Saps Security Guard Vacancies In State:

Private Security in Africa Doctor Paul Higate, Mats Utas, 2017-06-15 Across Africa growing economic inequality instability and urbanization have led to the rapid spread of private security providers While these PSPs have already had a significant impact on African societies their impact has so far received little in the way of comprehensive analysis Drawing on a wide range of disciplinary approaches and encompassing anthropology sociology and political science *Private Security in Africa* offers unique insight into the lives and experiences of security providers and those affected by them as well as into the fragile state context which has allowed them to thrive Featuring original empirical research and case studies ranging from private policing in South Africa to the recruitment of Sierra Leoneans for private security work in Iraq the book considers the full implications of PSPs for security and the state not only for Africa but for the world as a whole

Informal and Formal Social Protection Systems in Sub-Saharan Africa Melese Getu, Stephen Devereux, 2013 Addressing several themes in the social protection literature this book makes an original and important contribution to the rapidly growing body of literature on social protection in sub Saharan Africa Some of the themes are relatively neglected or under researched while some others are not usually conceptualised as social protection These themes are organized around the major issues informal social protection urban social protection social protection and physical security social protection in unstable contexts climate change pastoralism and gender Back cover

Police Behavior, Hiring, and Crime Fighting John A. Eterno, Ben Stickle, Diana Scharff Peterson, Dilip K. Das, 2021-09-27 This edited collection by internationally recognized authors provides essays on police behavior in the categories of police administration police operations and combating specific crimes Individual chapters strike at critical issues for police today such as maintaining the well being of officers handling stress hiring practices child sexual exploitation gunrunning crime prevention strategies police legitimacy and much more Understanding how police are hired and behave is a way of understanding different governments around the world The book will cover the practices of countries as diverse as China Germany India Japan Turkey South Africa the United States and others Readers will be exposed to aspects of police that are rarely if ever explored The book is intended for a wide range of audiences including law enforcement and community leaders and students of criminal justice

Police in Africa Jan Beek, Mirco Göpfert, Olly Owen, Johnny Steinberg, 2017-08-15 Often overlooked by journalists and scholars the police forces of the African continents are a significant and little studied phenomenon This book seeks to redress that lacuna The studies span the continent from South Africa to Sierra Leone keeping a strong ethnographic focus on police officers and their work

Police Work and Identity Andrew Faull, 2017-09-07 This is a book about the men and women who police contemporary South Africa Drawing on rich original ethnographical data it considers how officers make sense of their jobs and how they find meaning in their duties It demonstrates that the dynamics that lead to police abuses and scandals in transitional and neo liberalising regimes such as South Africa can be traced to the day to day experiences and ambitions of the average police

officer It is about the stories they tell themselves about themselves and their social worlds and how these shape the order they produce through their work By focusing on police officers this book positions the individual in primacy over the organisation asking what policing looks like when motivated by the pursuit of ontological security in precarious contexts It acknowledges but downplays the importance of police culture in determining officers attitudes and behaviour and reminds readers that most officers lives are entangled in and shaped by a range of social political and cultural forces It suggests that a job in the South African Police Service SAPS is primarily just that a job Most officers join the organisation after other dreams have slipped beyond reach their presence in the Service being almost accidental But once employed they re write their self narratives and enact carefully choreographed performances to ease managerial and public pressure and to rationalize their coercive practices In an era where evidence and what works reigns supreme and where cop culture is often deemed a primary socializing force this book emphasises how officers personal histories ambitions and vulnerabilities remain central to how policing unfolds on the street Unshackling the Crime Fighters Martin Schönteich,1999 **Better**

Choices Greg Mills,Mcebisi Jonas,Haroon Bhorat,Ray Hartley,2022-04-01 A must read accessible and skilful account of South Africa s socio economic challenges policy and governance choices THEMBA MASEKO All the numbers on South Africa s crisis dashboard are blinking red The economy is failing to grow and more and more young people find themselves on the outside looking in as education falters and jobs disappear Energy and transport are in crisis Governance is floundering as debt mounts and government runs out of money Better Choices is a collection by South Africa s top thinkers on the political economy providing an unflinching account of the myriad challenges the country faces The picture that emerges is of a nation on the brink of a catastrophic slide into failure unless better if tough policy choices are made As stark as these problems are their solutions are tantalisingly close at hand The chapters in this book outline exactly the solutions those better choices that need to be made by leadership to alter the country s bleak trajectory South Africa cannot talk its way out of trouble Key to success is removing the sources of friction the red tape over regulation and rents that slow down investment This is only possible if a more effective focused government acts decisively Compiled by The Brenthurst Foundation Africa s leading think tank on economic development Better Choices is for those who want to build a positive inclusive future for South Africa

Zuma Exposed Adriaan Basson,2012-11-15 This is the book President Jacob Zuma does not want you to read From Shaik to The Spear award winning investigative journalist Adriaan Basson reveals the truth behind Jacob Zuma s presidency of the ANC and South Africa From one bad decision to another this explosive roller coaster account traces the unravelling of a likeable but deeply flawed leader who came to power as victim not visionary Basson forensically unpacks the charges against Zuma and reveals a president whose first priority is to serve and protect his own rather than the 50 million people he was elected to lead To be published on the eve of the ANC elective conference in Mangaung this is essential reading for any South African who cares about the country they live in **Diepsloot** Anton Harber,2011-05-03 In a little more than a decade

Diepsloot has transformed from a semi rural expanse to a dense seething settlement of about 200 000 people A post apartheid creation lying to the north of Johannesburg Diepsloot is talked about as a place of fear vigilante justice xenophobic violence and a haven for criminals and undocumented foreigners Respected journalist Anton Harber spent several months there meeting the people drinking in the taverns and probing the bitter local political battles He patrolled with volunteer crime fighters at night He spoke to politicians church members and artists He interviewed city officials asking them why so little progress was being made in developing Diepsloot He investigated why the much need police station stands unfinished Amidst the poverty violence and chaos he found a bustling place much loved by its inhabitants an active economy with all the associated hustling and trading He found people who when neglected by the state made their own solutions Most of all I learned that if you want to understand where this country is headed you need to listen to the people of Diepsloot Hear what they are saying Take note of their hopes and aspirations You might be surprised Diepsloot is the first study of its kind that seeks to understand change as it is lived on the ground and not as it is talked about in the media and corridors of power Rich with detail and local colour it offers a nuanced examination of life as it is lived despite the State with its half completed police station and the ANC with its internecine warfare JACOB DLAMINI

Corruption, Sustainable Development and Security Challenges in Africa Kempe Ronald Hope, Sr., 2023-09-07 This book sheds light on Africa s development performance and dynamics arising from the interface between corruption and sustainable development on the one hand and the challenges that poses for peace security and stability Corruption also contributes to the spread of terrorism and violent extremism Pervasive corruption networks often include politicians civil servants working at all levels of state institutions representatives of the private sector and members of crime syndicates The consequences of corruption are detrimental in many aspects such as undermining governments ability to serve public interests and eroding public trust in democratic processes Presenting empirical evidence the book explains why corruption and the looting of staggering amounts of national assets undermine the achievement of the Sustainable Development Goals SDGs and has a negative impact on peace stability security the rule of law gender equality the environment and human rights This makes the book a must read for students researchers and scholars of political science international relations and economics in general as well as African studies development studies and security sector studies in particular covering issues and themes on corruption governance socio economic sustainable development public administration and management policing in an international context police reform and security sector reform It will also serve as a helpful resource for policy makers interested in a better understanding of the connection between corruption sustainable development and security challenges in Sub Saharan Africa
