The Last CaveBear: Trapped Shannon VanSlyke,2011-02-28 A great ego is not an indicator of great intelligence Very often it is quite the opposite And very often it is the greatest egos who take control of government business and most aspects of life With great egos often comes aggressiveness and those not inflicted often step aside when the aggressive take over Those who serve out of a sense of duty and a need to help others seem to be in the minority and to them conflict is something to be avoided when possible *Earth's Children Omnibus* Jean M.
