The Alphabet Code Carl England, 2023-05-15 Seven years earlier Holly and Mark had been members of a covert military team After one disastrous mission they learned that quitting the team might not be an option Their leader had recruited Holly's husband Tim to ensure that the mission's failure remained a secret Fortunately Mark and Holly had survived his attempt to ensure their silence

Holly had demanded a divorce Seven years after the divorce Tim was still stalking Holly With her new identity Holly had believed that she was safe but Tim had almost unlimited resources at his disposal Kidnapped and locked in total darkness Holly is subjected to daily visits from her ex husband Tim will only feed Holly if she agrees to talk to him to listen to him And he insists that he will MAKE her love him again Will she be rescued Can she escape Will she die in captivity Or will Tim actually force Holly to love him **Baker's Plays** ,2008 Space Pioneer Mack Reynolds,2011-09-29 New Arizona a lush virgin planet teeming with rich vegetation and a vast hoard of mineral wealth A company had been formed to colonise and exploit it and the spaceship Titov set out with the Board of Directors and two thousand colonists And shortly after the trip had begun the trouble started The Board of Directors was only interested in the vast profits that could be made by stripping the planet of its natural resources which could be sold to the highest bidder Not for them the gradual establishment of a pioneer community of farmlands and villages The Colonists had given up everything by leaving Earth and they wanted a new planet where they could work prosper and establish a new and better way of life They were determined to thwart the directors by any means they could find And after landing on New Arizona someone smashes the radio and sabotages the life craft Now the balance is more even but when a real crisis erupts it seems as if neither side will be alive to win Space Visitor Mack Reynolds,2020-01-30 Dreams of lasting peace are shattered by one momentous discovery One of the members of an international team of scientists stationed on the moon has found an alien spacecraft with all its incredible technology and weaponry intact The discovery shatters the illusion of peace on Earth as each nation joins the mad scramble to learn the terrible secrets entombed by alien visitors eons before Only one thing prevents total war Werner Brecht the discoverer of the vehicle is the only one who knows its location and he has disappeared into thin air
