Push Episode Origin Jeff Schaefer:

Managing Country Risk in an Age of Globalization Michel Henry Bouchet, Charles A. Fishkin, Amaury Goguel, 2018-08-04
This book provides an up to date guide to managing Country Risk It tackles its various and interlinked dimensions including sovereign risk socio political risk and macroeconomic risk for foreign investors creditors and domestic residents It shows how they are accentuated in the global economy together with new risks such as terrorism systemic risk environmental risk and the rising trend of global volatility and contagion The book also assesses the limited usefulness of traditional yardsticks of Country Risk such as ratings and rankings which at best reflect the market consensus without predictive value and at worst amplify risk aversion and generate crisis contamination This book goes further than comparing a wide range of risk management methods in that it provides operational and forward looking warning signs of Country Risk The combination of the authors academic and market based backgrounds makes the book a useful tool for scholars analysts and practitioners

Psychiatrie, een inleiding + CD-ROM Jeffrey S. Nevid, Spencer A. Rathus, Beverly Greene, 2008 Studietoelichting voor het hoger onderwijs **The Certainty of Uncertainty** Mark Schaefer, 2018-08-23 The world is full of people who are very certain in politics in religion in all manner of things In addition political religious and social organizations are marketing certainty as a cure all to all life s problems But is such certainty possible Or even good The Certainty of Uncertainty explores the question

of certainty by looking at the reasons human beings crave certainty and the religious responses we frequently fashion to help meet that need The book takes an in depth view of religion language our senses our science and our world to explore the inescapable uncertainties they reveal We find that the certainty we crave does not exist As we reflect on the unavoidable uncertainties in our world we come to understand that letting go of certainty is not only necessary it s beneficial For in embracing doubt and uncertainty we find a more meaningful and courageous religious faith a deeper encounter with mystery and a way to build strong relationships across religious and philosophical lines In The Certainty of Uncertainty we see that embracing our belief systems with humility and uncertainty can be transformative for ourselves and for our world **I Am**

Legend as American Myth Amy J. Ransom,2018-07-05 Richard Matheson s 1954 novel I Am Legend has spawned a series of iconic horror and science fiction films including The Last Man on Earth 1964 The Omega Man 1971 and I Am Legend 2007 The compelling narrative of the last man on earth struggling to survive a pandemic that has transformed the rest of humanity into monsters has become an American myth While the core story remains intact filmmakers have transformed the details over time reflecting changing attitudes about race and masculinity This reexamination of Matheson s novel situates the tale of one man s conflicted attitude about killing racialized others within its original post World War II context engaging the question of post traumatic stress disorder The author analyzes the several film adaptations with a focus on the casting and interpretations of protagonist Robert Neville **The Space of Boredom** Bruce O'Neill,2017-03-09 In The Space of Boredom

Bruce O Neill explores how people cast aside by globalism deal with an intractable symptom of downward mobility an unshakeable and immense boredom Focusing on Bucharest Romania where the 2008 financial crisis compounded the failures of the postsocialist state to deliver on the promises of liberalism O Neill shows how the city s homeless are unable to fully participate in a society that is increasingly organized around practices of consumption Without a job to work a home to make or money to spend the homeless who include pensioners abandoned by their families and the state struggle daily with the slow deterioration of their lives O Neill moves between homeless shelters and squatter camps black labor markets and transit stations detailing the lives of men and women who manage boredom by seeking stimulation from conversation and coffee to sex in public restrooms or going to the mall or IKEA Showing how boredom correlates with the downward mobility of Bucharest s homeless O Neill theorizes boredom as an enduring affect of globalization in order to provide a foundation from which to rethink the politics of alienation and displacement **American Twilight** Kristopher Woofert,Will

Dodson,2021-06-01 Tobe Hooper s productions which often trespassed upon the safety of the family unit cast a critical eye toward an America in crisis Often dismissed by scholars and critics as a one hit wonder thanks to his 1974 horror classic The Texas Chain Saw Massacre Hooper nevertheless was instrumental in the development of a robust and deeply political horror genre from the 1960s until his death in 2017 In American Twilight the authors assert that the director was an auteur whose works featured complex monsters and disrupted America s sacrosanct perceptions of prosperity and domestic security

American Twilight focuses on the skepticism toward American institutions and media and the articulation of uncanny spaces so integral to Hooper's vast array of feature and documentary films made for television movies television episodes and music videos From Egg Shells 1969 to Poltergeist 1982 Djinn 2013 and even Billy Idol's music video for Dancing with Myself 1985 Tobe Hooper provided a singular directorial vision that investigated masculine anxiety and subverted the idea of American exceptionalism

Rugs, Guitars, and Fiddling Chris Goertzen, 2022-10-21 What do exotic area rugs handcrafted steel string guitars and fiddling have in common today Many contemporary tradition bearers embrace complexity in form and content They construct objects and performances that draw on the past and evoke nostalgia effectively but also reward close attention In Rugs Guitars and Fiddling Intensification and the Rich Modern Lives of Traditional Arts author Chris Goertzen argues that this entails three types of change that can be grouped under an umbrella term intensification First traditional creativity can be intensified through virtuosity through doing hard things extra fluently Second performances can be intensified through addition by packing increased amounts of traditional materials into the conventionally sized packages Third in intensification through selection artistic impact can grow even if amount of information recedes by emphasizing compelling ideas e.g. crafting a red and black viper poised to strike rather than a pretty duck decoy featuring more colors and contours Rugs handwoven in southern Mexico luthier made guitars and southern US fiddle styles experience parallel changes all absorbing just enough of the complex flavors dynamics and rhythms of modern life to translate inherited folklore into traditions that can be widely celebrated today New mosaics of details and skeins of nuances don't transform craft into esoteric fine art but rather enlist the twists and turns and endless variety of the contemporary world therapeutically helping transform our daily chaos into parades of negotiable jigsaw puzzles Intensification helps make crafts and traditional performances more accessible and understandable and thus more effective bringing past and present closer together helping folk arts continue to perform their magic today
