Public Health Business Planning A Practical Guide:

Public Health Business Planning Stephen Orton, Anne Menkens, Pamela Santos, 2009-10-06 In today's turbulent and financially stressful times public health managers need business planning skills. They need to become civic entrepreneurs who can creatively finance and manage needed programs using business school savvy. *Public Health Business Planning A Practical Guide* is based on the curriculum of the highly successful Management Academy for Public Health offered by the Kenan Flagler Business School and the School of Public Health at the University of North Carolina at Chapel Hill. A Lewin Group evaluation showed that teams of Management Academy graduates have generated millions of dollars in revenue for local agencies through implementing business plans. This book teaches what it means to use entrepreneurial strategies for social good and key business planning skills such as Assessment and strategic planning, Program planning, implementation and evaluation, Financial planning and budgeting, Market research and social marketing, Strategies for getting funded including business writing and speaking, Project management and business plan execution strategies. *Managing the Public Health Enterprise* Edward Baker, Anne Menkens, Janet Porter, 2010-03-25 A compilation of both new articles and articles previously published in the popular Management Moment column from the Journal of Public Health Management and Practice, this collection of short essays explores the challenges related to managing people, partners, information, and finances in the public health setting. publisher [Oxford Handbook of Public Health Practice](#) Ichiro Kawachi, Iain Lang, Walter Ricciardi, 2020-09-25 Fully revised and updated for the fourth edition, the award-winning Oxford Handbook of Public Health Practice remains the first resort for practitioners in the field. Structured into practical sections addressed towards professional competencies and translating evidence into policy, this Handbook provides concise summaries and covers real issues from across the globe, providing a world of experience at your fingertips. Easy to use, concise, and practical, this Handbook is divided into seven parts that focus on the vital areas of this broad discipline. Reflecting recent advances, the most promising developments in the practice of public health are presented along with essential summaries of the core disciplines. Specific sections are devoted to the development of professional competencies including negotiation, communicating risk to the public, community action, and translating evidence into policy. Written by an international team of experts and considering both social and scientific advances since the previous edition, this Handbook will assist students, trainees, and practitioners around the world with its enriched information on the management of disasters, epidemics, health behaviour, acute and chronic disease prevention, community and government action, environmental health, vulnerable populations, and more. **The Changing World Religion Map** Stanley D. Brunn, 2015-02-03 This extensive work explores the changing world of religions, faiths, and practices. It discusses a broad range of issues and phenomena that are related to religion, including nature, ethics, secularization, gender, and identity. Broadening the context, it studies the interrelation between religion and other fields, including education, business, economics, and law. The book presents a vast array of examples to illustrate the changes that

have taken place and have led to a new world map of religions Beginning with an introduction of the concept of the changing world religion map the book first focuses on nature ethics and the environment It examines humankind s eternal search for the sacred and discusses the emergence of green religion as a theme that cuts across many faiths Next the book turns to the theme of the pilgrimage illustrated by many examples from all parts of the world In its discussion of the interrelation between religion and education it looks at the role of missionary movements It explains the relationship between religion business economics and law by means of a discussion of legal and moral frameworks and the financial and business issues of religious organizations The next part of the book explores the many new faces that are part of the religious landscape and culture of the Global North Europe Russia Australia and New Zealand the U S and Canada and the Global South Latin America Africa and Asia It does so by looking at specific population movements diasporas and the impact of globalization The volume next turns to secularization as both a phenomenon occurring in the Global religious North and as an emerging and distinguishing feature in the metropolitan cosmopolitan and gateway cities and regions in the Global South The final part of the book explores the changing world of religion in regards to gender and identity issues the political religious nexus and the new worlds associated with the virtual technologies and visual media

Building Strategic Skills for Better Health Michael R. Fraser, Brian C. Castrucci, 2023-11 Building Strategic Skills for Better Health offers public health professionals a dynamic guide for implementing and developing leadership management and advocacy skills for effective public health practice
