Roland Pfau, Asli Göksel, Jana Hosemann, 2021-01-18 Sign languages are non written languages Given that the use of digital media and video recordings in documenting sign languages started only some 30 years ago the life stories of Deaf elderly signers born in the 1930s 1940s have except for a few scattered fragments in film not been documented and are therefore under serious threat of being lost The chapters compiled in this volume document important aspects of past and present experiences of elderly Deaf signers across Europe as well as in Israel and the United States Issues addressed include i historical events and how they were experienced by Deaf people ii issues of identity and independence iii aspects of language change iv experiences of suppression and discrimination The stories shared by elderly signers reveal intriguing yet hidden aspects of Deaf life On the negative side these include experiences of the Deaf in Nazi Germany and occupied countries and

harsh practices in educational settings to name a few On the positive side there are stories of resilience and vivid memories of school years and social and professional life In this way the volume contributes in a significant way to the preservation of the cultural and linguistic heritage of Deaf communities and sheds light on lesser known aspects against an otherwise familiar background This publication has been made possible within the SIGN HUB project which has received funding from the European Union s Horizon 2020 research and innovation programme

Counseling Diversity in Context Jason Brown, 2017-03-08 Wellness is an important goal of counseling work but the limits of promoting it are reached more quickly for individuals living in disadvantaged circumstances How then can counselors be effective in a context that produces and reproduces structural inequality In *Counseling Diversity in Context* Jason Brown addresses this question exploring the possibilities and limitations of counseling as well as the forces that help and hinder communities while demonstrating the need for alternatives to mainstream psychological approaches Divided into two parts the book provides a structural understanding of the context in which cross cultural counseling takes place and a model informed by intersectional analysis to support counselors in playing a more activist role in helping to change that context Brown encourages counselors to not only understand the social problems that contribute to personal challenges faced by clients but to also raise awareness and promote change

Culturally Alert Counseling Garrett J. McAuliffe and Associates, 2019-11-15 *Culturally Alert Counseling* A Comprehensive Introduction is a reader friendly introduction to the cultural dimensions of counseling and psychotherapy Editor Garrett McAuliffe along with international experts in their fields provides an accessible presentation of culturally alert counseling techniques that broadens the discussion of culture from ethnicity and race to include social class religion gender and sexual orientation Culture is defined broadly in the text which features a mindful exploration of seven ethnic groupings inclusive of all people within dominant and non dominant cultural groups The extensively revised Third Edition includes two new chapters on counseling immigrants and refugees and counseling military populations exposing students to complex cultural developments With the help of this text readers will leave informed and ready to begin practice equipped with both a vision of the work and practical skills for effectively implementing it
