The Punishment of Children (Classic Reprint) Felix Adler, 2015-07-12 Excerpt from *The Punishment of Children* Our business is to cure faults and in order to accomplish this end the punishment should be meted out in due proportion to the fault Instead of following this principle the great majority of men when they punish are not like reasonable beings selecting right means toward a true end but like hot springs which boil over because they cannot contain themselves We ought never to punish in anger No one can trust himself when in that state an angry man is always liable to overshoot the mark we must wait until our angry feeling has had time to cool About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

The Secret of Progress (Classic Reprint) W. Cunningham, 2016-10-16 Excerpt from *The Secret of Progress* Buckle¹ regarded it as clear that militarism and high intellectual development were not compatible till recently many people were prepared to believe that warfare was alien to the interest of civilised peoples and could only occur among half civilised or backward races But this war has shown that these hopes were vain and that the last result of civilisation was not to render war impossible but to give the means of carrying it out on a vastly extended scale The increase of knowledge and of power over nature and the sense of the benefits of intercourse and inter communication have not sufficed to give us any immunity from war About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

Howrah (Classic Reprint) L.S.S. O'Malley, 2016-09-08 Excerpt from *Howrah* The deep channel alternates from left to right and vice versa according to the windings of the river except where deflected by the large tributaries which debouch into it at the southern limit of this district Proceeding from Howrah Bridge the deep channel runs on the Calcutta side in the Calcutta Reach past the Fort and Kidderpore to Garden Reach At Rajganj Opposite Hangman Point it crosses over to the Howrah Side and follows the Sankrail Reach as far as Melancholy menikhali Point It then zigzags from left to right at each bend About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art

Glenn,1984-06-30 *Campaigns against Corporal Punishment* explores the theory and practice of punishment in Antebellum America from a broad comparative perspective It probes the concerns underlying the naval prison domestic and educational reform campaigns which occurred in New England and New York from the late 1820s to the late 1850s Focusing on the common forms of physical punishment inflicted on seamen prisoners women and children the book reveals the effect of these campaigns on actual disciplinary practices Myra C Glenn also places the crusade against corporal punishment in the context of various other contemporary reform movements such as the crusade against intemperance and that against slavery She shows how regional and political differences affected discussions of punishment and discipline ***A Practical Guide to Rabbinic Counseling*** Rabbi Yisrael N.
