenda The ego does whatever it can to make itself comfortable whereas spirituality is about wholeness Adventures in Spirituality represents the culmination of Dr Vande Kappelle s forty year teaching career incorporating in one volume his views on topics as varied as theology Christology biblical interpretation spirituality ethics world religions religion and science faith and reason and church history Reared in Costa Rica the son of missionary parents Dr Vande Kappelle describes his journey from belief to faith as a transition from precritical to postcritical understanding from evangelical Christianity to what he calls alternative orthodoxy Narrating the shift from first to second half of life experience he introduces readers to core principles that shaped his values thinking and way of life Useful for individual or group study Adventures in Spirituality encourages readers to take risks with their lives and faith affirming that this is how one grows spiritually     Oprah Theology George B. Davis,2023-05-25 Oprah Winfrey is one the most influential people of our time Her extraordinary gift for connecting with people combined with her ever expanding empire is extending her sphere of influence significantly For millions Oprah is perceived as the most credible source of information concerning just about anything However more than anything else Oprah uses her elevated celebrity status to expound upon her deep rooted spiritual beliefs to millions of unsuspecting viewers many who claim to be Christian In Oprah Theology author George B Davis tells how the media maven aggressively and effectively integrates and sells her brand of New Spirituality through her speaking engagements her book club her magazine her radio network her television show and now her television network Davis takes an exhaustive look at Winfrey s claim that the core principles of her New Spirituality are based in biblical principles Oprah Theology gives readers insight into the woman who overcame extraordinary adversity to become a media mogul Oprah Theology also offers a unique look at how she has influenced modern day religion a look that suggests things may not be as they seem
