Science and Technology, Chinese Academy of Social Sciences, National Natural Science Foundation, Chinese Academy of Agricultural Sciences, 2021-01-08 China's e Science Blue Book 2020 has been jointly compiled by the Chinese Academy of Sciences Cyberspace Administration of China Ministry of Education of the PRC Ministry of Science and Technology of the PRC China Association for Science and Technology Chinese Academy of Social Sciences National Natural Science Foundation of China and the Chinese Academy of Agricultural Sciences It was focusing on the new situation new progress and new achievements of China's e Scientific in the past two years During the 13th Five Year Plan period Chinese scholars make full use of advanced information technology to carry out scientific research work and have achieved a series of major scientific and technological achievements This book has collected 28 research reports about China's e Science application in the past two years to introduce the application in the frontier research of science and technology the progress of e Science in major projects and the achievements of informatization in interdisciplinary As such it provides a valuable reference resource for researchers and students in this area and promotes further e Science research *The Chinese Machiavelli* Dennis

Bloodworth, 2017-07-05 Machiavelli drew on 2000 years of history to develop theories on how to make war how to win battles and how to gain power and keep it Using Machiavelli as a springboard Dennis and Ching Ping Bloodworth boldly and adroitly map out 3000 years of Chinese political military history from Confucius to Mao Zedong using Machiavelli's discourse of power politics They reveal a pageantry of Chinese historical figures from wise strategists heroic generals crafty statesmen and ruthless emperors to brave knights errant and from stately Confucian philosophers to shrewd cunning Legalist thinkers without the usual Confucian restraint The Chinese Machiavelli intends to help Western readers who may be puzzled by Chinese diplomatic and military strategy understand the principles that have guided both past and present Chinese leaders For instance why have modern communist Chinese leaders often befriended right wing European politicians who are out of office rather than left wing leaders in power Why did they entertain President Nixon while the United States was at war with North Vietnam Within the framework of a chronological history concentrating on power politics and using the social and cultural scene as a backdrop the Bloodworths use China's long history to find answers Peter Li's preface for this new edition explains the structure of the book and offers a penetrating analysis of the authors style and method Although The Chinese Machiavelli is authored for the general public rather than for the specialist the latter will also benefit from reading this history The authors describe the continuity of Chinese history and reveal how knowledge of China's past sheds light on the political behavior of China's rulers today **The China Year Book** Henry George Wandesforde Woodhead, Henry Thurburn

Montague Bell, 1969 Chinese Lexical Semantics Meichun Liu, Chunyu Kit, Qi Su, 2021-07-25 This book constitutes the thoroughly refereed post workshop proceedings of the 21st Chinese Lexical Semantics Workshop CLSW 2020 held in Hong Kong China in May 2020 Due to COVID 19 the conference was held virtually The 76 full papers included in this volume were carefully reviewed and selected from 233 submissions They are organized in the following topical sections Lexical semantics

and general linguistics AI Big Data and NLP Cognitive Science and experimental studies *Geography Of Technology Transfer In China: A Glocal Network Approach* Chengliang Liu, 2023-12-06 The majority of technology transfer studies done today are derived from Economics and Management Sciences and there are relatively few studies that examine the geographical concerns of technology transfer from a glocal perspective *Geography of Technology Transfer in China* fills the gap by aiming to discover the geographical character of technology transfer and its determinants from the interaction in both global and local scales which involves the study of innovation geography economic geography urban economics and regional economics The chapters included in this book present a clear structure of a series of studies performed both theoretically and empirically The research begins by constructing an analytic framework for urban technology transfer study and abstracts the study target from technological innovation subjects to cities along with establishing the structure system the dimension system and the effect system of urban technology transfer research This then develops an initial conceptual framework for urban technology transfer research In addition it analyses the hierarchy of China's urban technology innovation system and the segmentation of the technology transfer market from the perspective of technology transfer All in all the book aspires to depict the spatial evolution of China's technological innovation system and technology transfer system from a city size perspective thereby realising the spatial scale of technology transfer study
