**Chemistry of Human Nature** Tom Husband, 2020-08-28 Why does chocolate taste so good Why do we seek the one How do traits such as intelligence creativity and violence arise and what purpose do they serve This book links these characteristics to the origins of life showing that the conditions necessary to bring life into existence echo through our modern day behaviour The chemistry of the body is not only fascinating but also highly relevant to everyone since we are all concerned with maximising our health and enjoyment of life Currently there are not many popular science books concerned with biochemistry One reason for this might be the particularly complex nature of the science involved This book starts with the fundamentals and then works towards a deeper understanding of the chemistry of human nature Essential reading for anyone with an interest in this science and written at a level accessible to experts and non experts alike

**Evil Twins** John Glatt, 1999-05-15 They give a whole new meaning to the phrase Dead Ringers Identical twins with the exact same genetic information are a fascinating study in human behavior It is a known fact that when separated at birth they will often end up with very similar lives without ever having met one another So it seems to follow that if one twin turns out to be a bad seed the other will also go to the dark side the shocking stories in Evil Twins prove this to be the case time and time again And even more astounding are stories of twins turning upon each other in furious rivalries that may date back to the womb Here is just a sampling of the compelling true stories about evil twins Sins of the mothers Harvard educated chemical engineer Jane Hopkins stabbed her two young children to death before killing herself six years after her twin sister Jean had tried to poison her own two children My brother s killer Identical twins Jeff and Greg Henry were close as brothers could be inventing their own language and often

exchanging identities But they grew up to become violent alcoholics and on one fateful binge Jeff turned on his own twin brother and shot him in the heart with a shotgun Loathsome Lotharios Handsome charming twin brothers George and Stefan Spitzer went to Hollywood to become famous actors But their movie star good looks never landed them any parts except in the lurid home movies they shot of themselves raping the unconscious women they doped up on Roofies Evil twins Double the deadliness with eight pages of shocking photos      **Poison Apples** Nancy Means Wright,2010-09-14 Catastrophe hits a Vermont apple orchard a plague of maggots a spray of RoundUp hate calls from a local cult poisoned fruit that kills a Jamaican picker and a young girl in a risky relationship Dairy farmer Ruth Willmarth rushes to help only to watch the troubles pile up on her own doorstep Wright doesn't put a foot wrong in this well wrought mystery The Boston Globe Mystery by Nancy Means Wright originally published by St Martins Minotaur      **Post Everything** Luke Haines,2011-07-07 In Post Everything Luke Haines demonstrates that the only way to survive the tyrannical scourge of Britpop is to become an Outsider The avant garde Arthur Scargill calls upon the nation's pop stars to down tools and go on strike We learn the story of Haines post Britpop art house trio Black Box Recorder Chas and Dave with a chanteuse we meet a talking cat two dead rappers Notorious B I G and Tupac Shakur and a mystical England football manager Haines even finds time to write a musical for the National Theatre Blisteringly funny and searingly scathing Post Everything may quite possibly be the first and only truly surreal comic rock memoir It even contains a killer recipe for scrambled eggs      **Signifying Bodies** G.
