Public Markets And Civic Culture In Nineteenth Century America:

Public Markets and Civic Culture in Nineteenth-Century America Helen Tangires, 2020-03-24 Originally published in 2003 In Public Markets and Civic Culture in Nineteenth Century America Helen Tangires examines the role of the public marketplace social and architectural as a key site in the development of civic culture in America More than simply places for buying and selling food Tangires explains municipally owned and operated markets were the common ground where citizens and government struggled to define the shared values of the community Public markets were vital to civic policy and reflected the profound belief in the moral economy the effort on the part of the municipality to maintain the social and political health of its community by regulating the ethics of trade in the urban marketplace for food Tangires begins with the social architectural and regulatory components of the public market in the early republic when cities embraced this ancient system of urban food distribution By midcentury the legalization of butcher shops in New York City and the incorporation of market house companies in Pennsylvania challenged the system and hastened the deregulation of this public service Some cities demolished their marketing facilities or loosened restrictions on the food trades in an effort to deal with the privatization movement However several decades of experience with dispersed retailers suburban slaughterhouses and food transported by railroad proved disastrous to the public welfare prompting cities and federal agencies to reclaim this urban civic space The Making of Urban America Raymond A. Mohl, Roger Biles, 2023-10-03 The revised and updated third

edition of The Making of Urban America includes seven new articles and a richly detailed historiographical essay that discusses the vast urban history literature added to the canon since the publication of the second edition The authors extensively revised introductions and the fifteen reprinted articles trace urban development from the preindustrial city to the twentieth century city With emphasis on the social economic political commercial and cultural aspects of urban history these essays illustrate the growth and change that created modern day urban life Dynamic topics such as technology immigration and ethnicity suburbanization sunbelt cities urban political history and planning and housing are examined The Making of Urban America is the only reader available that covers all of U S urban history and that also includes the most recent

interpretive scholarship on the subject **The World of Antebellum America** Alexandra Kindell, 2018-09-20 This set provides insight into the lives of ordinary Americans free and enslaved in farms and cities in the North and the South who lived during the years of 1815 to 1860 Throughout the Antebellum Era resonated the theme of change migration urban growth the economy and the growing divide between North and South all led to great changes to which Americans had to respond By gathering the important aspects of antebellum Americans lives into an encyclopedia The World of Antebellum America provides readers with the opportunity to understand how people across America lived and worked what politics meant to them and how they shaped or were shaped by economics Entries on simple topics such as bread and biscuits explore workers need for calories the role of agriculture and gendered divisions of labor while entries on more complex

topics such as aging and death disclose Americans feelings about life itself Collectively the entries pull the reader into the lives of ordinary Americans while section introductions tie together the entries and provide an overarching narrative that primes readers to understand key concepts about antebellum America before delving into Americans lives in detail **Paris on the Potomac** Cynthia R. Field, Isabelle Gournay, Thomas P. Somma, 2013-02-04 In 1910 John Mervin Carr re a Paris trained American architect wrote Learning from Paris made Washington outstanding among American cities The five essays in Paris on the Potomac explore aspects of this influence on the artistic and architectural environment of Washington D C which continued long after the well known contributions of Peter Charles L Enfant the transplanted French military officer who designed the city s plan Isabelle Gournay s introductory essay provides an overview and examines the context and issues involved in three distinct periods of French influence the classical and Enlightenment principles that prevailed from the 1790s through the 1820s the Second Empire style of the 1850s through the 1870s and the Beaux Arts movement of the early twentieth century William C Allen and Thomas P Somma present two case studies Allen on the influence of French architecture especially the Halle aux Bl s on Thomas Jefferson s vision of the U S Capitol and Somma on David d Angers s busts of George Washington and the Marquis de Lafayette Liana Paredes offers a richly detailed examination of French inspired interior decoration in the homes of Washington s elite in the late nineteenth and early twentieth centuries Cynthia R Field concludes the volume with a consideration of the influence of Paris on city planning in Washington D C including the efforts of the McMillan Commission and the later development of the Federal Triangle complex The essays in this collection the latest addition to the series Perspectives on the Art and Architectural History of the United States Capitol originated in a conference held by the U S Capitol Historical Society in 2002 at the French Embassy s Maison Fran aise *The Routledge Companion to the History of Retailing* Jon Stobart, Vicki Howard, 2018-11-08 Retail history is a rich cross disciplinary field that demonstrates the centrality of retailing to many aspects of human experience from the provisioning of everyday goods to the shaping of urban environments from earning a living to the construction of identity Over the last few decades interest in the history of retail has increased greatly spanning centuries extending to all areas of the globe and drawing on a range of disciplinary perspectives By offering an up to date comprehensive thematic spatial and chronological coverage of the history of retailing this Companion goes beyond traditional narratives that are too simplistic and Euro centric and offers a vibrant survey of this field It is divided into four broad sections 1 Contexts 2 Spaces and places 3 People processes and practices and 4 Geographical variations Chapters are written in an analytical and synthetic manner accessible to the general reader as well as challenging for specialists and with an international perspective This volume is an important resource to a wide range of readers including marketing and management specialists historians geographers economists sociologists and urban planners *From Improvement to City Planning* Henry C. Binford, 2021-09-10 Offers a new perspective on early U S urban development showing how city planning movements of the post Civil War period were not just innovations in response to

industrial urbanism but were also profoundly shaped by ideas and experiences of city living in the early republic **New York City** Andrew F. Smith, 2013-11-26 New York City's first food biography showcases all the vibrancy innovation diversity influence and taste of this most celebrated American metropolis Its cuisine has developed as a lively potluck supper where discrete culinary traditions have survived thrived and interacted For almost 400 years New York's culinary influence has been felt in other cities and communities worldwide New York's restaurants such as Delmonico's created and sustained haute cuisine in this country Grocery stores and supermarkets that were launched here became models for national food distribution More cookbooks have been published in New York than in all other American cities combined Foreign and fancy foods including hamburgers pizza hot dogs Waldorf salad and baked Alaska were introduced to Americans through New York's colorful street vendors cooks and restaurateurs As Smith shows here the city's ever changing culinary life continues to fascinate and satiate both natives and visitors alike **Culture after the Hurricanes** M. B. Hackler, 2011-04-29

Contributions by Jay D Edwards Keagan LeJeune Benjamin Morris Jeffrey Schwartz Peter G Stillman Adelaide H Villmoare and W D Wilkerson Rebuilding in Louisiana and Mississippi after Hurricanes Katrina and Rita presented some very thorny issues Certain cultural projects benefited from immediate attention and funding while others with equal cases for assistance but with less attraction to future tourist dollars languished New Orleans and its surroundings contain a diverse mixture of Native Americans African Americans Creoles Cajuns Isleños with roots in the Canary Islands and the descendants of Italian Irish English Croatian and German immigrants among others Since 2005 much is now different for the people of the Gulf Coast and much more stands to change as governments national and international nonprofit organizations churches and community groups determine how and even where life will continue This collection elucidates how this process occurs and seeks to understand the cultures that may be saved through assistance or may be allowed to fade away through neglect Essays in Culture after the Hurricanes examine the ways in which a wide variety of stakeholders community activists elected officials artists and policy administrators describe quantify and understand the unique assets of the region Contributors question the process of cultural planning by analyzing the language employed in decision making They attempt to navigate between rhetoric and the actual experience of ordinary citizens examining the long term implications for those who call the Gulf Coast home **Food and Globalization** Alexander Nuetzenadel, Frank Trentmann, 2008-05-01

Food has a special significance in the expanding field of global history Food markets were the first to become globally integrated linking distant cultures of the world and in no other area have the interactions between global exchange and local cultural practices been as pronounced as in changing food cultures In this wide ranging and fascinating book the authors provide an historical overview of the relationship between food and globalization in the modern world Together the chapters of this book provide a fresh perspective on both global history and food studies As such this book will be of interest to a wide range of students and scholars of history food studies sociology anthropology and globalization **Market Frictions** Kirsten W.

Endres,2019-06-06 Based on ethnographic research conducted over several years Market Frictions examines the tensions and frictions that emerge from the interaction of global market forces urban planning policies and small scale trading activities in the Vietnamese border city of L o Cai Here it is revealed how small scale traders and market vendors experience the marketplace reflect upon their trading activities and negotiate current state policies and regulations It shows how traditional Vietnamese marketplaces have continually been reshaped and adapted to meet the changing political economic circumstances and civilizational ideals of the time
