Saps Forms For 2015 And 2016

Gráinne Perkins

Saps Forms For 2015 And 2016:

Danger in Police Culture Gráinne Perkins, 2023-12-11 Through ethnographic research in South Africa this book explores the lived experiences of police navigating danger and death [Policing and Boundaries in a Violent Society](#) Guy Lamb, 2022-01-31 This book explores how social and territorial boundaries have influenced the approaches and practices of the South Africa Police Service SAPS By means of a historical analysis of South Africa this book introduces a new concept police frontierism which illuminates the nature of the relationships between the police policing and boundaries and can potentially be used for future case study research Drawing on a wealth of research this book examines how social and territorial boundaries strongly influenced police practices and behaviour in South Africa and how social delineations amplify and distort existing police prejudices against those communities on the other side of the boundary Focusing on cases of high density police operations public order policing and the recent policing of the COVID 19 lockdown this book argues that poor economic conditions combined with an increased militarisation of the SAPS and a decline in public trust in the police will result in boundaries continuing to fundamentally inform police work in South Africa This book will be of interest to scholars and students interested in policing in post colonial societies characterised by high levels of violence as well as police work and police militarization

Police Work and Identity Andrew Faull, 2017-09-07 This is a book about the men and women who police contemporary South Africa Drawing on rich original ethnographical data it considers how officers make sense of their jobs and how they find meaning in their duties It demonstrates that the dynamics that lead to police abuses and scandals in transitional and neo liberalising regimes such as South Africa can be traced to the day to day experiences and ambitions of the average police officer It is about the stories they tell themselves about themselves and their social worlds and how these shape the order they produce through their work By focusing on police officers this book positions the individual in primacy over the organisation asking what policing looks like when motivated by the pursuit of ontological security in precarious contexts It acknowledges but downplays the importance of police culture in determining officers attitudes and behaviour and reminds readers that most officers lives are entangled in and shaped by a range of social political and cultural forces It suggests that a job in the South African Police Service SAPS is primarily just that a job Most officers join the organisation after other dreams have slipped beyond reach their presence in the Service being almost accidental But once employed they re write their self narratives and enact carefully choreographed performances to ease managerial and public pressure and to rationalize their coercive practices In an era where evidence and what works reigns supreme and where cop culture is often deemed a primary socializing force this book emphasises how officers personal histories ambitions and vulnerabilities remain central to how policing unfolds on the street

Police Integrity in South Africa Sanja Kutnjak Ivkovich, Adri Sauerman, 2020-04-29 Policing in South Africa has gained notoriety through its extensive history of oppressive law enforcement In 1994 as the country s apartheid system was replaced with a democratic order the

new government faced the significant challenge of transforming the South African police force into a democratic police agency the South African Police Service SAPS that would provide unbiased policing to all the country's people More than two decades since the initiation of the reforms it appears that the SAPS has rapidly developed a reputation as a police agency beset by challenges to its integrity This book offers a unique perspective by providing in depth analyses of police integrity in South Africa It is a case study that systematically and empirically explores the contours of police integrity in a young democracy Using the organizational theory of police integrity the book analyzes the complex set of historical legal political social and economic circumstances shaping police integrity A discussion of the theoretical framework is accompanied by the results of a nationwide survey of nearly 900 SAPS officers probing their familiarity with official rules their expectations of discipline within the SAPS and their willingness to report misconduct The book also examines the influence of the respondents race gender and supervisory status on police integrity Written in a clear and direct style this book will appeal to students and scholars of criminology policing sociology political science as well as to police administrators interested in expanding their knowledge about police integrity and enhancing it in their organizations

and feedback literacy impact on student learning outcomes to designing sustainable self assessment interventions The empirical evidence is from a wide range of current scholarship to ensure that the principles and implications conveyed are applicable internationally Policymakers students and scholars in educational assessment educational psychology and teaching and instruction will find the theoretical explorations and empirical investigations contained within useful to show how student self assessment could be better conceptualised researched and practised Science Interrupted Timothy G. McLellan,2024-01-15 Science Interrupted examines how scientists in China pursue environmental sustainability within the constraints of domestic and international bureaucracies Timothy G McLellan offers a theoretical framework for analyzing the formal procedural work of Chinese bureaucracy work that is overlooked when China scholars restrict their gaze to the informal and interpersonal channels through which bureaucracy is often navigated Homing in on an agroforestry research organization in southwest China the author takes the experiences of the organization s staff in navigating diverse international funding regimes and authoritarian state institutions as entry points for understanding the pervasiveness of bureaucracy in contemporary science He asks What if we take the tools sensibilities and practices of bureaucracies seriously not only as objects of critique but as resources for re thinking scientific practice Extending a mode of anthropological research in which ethnography serves as source of theory as well as source of data Science Interrupted thinks with and not only against bureaucracy McLellan shows that ethnographic engagement with bureaucracy enables us to imagine more democratic and more collaborative modes of scientific practice **House documents** ,1889 *Collective Action and Political Transformations* Aurea Mota,2019-04-03 This book acknowledges the severe problems with effective and significant collective action but arrives at a more optimistic diagnosis of our time by rethinking the political from the angle of the experiences with progressive and conservative collective action in different parts of the globe Brazil South Africa and Europe By doing so it contributes a critical perspective to the debate about the possible impact of parts of the Global South for positive social and political developments worldwide **Annotated Basic Documents and Descriptive Directory of International Organizations and Arrangements** Henry G.
