Revelations Visions Prophecy And Politics In The Of Revelation:

Revelations Elaine Pagels, 2013-02-26 A profound exploration of the Bible's most controversial book from the author of *Beyond Belief* and *The Gnostic Gospels* The strangest book of the New Testament filled with visions of the Rapture the whore of Babylon and apocalyptic writing of the end of times the Book of Revelation has fascinated readers for more than two thousand years but where did it come from And what are the meanings of its surreal images of dragons monsters angels and cosmic war Elaine Pagels New York Times bestselling author and the preeminent voice of biblical scholarship to the American public *The Philadelphia Inquirer* elucidates the true history of this controversial book uncovering its origins and the roots of dissent violence and division in the world's religions Brilliantly weaving scholarship with a deep understanding of the human needs to which religion speaks Pagels has written what may be the masterwork of her unique career

Revelations Elaine Pagels, 2012-03-06 A startling exploration of the history of the most controversial book of the Bible by the bestselling author of *Beyond Belief* Through the bestselling books of Elaine Pagels thousands of readers have come to know and treasure the suppressed biblical texts known as the Gnostic Gospels As one of the world's foremost religion scholars she has been a pioneer in interpreting these books and illuminating their place in the early history of Christianity Her new book however tackles a text that is firmly dramatically within the New Testament canon The Book of Revelation the surreal apocalyptic vision of the end of the world or is it In this startling and timely book Pagels returns The Book of Revelation to its historical origin written as its author John of Patmos took aim at the Roman Empire after what is now known as the Jewish War in 66 CE Militant Jews in Jerusalem fired with religious fervor waged an all out war against Rome's occupation of Judea and their defeat resulted in the desecration of Jerusalem and its Great Temple Pagels persuasively interprets Revelation as a scathing attack on the decadence of Rome Soon after however a new sect known as Christians seized on John's text as a weapon against heresy and infidels of all kinds Jews even Christians who dissented from their increasingly rigid doctrines and hierarchies In a time when global religious violence surges *Revelations* explores how often those in power throughout history have sought to force God's enemies to submit or be killed It is sure to appeal to Pagels's committed readers and bring her a whole new audience who want to understand the roots of dissent violence and division in the world's religions and to appreciate the lasting appeal of this extraordinary text *Het vreemdste Bijbelboek* Elaine Pagels, 2012-06-06 Een van de meest controversiële theologen ooit schreef een diepgravende analyse van het meest onbegrijpelijke Bijbelboek Openbaring van Johannes Het boek Openbaring is 2000 jaar nadat het is geschreven een opmerkelijk en invloedrijk Bijbelboek vol met dromen en visioenen Elaine Pagels onderzoekt in welke historische en politieke context we dit boek het beste kunnen plaatsen Ze bespreekt niet alleen de ontstaansgeschiedenis maar ook de veranderde interpretaties door de eeuwen heen Pagels laat zien dat het vreemdste Bijbelboek in deze turbulente tijd troost en hoop kan bieden Gnosis en gnostiek Bram Moerland, 2014-05-14 Helder en toegankelijk maakt Bram Moerland in *Gnosis en*

gnostiek de betekenis van oude gnostische teksten stap voor stap inzichtelijk De vondst van oude gnostische teksten uit de begintijd van het christendom bracht een schokgolf teweeg Ze waren in de vierde eeuw door de kerk verboden en hadden vernietigd moeten worden Maar monniken van een klooster bij Nag Hammadi verstopten ze in een kruik en begroeven ze Het duurde nog tot 1945 tot ze weer gevonden werden Uit die teruggevonden teksten komen een heel andere Jezus en een heel andere visie op de mens tevoorschijn dan die we kennen uit het kerkelijke christendom Jezus is daar geen wonderen doende god maar een boodschapper die de mens oproept zichzelf te herinneren Mens sta op en herinner jezelf Kern van de gnostische zienswijze is dat in elk mens een innerlijk weten van liefde woont de gnosis Maar die gnosis kan verduisterd raken De gnostiek als spirituele traditie biedt de mens een weg naar de bevrijding van de liefde in hemzelf Met zijn heldere en toegankelijke manier van schrijven maakt Bram Moerland de betekenis van deze teksten stap voor stap duidelijk Hij plaatst ze ook in hun historische context wat hun grote belang nog extra benadrukt Hij laat ook zien waarom deze teksten voor veel hedendaagse christenen die zich niet meer thuis voelen bij oude dogma's een bevrijdend perspectief bieden

What Makes a Church Sacred? Mary Farag, 2021-11-02 If churches belong to no one what is their purpose Mary K Farag persuasively demonstrates that three interest groups cared about this question in late antiquity law makers Christian leaders and wealthy lay persons Most of the time their answers co existed sitting side by side like tectonic plates Yet the plates did not always sit still and it is events on their colliding boundaries that account for familiar Christian controversies in novel ways What Makes a Church Sacred argues that scholarship misunderstands well known religious figures by ignoring the legal issues they faced In this seminal text Farag nuances the scholarly conversations on sacred space gift giving wealth and poverty in the late antique Mediterranean world making use not only of Latin and Greek sources but also Coptic and Arabic evidence

The Bible and Hellenism Thomas L. Thompson, Philippe Wajdenbaum, 2014-09-03 Did the Bible only take its definitive form after Alexander conquered the Near East after the Hellenisation of the Samaritans and Jews and after the founding of the great library of Alexandria The Bible and Hellenism takes up one of the most pressing and controversial questions of Bible Studies today the influence of classical literature on the writing and formation of the Bible Bringing together a wide range of international scholars The Bible and Hellenism explores the striking parallels between biblical and earlier Greek literature and examines the methodological issues raised by such comparative study The book argues that the oral traditions of historical memory are not the key factor in the creation of biblical narrative It demonstrates that Greek texts from such authors as Homer Hesiod Herodotus and Plato must be considered amongst the most important sources for the Bible

Political Realism in Apocalyptic Times Alison McQueen, 2018 From climate change to nuclear war to the rise of demagogic populists our world is shaped by doomsday expectations In this path breaking book Alison McQueen shows why three of history's greatest political realists feared apocalyptic politics Niccol Machiavelli in the midst of Italy's vicious power struggles Thomas Hobbes during England's bloody civil war and Hans Morgenthau at the dawn of the thermonuclear

age all saw the temptation to prophesy the end of days Each engaged in subtle and surprising strategies to oppose apocalypticism from using its own rhetoric to neutralize its worst effects to insisting on a clear eyed tragic acceptance of the human condition Scholarly yet accessible this book is at once an ambitious contribution to the history of political thought and a work that speaks to our times The Mormon Jesus John G. Turner,2016-04-25 For two centuries Jesus has connected the Latter day Saints to broader currents of Christianity even while particular Mormon beliefs have been points of differentiation From the author of the definitive life of Brigham Young comes a biography of the Mormon Jesus that enriches our understanding of The Church of Jesus Christ of Latter day Saints **“The Teaching of These Words”: Intertextuality, Social Identity, and Early Christianity** ,2024-07-15 What does it mean for a group to speak of its identity and in contrast to speak about the other As with all groups early Christian communities underwent a process of identity formation and in this process intertextuality played a role The choice of biblical texts and imageries their reception and adaptation affected how early Christian communities perceived themselves Conversely how they perceived themselves affected which texts they were drawn to and how they read and received them The contributors to this volume examine how early Christian authors used Scripture and related texts and in turn how those texts shaped the identity of their communities Roman Political Thought Jed W. Atkins,2018-04-12 What can the Romans teach us about politics This thematic introduction to Roman political thought shows how the Roman world developed political ideas of lasting significance from the consequential constitutional notions of the separation of powers political legitimacy and individual rights to key concepts in international relations such as imperialism just war theory and cosmopolitanism Jed W Atkins relates these and many other important ideas to Roman republicanism traces their evolution across all major periods of Roman history and describes Christianity s important contributions to their development Using the politics and political thought of the United States as a case study he argues that the relevance of Roman political thought for modern liberal democracies lies in the profound mixture of ideas both familiar and foreign to us that shape and enliven Roman republicanism Accessible to students and non specialists this book provides an invaluable guide to Roman political thought and its enduring legacies
