Pussy Riot A Punk Prayer For Freedom:

Pussy Riot! Pussy Riot, 2013-02-05 Letters from prison songs poems and courtroom statements plus tributes to the punk band that shook the world *Pussy Riot!* Pussy Riot, 2012-09-25 Letters from prison songs poems and courtroom statements plus tributes to the Russian punk band that shook the world On February 21 2012 five members of a Russian feminist punk collective Pussy Riot staged a performance in the Cathedral of Christ the Savior in Moscow Dressed in brightly colored tights and balaclavas they performed their Punk Prayer asking the Virgin Mary to drive out Russian president Vladimir Putin from the church After just forty seconds they were chased out by security Once a retooled video of the events circulated on YouTube edited to seem much longer than the actual performance the state was riled into action Three members of the collective Maria Alyokhina Nadezhda Tolokonnikova and Yekaterina Samutsevich known as Masha Nadya and Katya were arrested and charged with felony hooliganism motivated by religious hatred an offense carrying a sentence of up to seven years As their trial unfolded these young women became global feminist icons garnering the attention and support of activists and artists around the world including Madonna Paul McCartney and Sting as well as contributors to this book Yoko Ono Johanna Fateman Karen Finley Justin Vivian Bond Eileen Myles and JD Samson The Internet exploded with petitions music videos and calls to action and as the guilty verdict was anticipated Pussy Riot responded with articulate unwavering courtroom statements calling for freedom of expression an end to economic and gender oppression and a separation of church and state They were sentenced to two years in prison and inspired a global movement Collected here are the words that roused the world **Women's Emancipation and Civil Society Organisations** Schwabenland, Christina, Lange, Chris, 2016-10-05 Available Open Access under CC BY NC ND licence Women are at the heart of civil society organisations Through them they have achieved many successes challenged oppressive practices at a local and global level and have developed outstanding entrepreneurial activities Yet Civil Service Organisation CSO research tends to ignore considerations of gender and the rich history of activist feminist organisations is rarely examined This collection examines the nexus between the emancipation of women and their roles in these organisations Featuring contrasting studies from a wide range of contributors from different parts of the world it covers emerging issues such as the role of social media in organising the significance of religion in many cultural contexts activism in Eastern Europe and the impact of environmental degradation on women's lives Asking whether involvement in CSOs offers a potential source of emancipation for women or maintains the status quo this anthology will also have an impact on policy and practice in relation to equal opportunities *De nieuwe tsaar* Steven Lee Myers, 2015-11-02 Steven Lee Myers volgde Vladimir Poetin van begin af aan op de voet als correspondent in Moskou voor The New York Times In deze schitterende biografie de eerste complete in de westerse wereld ontrafelt Myers op heldere en evenwichtige wijze hoe Poetin het grootste land op aarde al vijftien jaar lang in zijn greep weet te houden door zijn even meedogenloze als briljante manipulatie van de media door het verdelen van macht rijkdom en invloed over een

kleine groep hondstrouwe jeugdvrienden uit St Petersburg door het genadeloos uitschakelen van elke vorm van oppositie door terug te grijpen op de ideologie van het tsarenrijk en door de Russisch orthodoxe kerk opnieuw tot steunpilaar van de staat te bombarderen Poetin is in Rusland ondanks alle massale protesten mateloos populair niet alleen onder bejaarden met nostalgie naar het communisme maar juist ook onder jongeren Na het bandeloze wildwestkapitalisme de welig tierende misdaad en corruptie de armoedeval en het internationale prestigeverlies die volgden op de ondergang van de Sovjet Unie wist Poetin in de ogen van veel Russen eindelijk orde op zaken te stellen De nieuwe tsaar is een biografische tour de force Myers ziet Poetin als een onberekenbare dictator met achtervolgingswaan die zich nauwelijks nog openstelt voor objectief advies en steeds meer in een isolement raakt Dat hij onder andere in Zwitserland een priv vermogen van naar schatting veertig miljard dollar heeft ondergebracht is in Rusland even geheim als de rest van zijn priv leven waarover slechts bij toeval iets doordringt in de openbaarheid De nieuwe tsaar leest als een spannende roman en is van groot belang voor iedereen die gefascineerd is door het verschijnsel Poetin en tevens voor iedereen die geïnteresseerd is in de toekomst van de wereld en de rol die het nieuwe brutale en agressieve Rusland daarin speelt Steven Lee Myers schrijft al zesentwintig jaar voor The New York Times waarvan zeven jaar als correspondent in Moskou Hij woont in Washington De nieuwe tsaar is een adembenemende rijk gedetailleerde biografie die op allesomvattende bijna shakespeareaanse wijze verklaart waarom Poetin zich gedraagt zoals hij dat doet Robert D Kaplan even eerlijk als confronterend Myers laat blijken zijn onderwerp door en door te kennen Een bijzonder krachtig portret van een angstaanjagend machtige autocraat Kirkus Reviews *I'm Going to Ruin Their Lives* Marc Bennetts, 2016-02-25 In 2012 on the eve of Vladimir Putin's inauguration for a controversial third term as president mass protests ended in violent clashes between demonstrators and the police They ruined my big day now I'm going to ruin their lives Putin was alleged to have said Now Boris Nemtsov is dead other key opposition leaders are either in prison or under house arrest and the Kremlin is using the situation in Ukraine to further its domestic aims encouraging the rise of violent pro Putin groups and labelling protesters national traitors Journalist and long time Moscow resident Marc Bennetts examines how Putin and his shadowy advisers crushed Russia's brave new protest movement Featuring rare interviews with everyone from Nemtsov and other protest leaders to Kremlin insiders Bennetts provides an unprecedented insight into the realities of politics on the ground The result is a brilliant portrayal of the battle for Russia's soul one which continues to this day **Freedom of Expression in Russia's New Mediasphere** Mariëlle Wijermars, Katja Lehtisaari, 2019-11-14 In recent years the Russian government has dramatically expanded its restrictions on the internet while simultaneously consolidating its grip on traditional media The internet however because of its transnational configuration continues to evade comprehensive state control and offers ever new opportunities for disseminating and consuming dissenting opinions Drawing on a wide range of disciplines including media law human rights political science media and cultural studies and the study of religion this book examines the current state of the freedom of speech freedom of

expression and media freedom in Russia focusing on digital media and cross media initiatives that bridge traditional and new media spheres It assesses how the conditions for free speech are influenced by the dynamic development of Russian media including the expansion of digital technologies explores the interaction and transfer of practices formats stylistics and aesthetics between independent and state owned media and discusses how far traditional media co opt strategies developed by and associated with independent media to mask their lack of free expression Overall the book provides a deep and rich understanding of the changing structures and practices of national and transnational Russian media and how they condition the boundaries of freedom of expression in Russia today **The Scandal of the Gospel** Charles L. Campbell, 2021-10-26

Through its shocking incongruities and transgressive forms the grotesque offers an intriguing lens for exploring the scandal of the gospel and the challenges of Christian preaching Drawing on diverse sources from Swedish crime fiction and contemporary poetry to James Cone Harriet Beecher Stowe and Pussy Riot this book will examine the theological homiletical and social implications of a grotesque gospel for contemporary preachers The book focuses on three aspects of preaching and the grotesque 1 the ways in which a grotesque gospel unsettles the preacher and challenges the false patterns that often shape Christian preaching 2 the importance and challenges of resisting the weaponized grotesque which dehumanizes people and furthers the power of dominant groups 3 the incarnate Word as the carnivalesque grotesque body of Jesus which calls the church to become the porous and inclusive body of Christ The Scandal of the Gospel is the written adaptation of Yale Divinity School s Beecher Lectures given by Charles Campbell in 2018 The last chapter Preaching and the Environmental Grotesque is a new addition **Feminism Art Theory** Hilary Robinson, 2015-04-20 Charting over 45 years of feminist debate

on the significance of gender in the making and understanding of art the long anticipated new edition of Feminism Art Theory has been extensively updated and reworked Completely revised retaining only one third of the texts of the earlier edition with all other material being new inclusions Brings together 88 revealing texts from North America Europe and Australasia juxtaposing writings from artists and activists with those of academics Embraces a broad range of threads and perspectives from diverse national and global approaches lesbian and queer theory and postmodernism to education and aesthetics Includes many classic texts but is particularly notable for its inclusion of rare and significant material not reprinted elsewhere Provides a uniquely flexible resource for study and research due to its scale and structure each of the seven sections focuses on a specific area of debate with texts arranged chronologically in order to show how issues and arguments developed over time **Songs of Social Protest** Aileen Dillane, Martin J. Power, Eoin Devereux, Amanda

Haynes, 2018-09-30 Songs of Social Protest is a comprehensive companion guide to music and social protest globally Bringing together scholars from a range of fields it explores a wide range of examples of and contexts for songs and their performance that have been deployed as part of local regional and global social protest movements both in historical and contemporary times Topics covered include Aesthetics Authenticity African American Music Anti capitalism Community Collective

MovementsCounter hegemonic Discourses Critical PedagogyFolk MusicIdentityMemoryPerformancePopular Culture By placing historical approaches alongside cutting edge ethnography philosophical excursions alongside socio political and economic perspectives and cultural context alongside detailed musicological textual and performance analysis Songs of Social Protest offers a dynamic resource for scholars and students exploring song and singing as a form of protest *Law as if Earth Really Mattered* Nicole Rogers,Michelle Maloney,2017-04-21 This book is a collection of judgments drawn from the innovative Wild Law Judgment Project In participating in the Wild Law Judgment Project which was inspired by various feminist judgment projects contributors have creatively reinterpreted judicial decisions from an Earth centred point of view by rewriting existing judgments or creating fictional judgments as wild law Authors have confronted the specific challenges of aligning existing Western legal systems with Thomas Berry s philosophy of Earth jurisprudence through judgment writing and rewriting This book thus opens up judicial decision making and the common law to critical scrutiny from a wild law or Earth centred perspective Based upon ecocentric rather than human centred or anthropocentric principles Earth jurisprudence poses a unique critical challenge to the dominant anthropocentric or human centred focus and orientation of the common law The authors interrogate the anthropocentric and property rights assumptions embedded in existing common law by placing Earth and the greater community of life at the centre of their rewritten and hypothetical judgments Covering areas as diverse as tort law intellectual property law criminal law environmental law administrative law international law native title law and constitutional law this unique collection provides a valuable tool for practitioners and students who are interested in learning more about the emerging ecological jurisprudence movement It helps us to see more clearly what a new system of law might look like one in which Earth really matters
