Pulse Voices From The Heart Of Medicine The First Year:

Pulse Paul R. Gross, 2010-01-01 **Pulse--Voices from the Heart of Medicine: More Voices** Paul Gross, Diane Guernsey, 2012-09-01 Written by patients and doctors nurses and caregivers students and mental health professionals these intimate and beautifully crafted pieces capture the authentic voices of people whose lives have been changed by their health care experiences Back cover In the Shadow of Asclepius - Poems from American Medicine Howard F. Stein, 2011-10 This collection of Howard s poetry is a delight to read His poems speak directly to us They are accessible engaging and most of all truthful Jack Coulehan M D Stony Brook University Medical Center In the poetry itself I appreciate Stein s sense of moral clarity the importance of doing the right thing Why we re here A pervasive element throughout these poems is his great empathy for both doctors and the always suffering sometimes hopeless resentful patients they serve Acronym Johanna Shapiro Ph D Department of Family Medicine University of California Irvine In the Shadow of Asclepius brings together poems written over a forty year career of teaching and living in American medicine as a medical psychoanalytic organizational and applied anthropologist Howard Stein s poems from American medicine are the fruit of careful listening observing and often bearing witness to people s experiences and stories Many poems in this book come from Stein s love of and long familiarity with the culturescapes and landscapes of Oklahoma Through empathy and an inner resonance with the people and situations he evokes Stein shows how poetry can not only contribute to medical humanities and more broadly to the humanities in general but can also hone scientific clinical acumen as well That is poetry can not only enhance self awareness empathy and the doctor patient relationship but it can also improve the diagnostic process the treatment and the clinical outcome This book deserves a wide readership among medical educators practicing physicians professionals in the clinical behavioral sciences and medical humanities patients and their families and all those interested in the lives touched by medicine in the United States **Successful Nurse Communication Revised Reprint** Beth Boynton, 2022-12-12 What will you do if colleagues covertly or overtly break protocols if you need to give constructive feedback if need to ask for help from these colleagues or seek alternative teachers if you need to take the necessary time to follow protocols but more experienced colleagues do not follow them or support you in your efforts Explore all of the critical ways your ability to communicate successfully can positively impact not only nurse client nurse family and colleague colleague relationships but also your ability to make the work environment less stressful and to manage professional and personal challenges even in a world still reeling from the impact of the pandemic Step by step you ll build the essential communication skills you need with an emphasis on developing the emotional intelligence necessary to speak assertively and listen respectfully in the high stakes high pressure environments where nurses work Every nurse needs to read this Well written Every nurse must read this book I was lacking in some essential communication skills and didn t know it until I read this book It s easy to follow The chapters are divided into pertinent information you must know I recommend this book to all of my coworkers Highly recommend

Online Reviewer **Wild Onion Nurse** Judy Schaefer,2018-10-08 The wild onion is an everyday plant but rewardingly flavorsome and beautiful when closely examined hence the choice of Wild Onions as the title of the literary journal for and by Pennsylvania State University College of Medicine students in which nurse and poet Judy Schaefer's work was first published in 1984 In the years since Schaefer has become a key figure both as a nurse poet in her own right and in showcasing poetry and creative writing by other nurses providing insights into the experience of delivering healthcare in a system burdened by cost and regulation Here she selects a quarter of a century of her own poetry first published in Wild Onions a collection which will be essential reading for nurses students and researchers in the medical humanities and all readers with an interest in poetry or healthcare Stories from the Tenth-Floor Clinic Marianna Crane,2025-07-30 Running a clinic for seniors requires a lot more than simply providing medical care In *Stories from the Tenth Floor Clinic* Marianna Crane chases out scam artists and abusive adult children plans a funeral signs her own name to social security checks and butts heads with her staff two spirited older women who are more well intentioned than professional even as she deals with a difficult situation at home where the tempestuous relationship with her own mother is deteriorating further than ever before Eventually however Crane maneuvers her mother out of her household and into an apartment of her own but only after a power struggle and no small amount of guilt and she finally begins to learn from her older staff and her patients how to juggle traditional health care with unconventional actions to meet the complex needs of a frail and underserved elderly population *Personal and Administrative Perspectives from the Communication Discipline during the COVID-19 Pandemic* Jim A. Kuypers,2022-03-14 This book addresses questions about the major impacts of the COVID 19 pandemic on human communication and the ways in which the communication discipline has been impacted by and has responded to the conditions of the pandemic Contributors examine both the personal and the university administrative level to discuss how the pandemic and its lockdowns and transition to online learning among other consequences impacted specific areas of scholarship within the communication discipline Contributors represent a number of sub disciplines and focus on important elements they have witnessed being influenced by pandemic responses bringing to light the unique insights about the pandemic and its effect on human communication their sub discipline affords them They go on to explore how the pandemic has impacted or will impact the teaching of their subject area and provide future suggestions for research in that area Sub disciplines represented include interpersonal communication family communication nonverbal communication health communication military learners communication administrators and instructional communication concerns **The New England Journal of Medicine** ,1880 **Health Humanities in Postgraduate Medical Education** Allan D. Peterkin,Anna Skorzevska,2018-07-27 Arts and humanities education is widespread in undergraduate but almost non-existent in postgraduate medical education where it is arguably more helpful This book fills that gap It covers a wide range of arts and humanities including film theatre narrative visual art history ethics and social sciences It also touches on

interprofessional education research in the medical humanities and fundraising It is not only a hands on guide to creating arts and humanities base programming but provides literature reviews and a theoretical discussion on each topic Each chapter has appendices with lesson plans and resources **Chariton Review 39.1** Truman State University Press,2016-06-30 Chariton Review Spring Summer 2016
