The Wealth, Walk and Warfare of the Christian Ruth Paxson, 2011-11-27 The Author's Note This book does not purport to be an exposition of Ephesians verse by verse or doctrine by doctrine Some rich nuggets out of this vast gold mine will not be dug up at all but left for you to mine for yourself The book will deal with the content of the epistle rather than its contents The message will be distinctly personal for it is written of what one's eyes have seen and ears heard and what has entered into one's own heart of all those wondrous things which God has prepared for them that love Him If this message stimulates you to dig deep and to dwell deep in Ephesians then the most fervent prayer for it will have been answered The message purposely will be practical Our desire is to show the essential order in and connection between the first three chapters which deal with doctrine and the last three which deal with experience We shall see in Ephesians how our wealth is to be manifested in our walk and maintained in our warfare

Bradley,2014-12-18 This book critiques the Rawlsian concepts of justice as fairness and public reason from the perspective of Christian political theory and practice The Rawlsian paradigm has become pervasive in multiple disciplines outside political philosophy and is unconsciously embedded in a great deal of Christian public discourse this calls for a new level of analysis from Christian perspectives This is the first volume to examine Rawls based on Christian principles drawn from theological ethics social thought political theory and practical observation In addition to theoretical perspectives the book connects its critique of Rawls to specific hot topic practical questions in three areas social issues abortion marriage etc economic issues wealth creation poverty programs etc and the increasing difficulty of political compromise and peaceful coexistence in the context of the culture war The book includes some of the leading Christian political theorists in America **The Christian Union** Henry Ward Beecher,1873 *Christianity in Crisis* Westwick Abijah Williams, The nation of Israel as God s Elect looked forward to the coming of the Messiah as the most significant event in its existence It was the acme of the people s hopes Yet when Christ came in fulfilment of that dream He was not recognized by His people and was consequently rejected How could that be The church had so distorted the Truth that it could not see any affinity between the Written Word and the Living Word Jesus declared that the church was worshipping Him in vain because it had replaced the commandments of God with the traditions of men Is it possible that Christianity could be repeating the mistakes of Judaism Christianity in Crisis analyses

this issue from a scriptural perspective and challenges Christendom to a more diligent search for Truth as found in the example and teachings of Christ who was Himself the source and embodiment of ALL TRUTH Are Christians taking too much for granted **Illustrations of the Practical Power of Faith, in a series of popular discourses on part of the eleventh chapter of the Epistle to the Hebrews** Thomas Binney, 1856
