WALNECK'S CLASSIC CYCLE TRADER, OCTOBER 2001 Causey Enterprises, LLC, Popular Science ,1979-04 Popular Science gives our readers the information and tools to improve their technology and their world The core belief that Popular Science and our readers share The future is going to be better and science and technology are the driving forces that will help make it better *Fair Share* Gary Alan Fine,2023-01-23 A deeply researched ethnographic portrait of progressive senior activists in Chicago who demonstrate how a tiny public wields collective power to advocate for broad social change If you've ever been to a protest or been involved in a movement for social change you have likely experienced a local culture one with slogans jargon and shared commitments Though one might think of a cohort of youthful organizers when imagining protest culture this powerful ethnography from esteemed sociologist Gary Alan Fine explores the world of senior citizens on the front lines of progressive protests While seniors are a notoriously important and historically conservative political cohort the group Fine calls Chicago Seniors Together is a decidedly leftist organization inspired by the model of Saul Alinsky The group advocates for social issues such as affordable housing and healthcare that affect all sectors of society but take on a particular urgency in the lives of seniors Seniors connect and mobilize around their distinct experiences but do so in service of concerns that extend beyond themselves Not only do these seniors experience social issues as seniors but they use their age as a dramatic visual in advocating for political change In *Fair Share* Fine brings readers into the vital world of an overlooked political group describing how a tiny public mobilizes its demands for broad social change In investigating this process he shows that senior citizen activists are particularly savvy about using age to their advantage in social movements After all what could be more attention grabbing than a group of passionate older people determinedly shuffling through snowy streets with canes in wheelchairs and holding walkers to demand healthcare equity risking their own health in the process Popular Mechanics ,1968-04 Popular Mechanics inspires instructs and influences readers to help them master the modern world Whether it's practical DIY home improvement tips gadgets and digital technology information on the newest cars or the latest breakthroughs in science PM is the ultimate guide to our high tech lifestyle Military Review ,2011-07 *The Profession of Arms* ,2011 **Professional Journal of the United States Army** ,2011 **Combined Arms Center (CAC) Research and Publication Index** ,2011 Index to selected publications of the Combined Arms Center *Canadian Books in Print.
