

QABALAH

A Magical Primer

"This book is destined as well as John Bonner's work in making the Qabalah accessible through a comprehensive overview of the Tree of Life."

—Hymenaeus Beta, Foreword

While it begins as a mystical interpretation of Jewish scriptural texts, modern Qabalah is much more. As John Bonner writes in his introduction, "Qabalah is a metaphysical philosophy, or rather a cosmology, that sets out to answer a series of vital questions regarding the nature of God, His creation, and the place of man in His divine plan." It is a living, growing system of personal development. In addition, much of contemporary Western Magic is founded on the work of the Hermetic Order of the Golden Dawn, which based its rituals and teachings firmly in the Qabalah.

This scholarly introduction explores the mysteries of the Qabalah through the symbolism of the Tree of Life and its four distinct elements: the Three Pillars of Manifestation, the ten holy Sephiroth, the Paths that lie between the Sephiroth, and the Veils. For each Sephirah, Bonner provides detailed information on magical, astrological, and tarot correspondences, as well as how different religious traditions relate to the concepts combined in each. The Foreword by Hymenaeus Beta, Past Master of Aleister Crowley's O.T.O., places this book in context by comparing it to both historical and current Qabalistic literature.

John Bonner holds a certificate in education from the University of London Institute of Education. He has been a student of Qabalah for over 25 years. He is married to artist Susan Jameson.
