Women and Microfinance in the Global South Lynn Horton, 2018 Women and Microfinance in the Global South is a grounded exploration of the intersections of neoliberal ideology and feminism

A World Ignited Martin Tolchin, Susan J. Tolchin, 2007-10-30 War Torture Humiliation Exploitation Fear Futility The daily news is bleak And it is not reserved to just one corner of the globe World wide we are bombarded with graphic emotionally laden examples of inhumanity These challenges to peace and freedom have become so commonplace that public and government responses are sedate or self righteous Meanwhile in more malevolent countries manipulative politicians and sadistic terrorists have become skilled at exploiting this state of affairs And we ignore it at our own peril A World Ignited is about the surge of hatred that has swept the world in the last decade its myriad causes its toll in lives and human misery This condition is amplified by modern communications technology especially television and the Internet and made more lethal by modern weaponry including assault rifles and rocket launchers and unprecedented tactics that strive for mass death and anguish Anger is fed by economic disparities religious and cultural wars that go back centuries and deep seated feelings of defeat and humiliation The book takes aim at the Bush administration for its penchant for provocative and unilateral policies that have inspired unprecedented waves of anti Americanism but it also breaks new ground on both Bush's unsung role in combating worldwide anti-Semitism and the role of the United States as the fount of hate on the Internet The authors conclude this important and timely book in a positive manner with a look at the politics of hope and what can be done to halt and even reverse this cacophony of hate

From Knowledge Management To Strategic Competence: Measuring

Technological, Market And Organizational Innovation Joe Tidd,G Turner,Dan Riff,P Patel,Francis Narin,Richard Lamming,Peter Hiscocks,Richard Hall,D Griffiths,Ciaran Driver,T Clayton,Max Boisot,John Bessant,Pervaiz K Ahmend,Zaizi Mohamed,2000-04-18 Latest Edition From Knowledge Management to Strategic Competence Assessing Technological Market and Organisational Innovation 3rd Edition The business and academic communities pay much interest to the concept of knowledge management and strategic competencies or core capabilities that is how organizations define and differentiate themselves This book attempts to establish the links between strategic competencies knowledge management organizational learning and innovation management specifically how an organization identifies assesses and exploits its competencies and translates these into new processes products and services The contributors to the book include leading researchers and consultants in the field Adopting a practical but rigorous approach to the subject they focus on the measurement management and improvement of organizational technological and market competencies and identify the relationships with strategic operational and financial performance

Al-Qaida in Afghanistan Anne Stenersen,2017-07-26 Since 9 11 al Qaida has become one of the most infamous and widely discussed terrorist organizations in the world with affiliates spread across the globe However little known are the group s activities within Afghanistan itself something which Anne Stenersen examines in this book Using an array of unique primary sources she presents an alternative narrative of al Qaida s goals and strategies prior to 9 11 She argues that al Qaida s actions were not just an ideological expression of religious fanaticism and violent anti Americanism but that they were actually far more practical and organised with a more revolutionary and Middle Eastern focused agenda than previously thought Through Stenersen s analysis we see how al Qaida employed a dual strategy with a small section focused on staging international terrorist attacks but at the same time a larger part dedicated to building a resilient and cohesive organization that would ultimately serve as a vanguard for future Islamist revolutions

The Wiley Blackwell Companion to Comparative Theology Axel M. Oaks Takacs,Joseph L. Kimmel,2023-09-12 An incisive and original collection of the most engaging issues in contemporary comparative theology In The Wiley Blackwell Companion to Comparative Theology a team of distinguished scholars delivers a one of a kind collection of essays on comparative theology Honoring the groundbreaking work of Francis X Clooney S J whose contributions to theology and religion will endure for generations the included works explore seven key subjects in comparative theology including its theory method history influential contemporary developments and potentially fruitful avenues for future discussion The editors provide essays that reflect on the critical theoretical and methodological aspects of comparative theology as well as constructive and critical appraisals of Francis Clooney s scholarship Over forty original contributions from internationally recognized scholars and
