Coombs, Kenon A. Brown**

Putting Image Repair Test Quantitative:

Race, Gender, and Image Repair Theory Mia Moody-Ramirez, Hazel James Cole, 2018-11-08 Race Gender and Image Restoration Theory How Digital Media Change the Landscape explores themes that are relevant to the socio political landscape of twenty first century America including race and gender representation social media and traditional media framing and image restoration management This book provides a comprehensive discussion of Critical Race Theory CRT and Image Restoration Theory IRT to establish a baseline for a conversation on celebrity image restoration tactics used on social media platforms such as Twitter and Facebook as well as traditional media platforms Case studies offer a broad overview of politics sports and entertainment image management and restoration Recommended for scholars interested in public relations crisis management Image Repair Theory IRT and representations of race and gender in mass media *The Handbook of Applied Communication Research* H. Dan O'Hair, Mary John O'Hair, 2020-04-24 An authoritative survey of different contexts methodologies and theories of applied communication The field of Applied Communication Research ACR has made substantial progress over the past five decades in studying communication problems and in making contributions to help solve them Changes in society human relationships climate and the environment and digital media have presented myriad contexts in which to apply communication theory The Handbook of Applied Communication Research addresses a wide array of contemporary communication issues their research implications in various contexts and the challenges and opportunities for using communication to manage problems This innovative work brings together the diverse perspectives of a team of notable international scholars from across disciplines The Handbook of Applied Communication Research includes discussion and analysis spread across two comprehensive volumes Volume one introduces ACR explores what is possible in the field and examines theoretical perspectives organizational communication risk and crisis communication and media data design and technology The second volume focuses on real world communication topics such as health and education communication legal ethical and policy issues and volunteerism social justice and communication activism Each chapter addresses a specific issue or concern and discusses the choices faced by participants in the communication process This important contribution to communication research Explores how various communication contexts are best approached Addresses balancing scientific findings with social and cultural issues Discusses how and to what extent media can mitigate the effects of adverse events Features original findings from ongoing research programs and original communication models and frameworks Presents the best available research and insights on where current research and best practices should move in the future A major addition to the body of knowledge in the field The Handbook of Applied Communication Research is an invaluable work for advanced undergraduate students graduate students and scholars **The Handbook of Crisis Communication** W. Timothy Coombs, Sherry J. Holladay, 2022-11-14 The revised and updated new edition of the comprehensive guide to crisis communication research and practice The Handbook of Crisis Communication provides

students researchers and practitioners with a timely and authoritative overview of the dynamic field Contributions by an international team of 50 leading scholars and practitioners demonstrate various methodological approaches examine how crisis communication is applied in a range of specific contexts discuss the role of culture and technology in crisis communication and present original research of relevance to the development and evaluation of crisis communication theory Now in its second edition the Handbook covers the latest advances in global crisis communication technology current trends in research and practice social media in crisis communication and more Each of the 38 chapters incorporate new material offering fresh insights into existing areas of crisis communication and explore new and emerging lines of research A wealth of new case studies practical scenarios and in depth analyses of recent crises are integrated throughout Examines traditional applications recent advances and emerging areas in crisis communication Discusses communication approaches for organizational crises disasters political crises and public health crises Provides up to date coverage of the latest terminology methods and research trends in the field Highlights how crisis communication theory and research can inform real world practice Features detailed analyses of crisis communication in major events such as terrorist attacks natural disasters industrial accidents and global pandemics The Handbook of Crisis Communication Second Edition is an excellent textbook for advanced students in public relations and strategic communication programs and a valuable reference for researchers and practitioners in fields such as crisis communication public relations and corporate communication

A Primer for Crisis Communication Theory Finn Frandsen, W. Timothy Coombs, Winni Johansen, 2025-08-04 Guided by a belief that good crisis communication theory should inform and improve practice this book makes a wide range of theories utilized in crisis communication accessible to researchers students and practitioners The book begins with an extended discussion of applied theory including the theory building process to help the reader appreciate how theory can connect to the practice of crisis communication This discussion is followed by chapters each explaining a theory and using an evidence based approach to explore how that theory illuminates and applies to crisis communication practice The array of theories includes those that are descriptive prescriptive and critical and cover the areas of public crises political crises and corporate crises This book is essential reading for advanced students of public relations and strategic communication and researchers in crisis and risk communication with practical insights suitable for interested professionals

The Handbook of Social and Political Conflict Sergei Samoilenko, Solon Simmons, 2025-03-25 Provides real world insights into social and political conflict across disciplines The Handbook of Social and Political Conflict offers a comprehensive exploration of conflict from a variety of disciplinary perspectives merging insights from fields including sociology political science psychology communication and conflict resolution Bringing together original work by experts from around the world this authoritative volume provides readers with a deep understanding of the mechanisms causes and consequences of conflict Designed for those who wish to bridge academic disciplines the Handbook both advances theoretical understanding and offers practical conflict resolution

strategies that can be applied in a broad range of contexts from interpersonal disputes to international tensions Each in depth chapter tackles a unique concept while maintaining a coherent narrative that spans topics such as political polarization the rhetoric of social control the role of technology in shaping conflict behaviors and much more Presenting new theoretical perspectives and tools to address today's most pressing issues the Handbook of Social and Political Conflict Examines contemporary issues such as political polarization social ostracism cancel culture and information warfare Contains in depth analysis of critical contemporary issues such as the role of technology artificial intelligence and media in modern conflict Addresses both adversarial and cooperative approaches to conflict resolution Incorporates cutting edge research and theoretical frameworks on contemporary social and political conflicts Offers practical approaches to fostering resilience peacebuilding and critical media literacy Whether examining the escalation of political tensions or exploring the potential for peacebuilding the Handbook of Social and Political Conflict is ideal for graduate and advanced undergraduate students in conflict resolution political science sociology and communication studies It is also an invaluable reference for professionals working in conflict management diplomacy international relations and social advocacy

Reputational Challenges in Sport
 Andrew C. Billings, W. Timothy Coombs, Kenon A. Brown, 2018-06-22 Issues of reputation management are negotiated in a wide array of contexts yet arguably one of the most visible of these areas involves how such stories unfold within the sporting arena Whether involving individual athletes teams organizations leagues or global entities the process of navigating issues of image repair and or restoration and crisis based communication has never been more byzantine with a plethora of communicative media outlets functioning in myriad manners Reputational Challenges in Sport explores the intersection of reputation sport and society In doing so the book advances theory and then explores individual team and organizational applications from varied methodological perspectives as they relate to reputation and identity management and crisis orientations The book provides a synthesis of previous works while offering a contemporary advancement of these subjects from a variety of epistemological approaches It gives voice to variety of perspectives that offer a robust advancement of issues relating to reputation sport and modern society

Crisis Communication Finn Frandsen, Winni Johansen, 2020-08-24 Finn Frandsen and Winni Johansen have won the 2019 Danish communication prize KOM pris for their world class research in organisational crises crisis management and crisis communication This prize is awarded by The Danish Union of Journalists Dansk Journalistforbund and Kforum <http://mgmt.au.dk/nyheder/nyheder/news/item/artikel/finn-frandsen-and-winni-johansen-win-the-kom-pris-2019> The aim of this handbook is to provide an up to date introduction to the discipline of crisis communication Based on the most recent international research and through a series of levels from the textual to the inter societal level this handbook introduces the reader to the most important concepts models theories and debates within the field of crisis communication Crisis communication is a young and very vibrant field of research and practice It is therefore crucial that researchers students and practitioners have access to presentations and discussions of the most recent research

Like the other handbooks in the HOCS series this handbook contains a general introduction a chapter on the history of crisis communication research a series of thematic chapters on crisis communication research at various levels a chapter perspectives a glossary of key terms and lists of further reading for each chapter with references to publications in English German and French Overview Section I Introducing the field General introduction A brief history of crisis management and crisis communication From organizational practice to academic discipline Reframing the field Public crisis management political crisis management and corporate crisis management Section II Between text and context Image repair theory Situational crisis communication theory Influences provenance evolution and prospects Contingency theory Evolution from a public relations theory to a theory of strategic conflict management Discourse of renewal Understanding the theory s implications for the field of crisis communication Making sense of crisis sensemaking theory Weick s contributions to the study of crisis communication Arenas and voices in organizational crisis communication How far have we come Visual crisis communication Section III Organizational level To minimize or mobilize The trade offs associated with the crisis communication process Internal crisis communication On current and future research Whistleblowing in organizations Employee reactions to negative media coverage Crisis communication and organizational resilience Section IV Interorganizational level Fixing the broken link Communication strategies for supply chain crises Reputational interdependence and spillover Exploring the contextual challenges of spillover crisis response Crisis management consulting An emerging field of study Section V Societal level Crisis and emergency risk communication Past present and future Crisis communication in public organizations Communicating and managing crisis in the world of politics Crisis communication and the political scandal Crisis communication and social media Short history of the evolution of social media in crisis communication Mass media and their symbiotic relationship with crisis Section VI Intersocietal level Should CEOs of multinationals be spokespersons during an overseas product harm crisis Intercultural and multicultural approaches to crisis communication Section VII Critical approaches Ethics in crisis communication Section VIII The future The future of organizational crises crisis management and crisis communication For a detailed table of contents please see here [Media and Crisis Communication](#) W. Timothy Coombs,2024-12-27 This volume centers on the relationship between media and crisis communication the need to address which has only been heightened by the recent experience of COVID 19 and the needs for public health crisis communication With multiple voices and multiple fields engaging simultaneously with crisis communication this book illuminates the role of media in crisis communication within this complex environment Both traditional and digital media including social media platforms respond to an array of crisis contexts including political crises public health crises disasters and organizational crises The book presents original research that approaches the effects of media in any of the possible crisis contexts This collection will interest scholars and students of crisis communication public relations risk communication digital media and political communication **The Circus Is in Town** Lisa Doris

Alexander,Joel Nathan Rosen,2022-01-04 Contributions by Lisa Doris Alexander Matthew H Barton Andrew C Billings Carlton Brick Ted M Butryn Brian Carroll Arthur T Challis Roxane Coche Curtis M Harris Jay Johnson Melvin Lewis Jack Lule Rory Magrath Matthew A Masucci Andrew McIntosh Jorge E Moraga Leigh M Moscovitz David C Ogden Joel Nathan Rosen Kevin A Stein and Henry Yu In this fifth book on sport and the nature of reputation editors Lisa Doris Alexander and Joel Nathan Rosen have tasked their contributors with examining reputation from the perspective of celebrity and spectacle which in some cases can be better defined as scandal The subjects chronicled in this volume have all proven themselves to exist somewhere on the spectacular spectrum the spotlight seemed always to gravitate toward them All have displayed phenomenal feats of athletic prowess and artistry and all have faced a controversy or been thrust into a situation that grows from age old notions of the spectacle Some handled the hoopla like the champions they are or were while others struggled and even faded amid the hustle and flow of their runaway celebrity While their individual narratives are engrossing these stories collectively paint a portrait of sport and spectacle that offers context and clarity Written by a range of scholarly contributors from multiple disciplines The Circus Is in Town Sport Celebrity and Spectacle contains careful analysis of such megastars as LeBron James Tonya Harding David Beckham Shaquille O Neal Maria Sharapova and Colin Kaepernick This final volume of a project that has spanned the first three decades of the twenty first century looks to sharpen questions regarding how it is that reputations of celebrity athletes are forged maintained transformed repurposed destroyed and at times rehabilitated The subjects in this collection have been driven by this notion of the spectacle in ways that offer interesting and entertaining inquiry into the arc of athletic reputations Psychology of Crises in Sport Bernd Strauss,Stephanie Buenemann,Charlotte Behlau,Maike Tietjens,Katherine Tamminen,2024-10-25 The book includes ideas and concepts from psychology in general particularly sport psychology and communication sciences as well as applied sport psychology and case studies In each chapter the reader will first learn the theoretical and empirical background of concepts related to crises and second they will be introduced to how to apply this knowledge and methods to prevent and cope with crises Throughout the book well known examples and case studies are addressed to gain a full understanding of crises
