Revisionism Radical Experimentation And Dystopia In Keith Giffens Legion Of Super Heroes:

Revisionism, Radical Experimentation, and Dystopia in Keith Giffen's Legion of Super-Heroes Julian Darius, 2012-11-25

No other run divides Legion of Super Hero fans like Keith Giffen's. To detractors it dismantled everything good about the series. In this short book Dr Julian Darius argues that Giffen's run offered an ambitious and unprecedented response to the growing maturity of super hero comics one that far from trashing Legion history actually respected it. *Theology and the DC Universe* Roshan Abraham, Gabriel Mckee, 2023-05-30 Superman's first appearance in Action Comics 1 1938 proclaimed that the character would reshape the destiny of the world. The advent of the first superhero initiated a shared narrative the DC superhero universe that has been evolving in depth and complexity for more than 80 years. Superman, Batman, and Wonder Woman have become key threads in the tapestry of the American mythos, shaping the way we think about life, right and wrong, and our relationship with our own universe. Their narrative world is enriched by compelling stories featuring lesser known characters like Dr Fate, the Doom Patrol, John Constantine, and the Legion of Super Heroes. Stories set within this shared universe have explored questions of death, rebirth, the apocalypse, the nature of evil, the origins of the universe, and the destiny of humankind. This volume brings together the work of scholars from a range of backgrounds who explore the role of theology and religion in the comics, films, and television series set in the DC Universe. The thoughtful and incisive contributions to this collection will appeal to scholars and fans alike.
