The inspiration behind this book series: Many late nights listening to Coast to Coast AM since the early days of Art Bell, where he'd have many guests on that talked about aliens and underground secret bases, mostly in the southwest USA desert like Area 51, but also bases all over the world like Whitley Strieber, Richard Dolan, Roger Lear, Richard Sauder, and more. Guests spoke about real life bases and also told some fictional stories. Some spoke about both. These books take a sampling of the facts that have been made public about D U M B s and add some imaginative speculation to create a brand new wild fictional ride.
