**Jewish Women in Fin de Siècle Vienna** Alison Rose, 2009-09-15 Despite much study of Viennese culture and Judaism between 1890 and 1914 little research has been done to examine the role of Jewish women in this milieu *Rescuing a lost legacy Jewish Women in Fin de Siècle Vienna* explores the myriad ways in which Jewish women contributed to the development of Viennese culture and participated widely in politics and cultural spheres Areas of exploration include the education and family lives of Viennese Jewish girls and varying degrees of involvement of Jewish women in philanthropy and prayer university life Zionism psychoanalysis and medicine literature and culture Incorporating general studies of Austrian women during this period Alison Rose also presents significant findings regarding stereotypes of Jewish gender and sexuality and the politics of anti-Semitism as well as the impact of German culture feminist dialogues and bourgeois self images As members of two minority groups Viennese Jewish women nonetheless used their involvement in various movements to come to terms with their dual identity during this period of profound social turmoil Breaking new ground in the study of perceptions and realities within a pivotal segment of the Viennese population *Jewish Women in Fin de Siècle Vienna* applies the lens of gender in important new ways

**The Great Escape** Kati Marton, 2006 In this ground breaking book acclaimed author Kati Marton brings to life an unknown chapter of World War II the tale of nine men who grew up in Budapest's brief Golden Age then driven from Hungary by anti-Semitism fled to the West especially to the United States and changed the world These nine men each celebrated for individual achievements were actually part of a unique group who grew up in a time and place that will never come again It is Marton's extraordinary achievement to trace what for a few dazzling years was common to all of them the magic air of Budapest and show how their separate lives and

careers were in fact all shaped by Budapest's lively cafe life before the darkness closed in. Marton follows the astonishing lives of four history-changing scientists all just one step ahead of Hitler's terror state who helped usher in the nuclear age and the computer: Edward Teller, John von Neumann, Leo Szilard and Eugene Wigner; two major movie myth-makers: Michael Curtiz who directed *Casablanca* and Alexander Korda who produced *The Third Man*; two immortal photographers: Robert Capa and Andre Kertesz; and one seminal writer: Arthur Koestler. *Darkness at Noon*. Marton follows these brilliant products of Budapest's Golden Age as they flee fascism in the 1920s and 1930s en route to sanctuary and immortality. As the scientists labor in the secret city of Los Alamos in the race to build the atom bomb, Koestler, once a communist agent imprisoned by Franco, writes the most important anticommunist novel of the century. Capa, the first photographer to go ashore on D Day, later romances Ingrid Bergman and is acknowledged as the world's greatest war photographer before his tragic death in Vietnam. Curtiz not only gives us *Casablanca*, consistently voted the greatest romantic movie ever made, but also discovers Doris Day and directs James Cagney in the quintessential patriotic film *Yankee Doodle Dandy*. Ultimately *The Great Escape* is an American story and an important previously untold chapter of the tumultuous last century. Yet it is also a poignant story in the words of the great historian Fritz Stern: an evocation of genius in exile, an instructive moving delight. An epilogue relates the journey into exile of three members of the next generation of Budapest exiles: financier philanthropist George Soros, Intel founder Andy Grove and 2002 Nobel laureate in literature Imre Kertesz. [Upwave](#) John Montgomery, 2016-02-17

Countering the many claims that the best days of capitalism are over following the economic meltdown of 2008 onwards, this book provocatively argues that a new golden age of capitalism or upwave began around 2002 and despite the unstable markets in the western world of the past few years, this upwave will produce previously unseen levels of wealth creation during the next twenty years. Basing this theory on the commercialisation of new technologies and the growth of new markets, the author claims that these positive trends are key to economic recovery in the US, UK and Europe. It argues that the most serious problem facing some countries in the west is government debt and that macroeconomic policy is of limited use in flexible and adaptive economies where innovation, entrepreneurship and private investment should be encouraged in a range of cities and city regions. This highly original book will interest those concerned with national economies, nation states and urban policy. *Ethics and Humanity* N. Ann Davis, Richard Keshen, Jeff McMahan, 2010-02-10. This book pays tribute to Jonathan Glover, a pioneering figure whose thought and personal influence have had a huge impact on applied philosophy. The papers collected here, written by some of the most distinguished contemporary moral philosophers, reflect the topics to which Glover has contributed. Glover's replies to these papers constitute an important addition to his published work. **God, Faith & Identity from the Ashes** Menachem Z. Rosensaft, 2014-11-10. A powerful life-affirming new perspective on the Holocaust. Almost ninety children and grandchildren of Holocaust survivors, theologians, scholars, spiritual leaders, authors, artists, political and community leaders and media personalities from sixteen countries on six continents reflect on how the

memories transmitted to them have affected their lives Profoundly personal stories explore faith identity and legacy in the aftermath of the Holocaust as well as our role in ensuring that future genocides and similar atrocities never happen again

*Make It a Green Peace!* Frank Zelko,2013-04-03 Make it a Green Peace explores the complex intellectual and cultural roots of Greenpeace tracing the development of the organization from its emergence amidst the various protest movements of the 1950s and 1960s to the end of its volative dramatic and at times quirky first decade in 1980      **Physician-Assisted**

**Suicide and Euthanasia** Sheldon Rubenfeld,Daniel P. Sulmasy,2020-11-03 Unlike Nazi medical experiments euthanasia during the Third Reich is barely studied or taught Often even asking whether euthanasia during the Third Reich is relevant to contemporary debates about physician assisted suicide PAS and euthanasia is dismissed as inflammatory Physician Assisted Suicide and Euthanasia Before During and After the Holocaust explores the history of euthanasia before and during the Third Reich in depth and demonstrate how Nazi physicians incorporated mainstream Western philosophy eugenics population medicine prevention and other medical ideas into their ideology This book reveals that euthanasia was neither forced upon physicians nor wantonly practiced by a few fanatics but widely embraced by Western medicine before being sanctioned by the Nazis Contributors then reflect on the significance of this history for contemporary debates about PAS and euthanasia While they take different views regarding these practices almost all agree that there are continuities between the beliefs that the Nazis used to justify euthanasia and the ideology that undergirds present day PAS and euthanasia This conclusion leads our scholars to argue that the history of Nazi medicine should make society wary about legalizing PAS or euthanasia and urge caution where it has been legalized      **Fragments of a Lost Homeland** Armen T. Marsoobian,2015-03-13 The

Armenian world was shattered by the 1915 genocide Not only were thousands of lives lost but families were displaced and the narrative threads that connected them to their own past and homelands were forever severed Many have been left with only fragments of their family histories a story of survival passed on by a grandparent who made it through the cataclysm or if lucky an old photograph of a distant silent ancestor By contrast the Dildilian family chose to speak Two generations gave voice to their experience in lengthy written memoirs in diaries and letters and most unusually in photographs and drawings Their descendant Armen T Marsoobian uses all these resources to tell their story and in doing so brings to life the pivotal and often violent moments in Armenian and Ottoman history from the massacres of the late nineteenth century to the final expulsions in the 1920s during the Turkish War of Independence Unlike most Armenians the Dildilians were allowed to convert to Islam and stayed behind while their friends colleagues and other family members perished in the death marches of 1915 1916 Their remarkable story is one of survival against the overwhelming odds and survival in the face of peril      **Peter**

**Singer Under Fire** Jeffrey A.
