**The Profession of English in the Two-year College** Mark Reynolds, 2005 The 1960s a time of protests and civil rights marches sit ins and speak outs free love rallies and anti establishment Yip ins Yet going largely unnoticed was another powerful revolution the explosive growth of the two year college In The Profession of English in the Two Year College those on the front lines of this movement record how they successfully taught a new kind of student in a re imagined postsecondary institution Those students lived at home worked to make ends meet and were the first in their families to attend college They were Vietnam veterans adults years distant from high school fulltime workers and struggling immigrants To teach them faculty invented new curricula novel instructional methods and innovative teaching materials and in doing so also invented a blueprint for successful two year college English teaching The Profession of English in the Two Year College features essays by major figures including Mark Reynolds Elizabeth Nist Marilyn Smith Layton and William Costanzo concluding with a selective bibliography by Howard Tinberg Featuring essays about curricular innovation ESL the value of professional conferences and the crucial role that two year colleges have played in technological innovation this volume shines a bright light on an institution that has become a mainstay of American higher education

Sentimental Attachments Janet Carey Eldred, 2005 This book was written first and foremost for other writers begins Janet Carey Eldred s extraordinary work of blended genres For Eldred teachers of writing need to experience the art and craft of composing creative nonfiction and essays firsthand exploring multiple perspectives genres styles modes structures and subjects They will be at their best she argues if they enact what they profess Sentimental Attachments opens and closes with important and passionate arguments about why teachers of composition must also be writers of what Eldred calls lived experience At its center however the book offers a series of lyrical evocative exploratory essays that address a range of essential and complex questions How do we compose our personal and professional identities How do we represent our different selves without compromising other parts of our lives and perhaps even more important the lives of others How do we maintain a strong voice in the world without losing sight of other people places histories and ideas Like others who defy the conventional view that we must hold the personal separate from the political or the professional Janet Carey Eldred believes that teachers of writing must compose themselves as they help others to compose We are living drafts in progress she writes and in Sentimental Attachments she models the kinds of composition and revision that make life and the life of writing and teaching meaningful

**The Matthean Parables** Ivor H. Jones, 2014-04-09 The Matthean Parables offers a fresh approach to the origin of Matthew s Gospel It builds on current historical literary rhetorical and sociological studies of Matthew s Gospel to show how the Matthean parables illuminate the structure purpose and theology of that gospel The first part of the book establishes the need for a new attempt to define the

genre of Matthew's Gospel examines what is meant by a parable and summarises the contribution made by the parables to that new attempt. The second part is a thorough exegetical, historical, critical and literary study of all the Matthean parables in the context of the whole gospel and in the light of all the Matthean figurative material. An appendix illustrates the use of syntactical material in defining the character and style of a biblical text. *Arts & Humanities Citation Index*, 2000
