Wait for Morning Nicole Edwards, 2015-04-07 Trace Kogan will go to any length to protect those who need protecting That is the business he is in the business his father Casper Kogan started with Bryce Trexler more than thirty five years ago Trace spends day and night eliminating threats to clients so when the danger hits too close to home he won't let anything come between him and the woman who desperately needs his help His only fear the physical reaction he has to Marissa may pose a bigger danger to them both than the ghost that they find themselves up against Marissa Trexler has spent the last twelve months of her life in hiding tucked away in one safe house after another for her own protection The threat to her is real even if the reason is still unknown Strangely whoever is after her seems to find her no matter where she goes leading her family to believe it's an inside job So when the decision is made that Trace will provide personal protection she can't say no even if being close to him adds another level of danger and this one is to her heart

Wasted Years, Wasted Lives, Volume 2 Ken Wharton, 2014-08-19 Volume 2 does what it says on the can it continues from where the first volume left off It looks at the bloody years of 1978 and 1979 It covers eyewitness accounts from soldiers on the ground and there is the occasional comment from civilians who were living in the troubled province at the time There are accounts from the IRA atrocity at the la Mon Restaurant when the terrorists used a napalm like device to incinerate 12 innocent civilians it includes the murder of Lord Mountbatten hero of Burma and some of his family and staff on his yacht in Co Sligo It also covers the worst tragedy for the Army in Ulster the murder of 18 soldiers at Warrenpoint Every single troubles related death and every major incident is covered and includes those soldiers who died in non battle incidents the ones who are not included in the official figures The

book pulls no punches and the author is outspoken in his criticism of the Irish American community and their incredibly naive support of the Republican terrorists who almost destroyed an entire country The author condemns in equal measure the paramilitaries of both sides and considers the evil activities of Lenny Murphy and the Shankill Butchers as bad as anything which the Provisional IRA or INLA did The book looks at individual incidents and tries to examine the terrorist mindset and their motives for the atrocities which they carried out in the name of their communities It supports the security forces unequivocally but renders criticism where appropriate The book examines the role of the young soldiers from Leeds Liverpool Manchester indeed from every part of the UK from which these young men came It looks at foot patrols riot control and the daily fear and threat under which they operated for their four month or two year tours Read carefully the words of an Irish American who clearly is contemptuous of the way her fellow Americans almost sleepwalked into supporting the IRA from afar with the dollars which they placed so willingly into the NORAD collection jars The level of detail and research the author goes into is phenomenal and demonstrates his commitment to continue telling the story of one of Britain's forgotten wars

New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for
itself as the trusted resource for readers across the country With award winning writing and photography covering
everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its
audience the energy and excitement of the city itself while celebrating New York as both a place and an idea *Hit List*
Richard Belzer,David Wayne,2016-06-07 Richard Belzer and David Wayne are back to set the record straight after Dead
Wrong this time they re going to uncover the truth about the many witness deaths tied to the JFK assassination For decades
government pundits have dismissed these coincidental deaths even regarding them as myths as urban legends Like most
people Richard and David were initially unsure about what to make of these coincidences After all events don t consult the
odds prior to happening they simply happen Then someone comes along later and figures out what the odds of it happening
were Some of the deaths seemed purely coincidental heart attacks hunting accidents Others clearly seemed noteworthy
witnesses who did seem to know something and did seem to die mysteriously Hit List is a fair examination of the evidence of
each case leading to necessarily different conclusions The findings were absolutely staggering as some cases were clearly
linked to a clean up operation after the murder of President Kennedy while others were the result of other forces The
impeccable research and writing of Richard Belzer and David Wayne show that if the government is trying to hide anything
they re the duo who will uncover it
