Digging for History at Old Washington Mary L. Kwas, 2009-02-01 Positioned along the legendary Southwest Trail the town of Washington in Hempstead County in southwest Arkansas was a thriving center of commerce business and county government in the nineteenth century Historical figures such as Davy Crockett and Sam Houston passed through and during the Civil War when the Federal troops occupied Little Rock the Hempstead County Courthouse in Washington served as the seat of state government A prosperous town fully involved in the events and society of the territorial antebellum Civil War and Reconstruction eras Washington became in a way frozen in time by a series of events including two fires a tornado and being bypassed by the railroad in 1874 Now an Arkansas State Park and National Historic Landmark Washington has been studied by the Arkansas Archeological Survey over the past twenty five years Digging for History at Old Washington joins the historical record with archaeological findings such as uncovered construction details evidence of lost buildings and remnants of everyday objects Of particular interest are the homes of Abraham Block a Jewish merchant originally from New Orleans and Simon Sanders from North Carolina who became the town's county clerk The public and private lives of the Block and Sanders families provide a fascinating look at an antebellum town at the height of its prosperity

Books on Early American History and Culture, 1951-1960 Raymond D. Irwin, 2006-01-30 This volume is part of a series of annotated bibliographies on early American history including North America and the Caribbean from 1492 to 1815 It includes monographs reference works exhibition catalogues and essay collections published between 1951 and 1960 which were reviewed in at least one of thirty four historical journals Each entry gives the name of the book its author's or editor's publisher date of publication OCLC number's the Library of Congress call number the Dewey class number the number of times the book has been cited in the journal literature and the number of OCLC member libraries that held the item as of August 2005 Following each detailed citation is a brief summary of the book and a list of journals in which the book has been reviewed This volume contains chapters on general early American history historiography and public history geography and exploration colonization maritime history Native Americans race and slavery gender ethnicity migration labor and class economics and business society families and children rural life and agriculture urban life religion the American Revolution the War of 1812 the Constitution politics and government law crime and punishment diplomacy military ideas literature communication education science and medicine visual arts and material culture and performing arts This volume is part of a series of annotated bibliographies on early American history including North America and the Caribbean from 1492 to 1815 It includes monographs reference works exhibition catalogues and essay collections published between 1951 and 1960 which were reviewed in at least one of thirty four historical journals Each entry gives the name of the book its author's or editor's publisher date of publication OCLC number's the Library of Congress call number the Dewey class number the number of times the book has been cited in the journal literature and the number of OCLC member libraries that held the item as of

The National Magazine; A Monthly Journal of American History, 1888 *Old Southwest to Old South* Mike Bunn, Clay Williams, 2023-02-22 Mississippi's foundational epoch in which the state literally took shape has for too long remained overlooked and shrouded in misunderstanding Yet the years between 1798 when the Mississippi Territory was created and 1840 when the maturing state came into its own as arguably the heart of the antebellum South was one of remarkable transformation Beginning as a Native American homeland subject to contested claims by European colonial powers the state became a thoroughly American entity in the span of little more than a generation In *Old Southwest to Old South* Mississippi 1798 1840 authors Mike Bunn and Clay Williams tell the story of Mississippi's founding era in a sweeping narrative that gives these crucial years the attention they deserve Several key themes addressing how and why the state developed as it did rise to the forefront in the book's pages These include a veritable list of the major issues in Mississippi history a sudden influx of American settlers the harsh saga of Removal the pivotal role of the institution of slavery and the consequences of heavy reliance on cotton production The book bears witness to Mississippi's birth as the twentieth state in the Union and it introduces a cast of colorful characters and events that demand further attention from those interested in the state's past A story of relevance to all Mississippians *Old Southwest to Old South* explains how Mississippi's early development shaped the state and continues to define it today

Old Dominion Industrial Commonwealth Sean Patrick Adams, 2009-12-01 A look at the role of state policies in North South economic divergence and in American industrial development leading up to the Civil War In 1796 famed engineer and architect Benjamin Henry Latrobe toured the coal fields outside Richmond Virginia declaring enthusiastically Such a mine of Wealth exists I believe nowhere else With its abundant and accessible deposits growing industries and network of rivers and ports Virginia stood poised to serve as the center of the young nation's coal trade By the middle of the nineteenth century however Virginia's leadership in the American coal industry had completely unraveled while Pennsylvania at first slow to exploit its

vast reserves of anthracite and bituminous coal had become the country's leading producer Sean Patrick Adams compares the political economies of coal in Virginia and Pennsylvania from the late eighteenth century through the Civil War examining the divergent paths these two states took in developing their ample coal reserves during a critical period of American industrialization In both cases Adams finds state economic policies played a major role Virginia's failure to exploit the rich coal fields in the western part of the state can be traced to the legislature's overriding concern to protect and promote the interests of the agrarian slaveholding elite of eastern Virginia Pennsylvania's more factious legislature enthusiastically embraced a policy of economic growth that resulted in the construction of an extensive transportation network a statewide geological survey and support for private investment in its coal fields Using coal as a barometer of economic change Old Dominion Industrial Commonwealth addresses longstanding questions about North South economic divergence and the role of state government in American industrial development *The Magazine of American History with Notes and Queries* Martha Joanna Lamb, John Austin Stevens, Henry Phelps Johnston, Benjamin Franklin DeCosta, Nathan Gillett Pond, William Abbatt, 2024-08-06 Reprint of the original first published in 1879 Catalog of Copyright Entries Library of Congress. Copyright Office, 1977 **Genealogist's Address Book. 6th Edition** Elizabeth Petty Bentley, 2009-02 This book is the answer to the perennial question What's out there in the world of genealogy What organizations institutions special resources and websites can help me Where do I write or phone or send e mail Once again Elizabeth Bentley's Address Book answers these questions and more Now in its 6th edition The Genealogist's Address Book gives you access to all the key sources of genealogical information providing names addresses phone numbers fax numbers e mail addresses websites names of contact persons and other pertinent information for more than 27 000 organizations including libraries archives societies government agencies vital records offices professional bodies publications research centers and special interest groups Catalogue of Title-entries of Books and Other Articles Entered in the Office of the Librarian of Congress, at Washington, Under the Copyright Law ... Wherein the Copyright Has Been Completed by the Deposit of Two Copies in the Office Library of Congress. Copyright Office, 1961 *An Old Creed for the New South* John David Smith, 2008-02-12 An Old Creed for the New South Proslavery Ideology and Historiography 1865 1918 details the slavery debate from the Civil War through World War I Award winning historian John David Smith argues that African American slavery remained a salient metaphor for how Americans interpreted contemporary race relations decades after the Civil War Smith draws extensively on postwar articles books diaries manuscripts newspapers and speeches to counter the belief that debates over slavery ended with emancipation After the Civil War Americans in both the North and the South continued to debate slavery's merits as a labor legal and educational system and as a mode of racial control The study details how white Southerners continued to tout slavery as beneficial for both races long after Confederate defeat During Reconstruction and after Redemption Southerners continued to refine proslavery ideas while subjecting blacks to new legal extralegal and social controls An Old Creed for the

New South links pre and post Civil War racial thought showing historical continuity and treats the Black Codes and the Jim Crow laws in new ways connecting these important racial and legal themes to intellectual and social history Although many blacks and some whites denounced slavery as the source of the contemporary Negro problem most whites including late nineteenth century historians championed a new proslavery argument The study also traces how historian Ulrich B Phillips and Progressive Era scholars looked at slavery as a golden age of American race relations and shows how a broad range of African Americans including Booker T Washington and W E B Du Bois responded to the proslavery argument Such ideas Smith posits provided a powerful racial creed for the New South This examination of black slavery in the American public mind which includes the arguments of former slaves slaveholders Freedmen s Bureau agents novelists and essayists demonstrates that proslavery ideology dominated racial thought among white southerners and most white northerners in the five decades following the Civil War

When somebody should go to the ebook stores, search introduction by shop, shelf by shelf, it is truly problematic. This is why we offer the book compilations in this website. It will certainly ease you to see guide **Publications American Historical Society Classic** as you such as.

By searching the title, publisher, or authors of guide you in point of fact want, you can discover them rapidly.
