Sex and Borders Leslie Ann Jeffrey, 2002 **The King and the Making of Modern Thailand** Antonio

Rappa, 2017-04-21 The making of modern Thailand is grounded in specific political institutions Brahmanical tropes and sacred Buddhist traditions stylized with Hindu rituals Over and above these mysterious practices and ancient customs modern Thailand is a product of the late Great Rama IX Bhumibol Adulyadej Most Thai people have only known one King Born in Europe and educated during World War II Bhumibol was the son of a Harvard medical doctor who had a penchant for jazz music and fast cars When he returned to Thailand in 1951 to assume his royal duties he could hardly speak Thai but his French and German were remarkable Bhumibol had inherited an impoverished country with nothing but a symbolic role as a figurehead monarch He was surrounded by envious courtiers and royals from other families now sidelined by the rise of the Chakri Scheming generals and authoritarian field marshals were emptying the Kingdom's coffers Using guile and wit Bhumibol had turned the tide by 1973 He became the most powerful modern warlord in the history of the Kingdom He survived attempted murder crafty politicians corrupt generals sycophantic courtiers and impoverished masses When he died on October 13 2016 Bhumibol was already the longest standing monarch in the world King Bhumibol was deeply respected and well liked by farang and locals alike Despite his massive social and economic achievements many problems continue to plague the Kingdom These are prostitution human rights issues pollution corruption cronyism in Chinese businesses border conflicts with Cambodia and the refugee problem This book examines the role of Rama IX and the variegated set of problems that persist in life under the great white elephant and mango trees Rappa draws from his primary research that includes interviews surveys and first hand observations of a remarkable kingdom and a uniquely remarkable king to reveal the internal security threats to democracy and civil society in the oldest Southeast Asian kingdom in late modernity **The**

Finckenauer,2012-09-17 Every year thousands of Chinese women travel to Asia and the United States in order to engage in commercial sex work In Selling Sex Overseas Ko-lin Chin and James Finckenauer challenge the current sex trafficking paradigm that considers all sex workers as victims or sexual slaves and as unwilling participants in the world of commercial sex Bringing to life an on the ground portrait of this usually hidden world Chin and Finckenauer provide a detailed look at all of its participants sex workers pimps agents mommies escort agency owners brothel owners and drivers Ultimately they probe the social economic and political organization of prostitution and sex trafficking contradicting many of the moral crusaders of the human trafficking world **Brokered Subjects** Elizabeth Bernstein,2019-01-01 Brokered Subjects digs deep into the accepted narratives of sex trafficking to reveal the troubling assumptions that have shaped both right and left wing agendas around sexual violence Drawing on years of in depth fieldwork Elizabeth Bernstein sheds light not only on trafficking but also on the broader structures that meld the ostensible pursuit of liberation with contemporary techniques of power Rather than any meaningful commitment to the safety of sex workers Bernstein argues what lies behind our current vision of trafficking victims is a transnational mix of putatively humanitarian militaristic interventions feel good capitalism and what she terms carceral feminism a feminism compatible with police batons NIJ Special Report, Asian Transnational Organized Crime and Its Impact on The United States, January 2007,2007 Asian Transnational Organized Crime and Its Impact on the United States Barry Leonard,2010-11 Assesses the impact of Asian transnational organized crime on the U S while at the same time determining high priority areas for further research and identifying potential research partners and sources of relevant data and info in Asia The aim was thus not to examine the organized crime situation in the region in detail but rather to lay the foundation for a research agenda that would ultimately accomplish this purpose It describes the divergent perceptions of Asian transnational organized crime held by the Asian versus the U S participants and also offers a researcher's perspective It also explains the scope and patterns of Asian organized crime and offers an initial assessment of
