Purpose Universe Metaphysical Ananthropocentric Purposivism:

Purpose in the Universe Tim Mulgan, 2015 *Purpose in the Universe* Tim Mulgan, 2015-10-22 Two familiar worldviews dominate Western philosophy materialist atheism and the benevolent God of the Abrahamic faiths Tim Mulgan explores a third way Ananthropocentric Purposivism claims that there is a cosmic purpose but human beings are irrelevant to it Purpose in the Universe develops a philosophical case for Ananthropocentric Purposivism that it is at least as strong as the case for either theism or atheism The book borrows traditional theist arguments to defend a cosmic purpose These include cosmological teleological ontological meta ethical and mystical arguments It then borrows traditional atheist arguments to reject a human centred purpose These include arguments based on evil diversity and the scale of the universe Mulgan also highlights connections between morality and metaphysics arguing that evaluative premises play a crucial and underappreciated role in metaphysical debates about the existence of God and Ananthropocentric Purposivism mutually supports an austere consequentialist morality based on objective values He concludes that by drawing on a range of secular and religious ethical traditions a non human centred cosmic purpose can ground a distinctive human morality Our moral practices our view of the moral universe and our moral theory are all transformed if we shift from the familiar choice between a universe without meaning and a universe where humans matter to the less self aggrandising thought that while it is about something the universe is not about us *Why? The Purpose of the Universe* Philip Goff, 2023-10-10 Why are we here What s the point of existence On the big questions of meaning and purpose Western thought has been dominated by the dichotomy of traditional religion and secular atheism In this pioneering work Philip Goff argues that it is time to move on from both God and atheism Through an exploration of contemporary cosmology and cutting edge philosophical research on consciousness Goff argues for cosmic purpose the idea that the universe is directed towards certain goals such as the emergence of life In contrast to religious thinkers Goff argues that the traditional God is a bad explanation of cosmic purpose Instead he explores a range of alternative possibilities for accounting for cosmic purpose from the speculation that we live in a computer simulation to the hypothesis that the universe itself is a conscious mind Goff scrutinizes these options with analytical rigour laying the foundations for a new paradigm of philosophical enquiry into the middle ground between God and atheism Ultimately Goff outlines a way of living in hope that cosmic purpose is still unfolding involving political engagement and a non literalist interpretation of traditional religion **Optimism and the Best Possible World** Justin J. Daeley, 2025-03-07 This volume presents original essays on the ideas of philosophical optimism and the best possible world It highlights the historical and philosophical nuances of an idea that remains under treated within the literature despite its long and influential history Optimism broadly the thesis that God does the best or that this is the best possible world is often associated with the philosophy of Gottfried Wilhelm Leibniz However there exists a rich tradition of philosophical optimism not only after Leibniz but before him as well The chapters in this volume address the philosophical nuances of optimism

within the ancient medieval enlightenment modern and contemporary eras They cover a variety of thinkers ranging from Plato Aquinas Rousseau Voltaire Jonathan Edwards the new optimists of 19th century France and the non theistic optimists of the 20th century Optimism and the Best Possible World will be of interest to scholars and advanced students working in philosophy of religion history of philosophy religious history and intellectual history **Hoe word je een stoïcijn?** Massimo Pigliucci, 2017-06-06 Verander je leven door je te concentreren op waar je wel invloed op hebt Hoe word je een stoïcijn Massimo Pigliucci laat zien hoe deze oude filosofie toepasbaar is in het moderne leven Toen Pigliucci de vijftig naderde werd hij overvallen door grote levensvragen en het besef van zijn eigen sterfelijkheid Hij ging zich verdiepen in de praktische filosofie van de stoïcijnen die uitstekend past bij seculiere westerlingen Ze leert je te focussen op wat binnen je macht ligt en zo een zekere gelijkmoedigheid te bereiken Pigliucci combineert een glasheldere uitleg van deze tijdloze filosofie met persoonlijke voorbeelden Ten slotte formuleert hij twaalf leefregels voor de moderne stoïcijn *A Franciscan Theological-Metaphysical Foundation of Emergence* Alessandro Mantini, 2024-11-23 This book proposes a broad synthesis of the state of the art regarding the debate on the phenomenon of Emergence Discussing from a theoretical and a theological perspective it aims to propose a new interpretation according to the theological and metaphysical framework offered by St Bonaventure and the Franciscan school Identifying the main concepts the salient and questions that characterize the phenomenon of Emergence the book employs a complex multilevel and wide ranging analysis between the wisdom of Bonaventuran theology metaphysics and modern scientific and metaphysical knowledge This book is a must read for scholars and academics interested in new sapiential depths to extract and make the new and the ancient interact **The Oxford Handbook of Meaning in Life** Iddo Landau, 2022 Presents the first handbook and scholarly companion to meaning in life Discusses a very wide array of topics in meaning in life research some of which have never been discussed in the philosophical literature until this point Explores among numerous other topics meaning in life and achievement forgiveness gratitude death suicide suffering religion psychology and neuroscience Book jacket **The Question of Life's Meaning** Aribiah David Attoe, 2023-10-05 In answering the question of life's meaning the African perspective is only just beginning to emerge While this is true a critical examination of African theories of meaningfulness the possibility of life's meaninglessness as well as ideas about the proper mode mood for living with the meaninglessness of life are largely underexplored within the African philosophical tradition This book provides several plausible accounts of meaning in of life from an African perspective examines the relationship between death and life's meaningfulness and explores the possibility of life's meaninglessness proposing the philosophy of indifference as the proper mode mood for living with the meaninglessness of life *God, Purpose, and Reality* John Christopher Bishop, Kenneth J. Perszyk, 2023 John Bishop and Ken Perszyk argue that it is reasonable to reject the standard conception of a personal omniGod They present an alternative view euteleology reality is inherently purposive and the universe exists ultimately because its overall end which is the supreme good is made concretely

real within it *Systematic Atheology* John R. Shook, 2017-12-01 Atheology is the intellectual effort to understand atheism defend the reasonableness of unbelief and support nonbelievers in their encounters with religion This book presents a historical overview of the development of atheology from ancient thought to the present day It offers in depth examinations of four distinctive schools of atheological thought rationalist atheology scientific atheology moral atheology and civic atheology John R Shook shows how a familiarity with atheology s complex histories forms and strategies illuminates the contentious features of today s atheist and secularist movements which are just as capable of contesting each other as opposing religion The result is a book that provides a disciplined and philosophically rigorous examination of atheism s intellectual strategies for reasoning with theology *Systematic Atheology* is an important contribution to the philosophy of religion religious studies secular studies and the sociology and psychology of nonreligion
