

Dishwasher Features

Your dishwasher cleans by spraying a mixture of hot water and detergent through the spray arms against soiled surfaces. Each cycle begins with a pre-drain. Next, the dishwasher fills with water covering the filter area. Water is then pumped through the filter and spray arms. Soil particles go down the drain as the water is pumped out and replaced with clean water. The number of water fills will vary with the cycle being used.

The Tangled Web They Weave Ivan L. Preston,1994 Ivan L Preston recognized as a preeminent scholar of the legal dimensions of American advertising has written *The Tangled Web They Weave* for the ordinary consumer as well as for advertisers and trade regulators His frank aim is to demonstrate how advertising can better serve its audience Advertising Preston points out is full of falsity that is quite legal Indeed clever presentation of lies can make advertising entertaining to consumers and Preston provides lively examples and anecdotes of such cases The problem with falsity in advertising he argues is not so much with the bald lie as it is with deception It is in this thicket of implied claims that he shows us the dangers and indicates the need for regulatory adjustment Preston takes us down the slippery slope from the high ground of honest product claims to the unscrupulous bottom of the barrel claims that are wholly false Along the way he documents the subtle misrepresentations half and lesser truths and exploitations of our gullibility that abound in contemporary advertising The cases he describes are sometimes comic and sometimes shocking and infuriating Preston s agenda is not merely to cry Foul He sees advertising as performing not only a legitimate but an important public service It is in all our interests therefore to perfect and not just pillory As he concludes It is the time to see a way to serve society by creating a standard of personal and corporate credibility under which all advertisers regulators and consumers should want to live *Federal Trade Commission Decisions* United States.
