## **Muslim Politics And Democratisation In Indonesia Annual Indonesia Lecture Series:**

*Muslim Politics and Democratisation in Indonesia* Luthfi Assyauckanie, 2008 In the wake of Indonesia's 2004 elections three eminent Southeast Asian scholars produced this study analyzing the political struggles of post Suharto Indonesia Dr Luthfi Assyauckanie considers the search for an ideal model of polity and focuses on the santri generation which entered the public arena in the 1970s Prof Robert Hefner discusses the influence of informal Muslim politics on Indonesia's formal political process the rise of Islamist paramilitaries and the conservative turn among ulama groups like the Majelis Ulama Indonesia Indonesian Council of Religious Scholars Finally Prof Azyumardi Azra explores the compatibility of an Islamic state and democracy and evaluates the 2004 elections in Indonesia

**Islam and the Secular State in Indonesia** Luthfi Assyauckanie, 2009 This is an excellent book which will have a major impact on the current debate about the relationship between Islam and politics in Indonesia Its greatest strength is its innovative characterization of three Indonesian Muslim models of polity as opposed to the normal two Islamic state and secular state Assyauckanie brilliantly delineates a third model which he calls the Religious Democratic State in the process greatly clarifying our understanding of the previous models which he now proposes to label the Islamic Democratic State and the Liberal Democratic State Another strength of the book is methodological Each of its arguments is solidly grounded in the thoughts and actions of particular players Indonesian Muslim thinkers and activists Professor William R Liddle The Ohio State University USA

**Islam, Women's Sexuality and Patriarchy in Indonesia** Irma Riyani, 2020-11-26 This book explores the intimate marital relationships of Indonesian Muslim married women As well as describing and analysing their sexual relationships the book also investigates how Islam influences discourses of sexuality in Indonesia and in particular how Islamic teachings affect Muslim married women's perceptions and behaviour in their sexual relationships with their husbands Based on extensive original research the book reveals that Muslim women perceive marriage as a social cultural and religious obligation that they need to fulfil that they realise that finding an ideal marriage partner is complicated with some having the opportunity for a long courtship and others barely knowing their partner prior to marriage and that there is a strong tendency with some exceptions for women to consider a sexual relationship in marriage as their duty and their husband's right Religious and cultural discourses justify and support this view and consider refusal a sin dosa or taboo pamali Both discourses emphasise obedience towards husbands in marriage

**Political Islam and Violence in Indonesia** Zachary Abuza, 2006-09-25 Political Islam and Violence in Indonesia presents a penetrating new investigation of religious radicalism in the largest Muslim country in the world Indonesia is a country long known for its diversity and tolerant brand of Islam However since the fall of Suharto a more intolerant form of Islam has been growing one whose adherents have carried out terrorist attacks waged sectarian war and voiced strident anti Western rhetoric Zachary Abuza's unique analysis of radical Islam draws upon primary documents such as Jemaah Islamiyah's operations manual interviews and recorded testimonies of politicians religious figures and known

militants as well as personal interviews with numerous security and intelligence experts in Indonesia and elsewhere to paint a picture at once guardedly optimistic about the future of Indonesian democracy and concerned about the increasing role of conservative and radical Islam in Indonesian society This book will be of great interest to students of Indonesian politics Asian studies political violence and security studies in general      **Party Politics and Democratization in Indonesia** Dirk Tomsa,2008-09-03 This book presents the first sustained analysis of Indonesian party politics in the post New Order era and the first systematic application of the increasingly influential party institutionalization approach to the case of Indonesia

*Islam and Politics in Indonesia* Remy Madinier,2015-08-31 The Masyumi Party which was active in Indonesia from 1945 to 1960 constitutes the boldest attempt to date at reconciling Islam and democracy Masyumi proposed a vision of society and government which was not bound by a literalist application of Islamic doctrine but rather inspired by the values of Islam It set out moderate policies which were both favourable to the West and tolerant towards other religious communities in Indonesia Although the party made significant strides towards the elaboration of a Muslim democracy its achievements were nonetheless precarious it was eventually outlawed in 1960 for having resisted Sukarno s slide towards authoritarianism and the refusal of Suharto s regime to reinstate the party left its leaders disenchanted and marginalised Many of those leaders subsequently turned to a form of Islam known as integralism a radical doctrine echoing certain characteristics of 19th century Catholic integralism which contributed to the advent of Muslim neo fundamentalism in Indonesia This book examines the Masyumi Party from its roots in early 20th century Muslim reformism to its contemporary legacy and offers a perspective on political Islam which provides an alternative to the more widely studied model of Middle Eastern Islam The party s experience teaches us much about the fine line separating a moderate form of Islam open to democracy and a certain degree of secularisation from the sort of religious intransigence which can threaten the country s denominational coexistence

**The Constitution of Indonesia** Simon Butt,Tim Lindsey,2012-08-29 For decades Indonesia s 1945 Constitution the second shortest in the modern world was used as an apologia by successive authoritarian regimes A bare bones text originally intended as a temporary measure it did little beyond establish basic state organs including a powerful presidency It did not offer citizens real guarantees or protections These weaknesses were ruthlessly exploited by the military backed regime that President Soeharto headed from 1966 until his fall in 1998 The first ever amendments to the Constitution which began the following year and were completed in 2002 changed all this Enlarging and rethinking the Constitution they ushered in a liberal democratic system based around human rights an open society and separation of powers These reforms also created a Constitutional Court that has provided Indonesia s first judicial forum for serious debate on the interpretation and application of the Constitution as well as its first significant and easily accessible body of detailed and reasoned judgments Today Indonesian constitutional law is rich sophisticated and complex This book surveys this remarkable constitutional transition assessing the implementation of Indonesia s new constitutional model and identifying its weaknesses

After covering key institutions exercising executive legislative and judicial powers the book focuses on current constitutional debates ranging from human rights to decentralisation religious freedom and control of the economy

**Islam and Citizenship in Indonesia** Robert W. Hefner, 2023-12-19 Islam and Citizenship in Indonesia examines the conditions facilitating democracy women's rights and inclusive citizenship in Indonesia the most populous Muslim majority country and the third largest democracy in the world The book shows that Muslim understandings of Islamic traditions and ethics have coevolved with the understanding and practice of democracy and citizen belonging Following thirty two years of authoritarian rule in 1998 this sprawling Southeast Asian country returned to electoral democracy The achievement brought with it however an upsurge in both the numbers and assertiveness of Islamist militias as well as a sharp increase in violence against religious minorities The resulting mobilizations have pitted the Muslim supporters of an Indonesian variety of inclusive citizenship against populist proponents of Islamist majoritarianism Seen from this historical example the book demonstrates that Muslim actors come to know and practice Islam in a manner not determined in an unchanging way by scriptural commands but in coevolution with broader currents in politics society and citizen belonging By exploring these questions in both an Indonesian and comparative context this book offers important lessons on the challenge of democracy and inclusive citizenship in the Muslim majority world Well written and informative this book will be suitable for adoption in university courses on Islam Southeast Asian Politics Indonesian and Asian studies as well as courses dealing with religion democracy and citizen belonging in multicultural societies around the world The book will be of interest to the general reader with an interest in Islam citizenship and democracy

**Islam and Democracy in Indonesia** Jeremy Menchik, 2016-01-11 This book explains how the leaders of the world's largest Islamic organizations understand tolerance explicating how politics works in a Muslim majority democracy

The Indonesian Presidency Angus McIntyre, 2005-03-11 This pioneering study of the Indonesian presidency significantly redefines our understanding of Indonesian politics from independence to the present Angus McIntyre blends political biography with constitutional history to locate Indonesian leaders within both Indonesian cultural frameworks and the global biographical literature on political leaders
