The Pig War Mike Vouri, 2008 Historian Mike Vouri has selected nearly 200 historical images to illustrate the history of the Pig War on San Juan Island in Washington state. Each image has a descriptive caption. **Legal Codes and Talking Trees** Katrina Jagodinsky, 2016-04-26 Katrina Jagodinsky's enlightening history is the first to focus on indigenous women of the Southwest and Pacific Northwest and the ways they dealt with the challenges posed by the existing legal regimes of the nineteenth and twentieth centuries. In most western states, it was difficult, if not impossible, for Native women to inherit property, raise mixed-race children, or take legal action in the event of rape or abuse. Through the experiences of six indigenous women who fought for personal autonomy and the rights of their tribes, Jagodinsky explores a long yet generally unacknowledged tradition of active critique of the U.S. legal system by female Native Americans. **The Pig War** Emma Bland Smith, 2020-11-10 Here is a true story of how the great nations of America and England almost went to war in 1859 over a pig but learned to share instead. In 1859, the British and Americans coexist on the small island of San Juan, located off the coast of the Pacific Northwest. They are on fairly good terms until one fateful morning when an innocent hog, owned by a British man, has the misfortune to eat some potatoes on an American farmer's land. In a moment of rash anger,

Lyman Cutlar shoots Charles Griffin's pig inadvertently almost bringing the two nations to war. Tensions flare, armies gather, cannons are rolled out all because of a pig. Emma Bland Smith's humorous text and Alison Jay's folksy illustrations combine in this whimsical nonfiction picture book that models the principles of peaceful conflict resolution. **Motion Pictures in Mexico, Central America, and the Greater Antilles ...**, 1931. Anne P. Streeter, 2012-02. Good fences make good neighbors comes from Robert Frost's poem Mending Walls which relates to traditions and rituals antedating the Romans. The god of boundaries which they named Terminus was not invented by the Romans but he became one of their important household gods. Annually Terminus was honored in a ritual which not only reaffirmed boundaries but which also provided the occasion for predetermined traditional festivities among neighbors. The Bicentennial of the United States of America. American Revolution Bicentennial Administration, 1977. Joseph S. Harris and the U.S. Northwest Boundary Survey, 1857-1861. Anne P. Streeter, 2012. Precise of Joseph S. Harris. In 1857 twenty year old Joseph Harris joins the U.S. Northwest Boundary Commission whose assignment was to define the boundary between the United States and British Canada. As an astronomer and surveyor he has been trained by the U.S. Coast Survey to use the new Zenith telescope and the new Talcott method of astronomical surveying. In over 200 letters to his family and in his Autobiography he describes the task of surveying 410 miles along the 49th parallel from the Gulf of Georgia to the crest of the Rocky Mountains. In accomplishing this Harris describes the political difficulties of working with a parallel British Commission at the outbreak of the Pig War and of working with local Native Americans. The Survey team astronomically surveys an uncharted wilderness crossing both the Cascade and Rocky Mountains. With their recalcitrant mules they not only negotiate steep mountains and cross dangerous rivers but they also cut a 20 foot swath through much of this wilderness connecting 14 astronomical stations. After three years the field work has to be rushed to a finish because Congress would approve no more appropriations now the Civil War had started. Since the Official Report was lost this account stands as the only record of this important Survey. **DK Eyewitness USA**. DK Eyewitness, 2020-05-07.
