Steel #1 Shaun Kang,2019-09-03 Based on the legendary Golem legend From exile a guardian Golem of steel is summoned back into battle Enticed by the promise of a place amongst men the Golem heeds the call of the newly ascended Emperor in his campaign to destroy the very Resistance who created and abandoned him Raising his blade against those he once swore to protect the Golem will face his greatest battle yet in a conflict that will test everything he is made of and lead him to discover the difference between weapon and warrior A Caliber Comics release *Vietnam Journal: Series Two - Volume 1:*

Incursion Don Lomax,2019-09-24 Don Lomax s critically acclaimed Vietnam Journal is back with all new tales of Scott Journal Neithammer as he reports on the heartache and headache and the young soldiers on both sides of the Vietnam War This volume takes Journal from late 1969 the Monsoon season to May of 1970 and the beginning of the Cambodian incursion As the war officially spreads into that neighboring country and tests the South Vietnamese Military on their capabilities of

sustaining the war against the North Vietnamese Communists on their own Along the way Journal finds himself caught in the crosshairs of a juvenile sniper and a private war for his own sanity as he is forced to fight a plague of rats at a forward firebase And from a bitter sweet tryst in a back street bar in Saigon to rolling into Cambodia with an untrustworthy cameraman new to his craft the action never stops and questions about Neithammer's career choice continually lay just below the surface Collects issues 1-5 Praise for Vietnam Journal Lomax bases his fictional work on his real experiences in Vietnam in 1966 with powerful results It is Lomax's concern for average soldiers that in the end makes his work significant Publishers Weekly *Comics through Time* M. Keith Booker, 2014-10-28 Focusing especially on American comic books and graphic novels from the 1930s to the present this massive four volume work provides a colorful yet authoritative source on the entire history of the comics medium Comics and graphic novels have recently become big business serving as the inspiration for blockbuster Hollywood movies such as the Iron Man series of films and the hit television drama The Walking Dead But comics have been popular throughout the 20th century despite the significant effects of the restrictions of the Comics Code in place from the 1950s through 1970s which prohibited the depiction of zombies and use of the word horror among many other rules Comics through Time A History of Icons Idols and Ideas provides students and general readers a one stop resource for researching topics genres works and artists of comic books comic strips and graphic novels The comprehensive and broad coverage of this set is organized chronologically by volume Volume 1 covers 1960 and earlier Volume 2 covers 1960-1980 Volume 3 covers 1980-1995 and Volume 4 covers 1995 to the present The chronological divisions give readers a sense of the evolution of comics within the larger contexts of American culture and history The alphabetically arranged entries in each volume address topics such as comics publishing characters imprints genres themes titles artists writers and more While special attention is paid to American comics the entries also include coverage of British Japanese and European comics that have influenced illustrated storytelling of the United States or are of special interest to American readers **Comic Books and American Cultural History** Matthew Pustz, 2012-02-23 A highly original collection of essays demonstrating how comic books can be used as primary sources in the teaching and understanding of American history

H.P. Lovecraft's Worlds - Volume 1: The Lurking Fear and Other Tales H.P. Lovecraft, Steven Philip Jones, 2019-09-05 A chilling collection of four Lovecraft tales adapted by award winning comic writer Steven Philip Jones Lovecraft is considered one of America's most innovative and popular American horror writers The master of the weird tale during the first decades of the 20th Century until his premature death in 1937 Lovecraft's distinctive style and canon of work has influenced many authors Jones takes the classic tales and while remaining true to the source brings them into the modern age which can sometimes make the horror even more terrifying These tales are illustrated by Octavio Cariello who has worked on DC's Green Lantern Deathstroke and Black Lightning comic series The four illustrated stories within this Volume are The Lurking Fear where Arthur Monroe explores a sinkhole where bodies are found savagely torn apart as if by wild animals Beyond the

Wall of Sleep shows that the power of the mind is a mysterious thing and when a researcher finds that he and a criminal patient are somehow linked the effect can go beyond just mysterious The Tomb tells the tale of Jervas Dudley who is convinced ghosts exist and when he visits the site where his ancestors perished 200 years ago he might just find out for sure and The Alchemist for over 600 years the male descendants of the Chabrilane family have all inexplicably perished on their 32nd birthday Now the last Count de Chabrilane is about to turn 32 *Climbing the Dragon's Ladder: The Martyrdom of Perpetua and Felicitas* Andrea Molinari, 2019-08-03 Perpetua born in the 2nd century AD was a martyr a mystic and interestingly enough the first known woman Christian writer She left behind a diary that outlined her personal experiences feelings and visions as she languished in prison awaiting her execution Sometime after her death a Christian eyewitness to these brutal events edited her journal and appended additional relevant materials such as a vision recorded by one of her companions and a blow by blow account of the martyrs final moments in the gladiatorial arena in Carthage AD 203 Here are the events of Perpetua and her companions life and those of the larger historical period that weaves a believable back story of ordinary men and women who are caught up in events that test their faith in God and their commitment to Christianity This is a story of faith under fire of courage in the face of terrible loss and deprivation and of the human will to hope even when things are at their darkest Featuring over 30 illustrations to assist in depicting this story Deadworld Archives: Book Four Gary Reed, 2021-05-01 Long before there was The Walking Dead there was Deadworld Here is one of comics longest running independents as Deadworld has had over 100 issues and graphic novels published and over one million copies sold over the years And it all starts here A supernatural plague has been unleashed on the world The dead return to walk the earth but this is no standard zombie story The dead are just soldiers for those who have crossed the Gateway The lead zombies are intelligent sadistic and in addition to having a hankering for flesh enjoy the tortuous ordeals they put the surviving humans through Now seven wayward teens on a school bus scramble to escape the zombie apocalypse Little did they know that there were also intelligent zombies and they had a plan and they had a leader King Zombie Death becomes very real to the teens as they lose some of their members and their hope that an abandoned riverboat will provide sanctuary proves futile The Deadworld Archives series collects all of the original Deadworld series published by Arrow and Caliber Comics from the 1980 90s into a series of ten graphic novels BOOK FOUR Collecting the original Volume One series of Deadworld issues 15 18 plus the Deadtale features that introduced the Amy character In this book Dan and Joey find themselves in a small town that seemingly is isolated from the zombie menace They adapt to a life of normalcy and the global horror seems to ignore this haven But of course that won't last for long amongst the most essential horror titles of the last twenty years Peter Normanton From the Tomb magazine The best in my humble opinion of the zombie comics Tom Snigowski Buffy the Vampire Slayer This is the original zombie comic and it's easy to see why it's lasted so long World's Heavyweight Comics I can't rave enough about this series Kenneth Gallant Broken Frontier A Caliber Comics release Deadworld

Archives: Book Three Vince Locke, Jack Herman, Gary Reed, 2021-01-12 Before there was The Walking Dead there was Deadworld With over 1 000 000 copies in print and over 100 comic issues and graphic novels of storytelling Deadworld is considered by many to be the godfather of the recent zombie comic book craze Here are all the original Deadworld series collected into a series of Deadworld Archives books In BOOK THREE containing issues 9 14 of the first volume the remaining teens find themselves trapped in the city with both zombies and humans who want to kill them King Zombie leads an attack on the city and the teens see their opportunity for escape But not all of them will make it an intriguing story line and twist on the standard zombie apocalypse Mighty Ink This is a fine zombie comic It s grim about as grim as anything old Kirkman could think up But it s got a lot of different plot lines There are tons of characters to follow and keep track of There are plots a plenty Giaco Furino Fearnnet com A Caliber Comics release
