The Oxford Handbook of Religion and Race in American History Kathryn Gin Lum, Paul Harvey, 2018-03-01 The Oxford Handbook of Religion and Race in American History brings together a number of established scholars as well as younger scholars on the rise to provide a scholarly overview for those interested in the role of religion and race in American history Thirty four scholars from the fields of History Religious Studies Sociology Anthropology and more investigate the complex interdependencies of religion and race from pre Columbian origins to the present The volume addresses the religious experience social realities theologies and sociologies of racialized groups in American religious history as well as the ways that religious myths institutions and practices contributed to their racialization Part One begins with a broad introductory survey outlining some of the major terms and explaining the intersections of race and religions in various traditions and cultures across time Part Two provides chronologically arranged accounts of specific historical periods that follow a narrative of religion and race through four plus centuries Taken together The Oxford Handbook of Religion and Race in American History provides a reliable scholarly text and resource to summarize and guide work in this subject and to help make sense of contemporary issues and dilemmas

Practicing Protestants Laurie F. Maffly-Kipp, Leigh E. Schmidt, Mark Valeri, 2006-08-28 This collection of essays explores the significance of practice in understanding American Protestant life The authors are historians of American religion practical theologians and pastors and were the twelve principal researchers in a three year collaborative project sponsored by the Lilly Endowment Profiling practices that range from Puritan devotional writing to twentieth century prayer from missionary tactics to African American ritual performance these essays provide a unique historical perspective on how Protestants have lived their faith within and outside of the church and how practice has formed their identities and beliefs Each chapter focuses on a different practice within a particular social and cultural context The essays explore transformations in American religious culture from Puritan to Evangelical and Enlightenment sensibilities in New England issues of mission nationalism and American empire in the nineteenth and twentieth centuries devotional practices in the flux of modern intellectual predicaments and the claims of late twentieth century liberal Protestant pluralism Breaking new ground in ritual studies and cultural history Practicing Protestants offers a distinctive history of American Protestant practice

The Routledge Handbook of Religion and American Culture Chad E. Seales, 2025-03-31 The Routledge Handbook of Religion and American Culture explains where religion is made in the United States It offers essays profiling cultural sites including energy industry public life music arts and entertainment and life and death These sites organize the volume's 31 chapters demonstrating how cultural religion has been constructed and performed in specific historical and ethnographic case studies This volume offers a much needed resource for Religious Studies scholars and students interested in the study of religion and culture in the United States as well as those in American Studies Anthropology of Religion Sociology of Religion

Material Culture Studies Environmental Studies and History *The Toxic War on Masculinity* Nancy R. Pearcey, 2023-06-27

Why Can't We Hate Men asks a headline in the Washington Post. A trendy hashtag is KillAllMen. Books are sold titled I Hate Men, The End of Men, and Are Men Necessary. How did the idea arise that masculinity is dangerous and destructive? Bestselling author Nancy Pearcey leads you on a fascinating excursion through American history to discover why the script for masculinity turned toxic and how to fix it. Pearcey then turns to surprising findings from sociology. Religion is often cast as a cause of domestic abuse. But research shows that authentically committed Christian men test out as the most loving and engaged husbands and fathers. They have the lowest rates of divorce and domestic violence of any group in America. Yes, domestic abuse is an urgent issue, and Pearcey does not mince words in addressing it. But the sociological facts explode the negative stereotypes and show that Christianity has the power to overcome toxic behavior in men and reconcile the sexes, an unexpected finding that has stood up to rigorous empirical testing.

Saving Faith David Mislin, 2016-02-19

In *Saving Faith*, David Mislin chronicles the transformative historical moment when Americans began to reimagine their nation as one strengthened by the diverse faiths of its peoples. Between 1875 and 1925, liberal Protestant leaders abandoned religious exclusivism and leveraged their considerable cultural influence to push others to do the same. This reorientation came about as an ever-growing group of Americans found their religious faith under attack on social, intellectual, and political fronts. A new generation of outspoken agnostics assailed the very foundation of belief, while noted intellectuals embraced novel spiritual practices and claimed that Protestant Christianity had outlived its usefulness. Faced with these grave challenges, Protestant clergy and their allies realized that the successful defense of religion against secularism required a defense of all religious traditions. They affirmed the social value and, ultimately, the religious truth of Catholicism, Judaism, Hinduism, Buddhism, and Islam. They also came to view doubt and uncertainty as expressions of faith. Ultimately, the reexamination of religious difference paved the way for Protestant elites to reconsider ethnic, racial, and cultural difference. Using the manuscript collections and correspondence of leading American Protestants, as well as the institutional records of various churches and religious organizations, Mislin offers insight into the historical constructions of faith and doubt, the interconnected relationship of secularism and pluralism, and the enormous influence of liberal Protestant thought on the political, cultural, and spiritual values of the twentieth-century United States.
