Public Sector Entrepreneurship Us Technology And Innovation Policy:

Public Sector Entrepreneurship Dennis Patrick Leyden, Albert N. Link, 2015 Public sector entrepreneurship refers to innovative public policy initiatives that generate greater economic prosperity by transforming a status quo economic environment into one more conducive to creative and innovative activities under uncertainty This book illustrates public sector entrepreneurship using examples from U S technology and innovation policy

Public Sector Entrepreneurship Link, Albert N., 2022-08-05 This timely book argues that the overcrowding of national parks in the United States represents a social problem in need of public sector action and a policy solution as no systematic means to address this problem has been implemented either nationally or on a park by park basis

Technology and Innovation Policy Cunningham, James A., Link, Albert N., 2021-08-27 This book discusses technology policy and innovation policy from an international perspective with a particular emphasis on the policies of the United States and the United Kingdom The importance of these policy areas as well as their relationship to one another is a unifying theme throughout and this relationship is illustrated through an integrating policy framework

Advanced Introduction to Technology Policy Albert N. Link, James A. Cunningham, 2021-05-28 This intuitive Advanced Introduction provides an in depth review of current U S technology policy tracing the legislative history of policies such as the Economic Recovery Tax Act the Small Business Innovation Development Act and the National Cooperative Research Act The critical elements of the ecosystem in which technology policy exists are also discussed with a particular focus on U S patent policy and U S investments in infrastructure technology

Technology Transfer and US Public Sector Innovation Albert N. Link, Zachary T. Oliver, 2020-01-31 Technology Transfer and US Public Sector Innovation provides an overview of US technology policies that are the genesis for observed technology transfer activities By describing the technology transfer process from US federal laboratories and other public sector organizations this exploration informs the reader in detail of how the transfer process behaves and the social benefits associated with it

Invention, Innovation and U.S. Federal Laboratories Albert N. Link, 2020-11-27 This book is about inventions and innovation in U S Federal Laboratories The inventions discussed are defined by the technology transfer mechanism known by the term invention disclosures and are innovations that are the output of the technology transfer process The demonstrated positive relationships in the book s model are the groundwork for suggesting not only a rethinking of the extant empirical research within the context of a knowledge production function but also a refocusing of U S technology policy in support of technology transfer from Federal Laboratories

Assessing Technology and Innovation Policies Cristiano Antonelli, Albert N. Link, 2020-05-21 This volume brings together eminent international scholars to discuss and analyze regional and national technology and innovation policies from an economic assessment or economic impacts perspective The analysis covers policies relevant to countries in Europe and Asia and the United States Not only might this volume initiate further study of technology and innovation policies on a country by country basis but also it might open doors for comparative policy analysis

This book was originally published as a special issue of Economics of Innovation and New Technology **Small Business Innovation in the Public Interest** Albert N. Link, Alan C. O'Connor, 2025-05-14 This comprehensive book presents an in depth investigation into small business research activity supported by the U S National Institutes of Health NIH Albert N Link and Alan C O Connor provide important historical context on the importance of small firms to the NIH and conduct careful analysis of the Institutes and Centers funded through the Small Business Innovation Research SBIR program **The Routledge Handbook of State-Owned Enterprises** Luc Bernier, Massimo Florio, Philippe Bance, 2020-05-27 State owned enterprises make up roughly 10 percent of the world economy yet they are woefully understudied This handbook offers the first synthesis of the topic since the 1980s and offers a comprehensive reference for a generation The authors provide a detailed explanation of the theory that underpins the expansion of state owned enterprises in the 21st century Each chapter delivers an overview of current knowledge as well as identifying issues and relevant debates for future research The authors explain how state owned enterprises are used in both developed and developing countries and offer an insight into complex and fascinating organizations such as the German municipal conglomerates or the multinational companies owned by states New modes of governance and regulation have been invented to make sure they act in the public interest This handbook brings together a wealth of international scholars offering multiple theoretical perspectives to help shape a brave new world It will be of interest to teachers and students of Economics Public Administration and Business academics established researchers and PhD students seeking rigorous literature reviews on specific aspects of SOEs as well as practitioners and decision makers in international organizations [A Research Agenda for Entrepreneurship and Innovation](#) David B. Audretsch, Erik E. Lehmann, Albert N. Link, 2019 This book identifies and explains the most salient opportunities for future research in the fields of entrepreneurship and innovation It draws on the experiences and insights of leading scholars in the world on a broad array of rich and promising topics ranging from entrepreneurial ecosystems to finance and to the role of universities
