Protestant Theology and Modernity in the Nineteenth-Century Netherlands Arie L. Molendijk, 2021-12-24 This book examines how nineteenth century Dutch Protestant theologians and thinkers met the challenges of the modernizing world around them *Roots of Theological Anti-Semitism (paperback)* Anders Gerdmar, 2008-12-31 As Adolf Hitler strategised his way to power he knew that it was necessary to gain the support of theology and the Church This study begins two hundred years earlier however looking at roots of theological anti Semitism and how Jews and Judaism were constructed positively and negatively in the biblical interpretation of German Protestant theology Following the two main streams of German theology the salvation historical and the Enlightenment oriented traditions it examines leading exegetes from the 1750s to the 1950s and explores how theology legitimises or delegitimises oppression of Jews in part through still prevailing paradigms This is the first comprehensive analysis of its kind and the result of the analysis of the interplay between biblical exegesis and attitudes to Jews and Judaism is a fascinating and often frightening portrait of theology as a servant of power
