Putins Wars The Rise Of Russias New Imperialism

Marcel A. Müller

Putins Wars The Rise Of Russias New Imperialism:

Putin's Wars Marcel H. Van Herpen, 2014-02-27 This book offers the first systematic analysis of Putin's two wars placing the Second Chechen War and the War with Georgia of 2008 in their broader historical contexts Drawing on extensive original Russian sources Marcel H Van Herpen analyzes in detail how Putin's wars were prepared and conducted and why they led to allegations of war crimes and genocide He shows how the conflicts functioned to consolidate and legitimate Putin's regime and explores how they were connected to a third hidden internal war waged by the Kremlin against the opposition The author convincingly argues that the Kremlin relying on the secret services the Orthodox Church the Kremlin youth Nashi and the rehabilitated Cossacks is preparing for an imperial revival most recently in the form of a Eurasian Union An essential book for understanding the dynamics of Putin's regime this study digs deep into the Kremlin's secret long term strategies Readable and clearly argued it makes a compelling case that Putin's regime emulates an established Russian paradigm in which empire building and despotic rule are mutually reinforcing As the first comprehensive exploration of the historical antecedents and political continuity of the Kremlin's contemporary policies Van Herpen's work will make a valuable contribution to the literature on post Soviet Russia and his arguments will stimulate vigorous debate **Putin's Wars**

Marcel H. van Herpen, 2024 Putin's Wars provides an analysis of Russia's relations with its near neighbors Its contemporary analysis is enriched by the historical case studies the author brings in to bolster his arguments about Russia's current expansionist aggression Updated chapter on Ukraine to cover the ongoing war **De verwoestingen van Rusland** Hans

Oversloot, 2017-02-22 Rusland is onder president Vladimir Poetin terug op het wereldtoneel Tot het begin van de jaren negentig was de Sovjet Unie een van de machtigste en in de ogen van velen zelfs gevaarlijkste landen ter wereld maar daarna ging het een tijd lang mis Of vanuit ons perspectief ging het een tijd lang goed De Sovjet Unie ging onder Michail Gorbatsjov ten onder en de grootste opvolgerstaat Rusland ging onder president Boris Jeltsin feitelijk failliet Rusland leek een verloren land Maar op de laatste dag van de vorige eeuw 31 december 1999 trad Vladimir Poetin aan als president en binnen enkele jaren wist hij Rusland weer vooraan op het wereldtoneel te plaatsen Hoe is dat zo gekomen In De verwoestingen van Rusland beschrijft politicoloog Hans Oversloot de uiterst turbulente geschiedenis van de Sovjet Unie en de Russische Federatie van de afgelopen 35 jaar Meedogenloos schrijft hij over de verwoesting van het socialisme door Gorbatsjov de opkomst van de oligarchen onder Jeltsin en over de pogingen tot herstel door Poetin met uiteraard ruimschoots aandacht voor de recente ontwikkelingen de economische crisis van de laatste jaren en de hereniging van Rusland met de Krim De verwoestingen van Rusland geeft een even monumentaal als onthutsend beeld van het land dat het Westen al sinds de Russische Revolutie dit jaar precies een eeuw geleden fascineert en beangstigt Hans Oversloot 1957 doceert politicologie aan de Universiteit Leiden Hij houdt zich al zijn leven lang bezig met de Russische geschiedenis en politiek **Putin's Wars** Marcel H. Van Herpen, 2015-07-01 This fully updated book offers the first systematic analysis of

Putin's three wars placing the Second Chechen War the war with Georgia of 2008 and the war with Ukraine of 2014 2015 in their broader historical context Drawing on extensive original Russian sources Marcel H Van Herpen analyzes in detail how Putin's wars were prepared and conducted and why they led to allegations of war crimes and genocide He shows how the conflicts functioned to consolidate and legitimate Putin's regime and explores how they were connected to a fourth hidden internal war waged by the Kremlin against the opposition The author convincingly argues that the Kremlin relying on the secret services the Orthodox Church the Kremlin youth Nashi and the rehabilitated Cossacks is preparing for an imperial revival most recently in the form of a Eurasian Union An essential book for understanding the dynamics of Putin's regime this study digs deep into the Kremlin's secret long term strategies Readable and clearly argued it makes a compelling case that Putin's regime emulates an established Russian paradigm in which empire building and despotic rule are mutually reinforcing As the first comprehensive exploration of the historical antecedents and political continuity of the Kremlin's contemporary policies Van Herpen's work will make a valuable contribution to the literature on post Soviet Russia and his arguments will stimulate a fascinating and vigorous debate

De nieuwe tsaar Steven Lee Myers, 2015-11-02 Steven Lee Myers volgde Vladimir Poetin van begin af aan op de voet als correspondent in Moskou voor The New York Times In deze schitterende biografie de eerste complete in de westerse wereld ontrafelt Myers op heldere en evenwichtige wijze hoe Poetin het grootste land op aarde al vijftien jaar lang in zijn greep weet te houden door zijn even meedogenloze als briljante manipulatie van de media door het verdelen van macht rijkdom en invloed over een kleine groep hondstrouwe jeugdvrienden uit St Petersburg door het genadeloos uitschakelen van elke vorm van oppositie door terug te grijpen op de ideologie van het tsarenrijk en door de Russisch orthodoxe kerk opnieuw tot steunpilaar van de staat te bombarderen Poetin is in Rusland ondanks alle massale protesten mateloos populair niet alleen onder bejaarden met nostalgie naar het communisme maar juist ook onder jongeren Na het bandeloze wildwestkapitalisme de welig tierende misdaad en corruptie de armoedeval en het internationale prestigeverlies die volgden op de ondergang van de Sovjet Unie wist Poetin in de ogen van veel Russen eindelijk orde op zaken te stellen De nieuwe tsaar is een biografische tour de force Myers ziet Poetin als een onberekenbare dictator met achtervolgingswaan die zich nauwelijks nog openstelt voor objectief advies en steeds meer in een isolement raakt Dat hij onder andere in Zwitserland een priv vermogen van naar schatting veertig miljard dollar heeft ondergebracht is in Rusland even geheim als de rest van zijn priv leven waarover slechts bij toeval iets doordringt in de openbaarheid De nieuwe tsaar leest als een spannende roman en is van groot belang voor iedereen die gefascineerd is door het verschijnsel Poetin en tevens voor iedereen die geïnteresseerd is in de toekomst van de wereld en de rol die het nieuwe brutale en agressieve Rusland daarin speelt Steven Lee Myers schrijft al zesentwintig jaar voor The New York Times waarvan zeven jaar als correspondent in Moskou Hij woont in Washington De nieuwe tsaar is een adembenemende rijk gedetailleerde biografie die op allesomvattende bijna shakespeareaanse wijze verklaart waarom Poetin zich gedraagt zoals hij dat doet Robert D

Kaplan even eerlijk als confronterend Myers laat blijken zijn onderwerp door en door te kennen Een bijzonder krachtig portret van een angstaanjagend machtige autocraat Kirkus Reviews The Russo-Ukrainian War Serhii Plokhy, 2023-05-16 CHOSEN AS A BOOK OF THE YEAR BY THE FINANCIAL TIMES TELEGRAPH PROSPECT The best account of the ongoing conflict its preconditions and its present day horrors Prospect Do you know what is at stake in Ukraine Urgent compelling reading from the author of Chernobyl on the defining conflict of our times On 24 February 2022 Russia stunned the world by launching an invasion of Ukraine In the midst of checking on the family and friends who were now on the front lines of Europe s largest conflict since the outbreak of the Second World War acclaimed Ukrainian American historian Serhii Plokhy inevitably found himself attempting to understand the deeper causes of the invasion analysing its course and contemplating the wider outcomes The Russo Ukrainian War is the comprehensive history of a war that has burned since 2014 and that with Russia s attempt to seize Kyiv exploded a geo political order that had been cemented since the end of the Cold War With an eye for the gripping detail on the ground both in the halls of power and down in the trenches as well as a keen sense of the grander sweep of history Plokhy traces the origins and the evolution of the conflict from the collapse of the Russian empire to the rise and fall of the USSR and on to the development in Ukraine of a democratic politics Based on decades of research and his unique insight into the region he argues that Ukraine s defiance of Russia and the West s demonstration of unity and strength has presented a profound challenge to Putin s Great Power ambition and further polarized the world along a new axis A riveting enlightening account this is present minded history at its best BEST BOOKS OF SUMMER 2023 FINANCIAL TIMES THE TIMES SUNDAY TIMES CULTURE TLS Religious Appeals in Power Politics Peter S. Henne, 2023-10-15 Religious Appeals in Power Politics examines how states use or attempt to use confessional appeals to religious belief and conscience to advance political strategies and objectives Through case studies of the United States Saudi Arabia and Russia Peter S Henne demonstrates that religion although not as high profile or well funded a tool as economic sanctions or threats of military force remains a potent weapon in international relations Public policy analysis often minimizes the role of religion favoring military or economic matters as the important arenas of policy debate As Henne shows however at transformative moments in political history states turn to faith based appeals to integrate or fragment international coalitions Henne highlights Saudi Arabia s 1960s rivalry with Egypt the United States s post 9 11 leadership in the global war on terrorism and the Russian Federation s contemporary expansionism both to reveal the presence and power of calls for religious unity and to emphasize the uncertainty and anxiety such appeals can create Religious Appeals in Power Politics offers a bold corrective to those who consider religion as tangential to military or economic might **Vladimir Putin's Version of War and Peace** J. L. Black, 2025-03-24 Like its predecessor Eternal Putin Confronting Navalny the Pandemic Sanctions and War with Ukraine Lexington 2023 Vladimir Putin s Version of War and Peace The Battle for the Russian Home Front 2022 24 is a chronological and descriptive account of almost all facets of Russian life during a very short period of time i e from the onset

of Russia's war on Ukraine in February 2022 to its presidential election in March 2024. Its strength lies in its wealth of detail on Russia's home front. To set the stage the first chapters cover the course of war primarily focused on the consequences of the war for Russians at home. The ripple effects follow in chapters on Russia's politics, its economy, human and civil rights and the Kremlin's international relationships. Among the subjects featured in sub-sections are the foreign agent frenzy, pressure against the LGBT community, schools as incubators of young patriots, healthcare, the environment, the media, Russia's new diaspora in exile, the Russian Orthodox Church's role, war crimes and international sport. Putin as *vozhhd* leader is the subject of one chapter. Russia's forced and chosen pivot to the East for political and economic allies are also examined. Above all this book highlights the Russian government's attempts to create a loyal citizenry. Nowhere else is the battle for the home front covered so thoroughly.

Publications Combined: Russia's Regular And Special Forces In The Regional And Global War On Terror , Over 2 400 total pages. Russian outrage following the September 2004 hostage disaster at North Ossetia's Beslan Middle School No 1 was reflected in many ways throughout the country. The 52-hour debacle resulted in the death of some 344 civilians including more than 170 children in addition to unprecedented losses of elite Russian security forces and the dispatch of most Chechen allied hostage takers themselves. It quickly became clear as well that Russian authorities had been less than candid about the number of hostages held and the extent to which they were prepared to deal with the situation. Amid grief calls for retaliation and demands for reform, one of the more telling reactions in terms of hardening public perspectives appeared in a national poll taken several days after the event. Some 54% of citizens polled specifically judged the Russian security forces and the police to be corrupt and thus complicit in the failure to deal adequately with terrorism while 44% thought that no lessons for the future would be learned from the tragedy. This pessimism was the consequence not just of the Beslan terrorism but the accumulation of years of often spectacular failures by Russian special operations forces (SOF). In the apt US military acronym A series of Russian SOF counterterrorism mishaps, misjudgments and failures in the 1990s and continuing to the present have made the Kremlin's special operations establishment in 2005 appear much like Russia's old Mir space station: wired together, unpredictable and subject to sudden startling failures. But Russia continued to maintain and expand a large variegated special operations establishment which had borne the brunt of combat actions in Afghanistan, Chechnya and other trouble spots and was expected to serve as the nation's principal shield against terrorism in all its forms. Known since Soviet days for tough personnel, personal bravery, demanding training and a certain rough or brutal competence that not infrequently violated international human rights norms, it was supposed that Russian special operations forces, steeped in their world of threats to the state and associated with once dreaded military and national intelligence services, could make valuable contributions to countering terrorism. The now widely perceived link between corrupt special forces on the one hand and counterterrorism failures on the other reflected the further erosion of Russia's national security infrastructure in the eyes of both Russian citizens and international observers. There have been other more ambiguous but

equally unsettling dimensions of Russian SOF activity as well that have strong internal and external political aspects These constitute the continuing assertions from Russian media the judicial system and other Federal agencies and officials that past and current members of the SOF establishment have organized to pursue interests other than those publicly declared by the state or allowed under law This includes especially the alleged intent to punish by assassination those individuals and groups that they believe have betrayed Russia The murky nature of these alleged activities has formed a backdrop to other problems in the special units

The Lands in Between Mitchell A. Orenstein, 2019-04-02 Russia's stealth invasion of Ukraine and its assault on the US elections in 2016 forced a reluctant West to grapple with the effects of hybrid war While most citizens in the West are new to the problems of election hacking state sponsored disinformation campaigns influence operations by foreign security services and frozen conflicts citizens of the frontline states between Russia and the European Union have been dealing with these issues for years The Lands in Between Russia vs the West and the New Politics of Russia's Hybrid War contends that these lands in between hold powerful lessons for Western countries For Western politics is becoming increasingly similar to the lands in between where hybrid warfare has polarized parties and voters into two camps those who support a Western vision of liberal democracy and those who support a Russian vision of nationalist authoritarianism Paradoxically while politics increasingly boils down to a zero sum civilizational choice between Russia and the West those who rise to the pinnacle of the political system in the lands in between are often non ideological power brokers who have found a way to profit from both sides taking rewards from both Russia and the West Increasingly the political pathologies of these small vulnerable and backwards states in Europe are our problems too In this deepening conflict we are all lands in between

Delve into the emotional tapestry woven by Emotional Journey with in **Putins Wars The Rise Of Russias New Imperialism** .
