Psychotherapy Supervision Supervision In Context:

Counselling Supervision in Context Michael Carroll, Elizabeth Holloway, 1999-02-22 The book is written in such a way as to challenge and educate through the use of exercises scenarios and activities Something it does rather well A well written practical and informative publication of value to supervisees supervisors and all those involved in counsellor and supervisor training Counselling Psychology Review This book argues that the social context is important for the individual client supervisee and supervisor as is the context in which the work and supervision are done it is a clear well written and enjoyable book containing helpful information for both supervisees and supervisors Transformations The PCSR Journal There is an increase

Psychotherapy Supervision Maria Gilbert, Kenneth Evans, 2000-12-16 Maria Gilbert and Ken Evans have given us a beautifully written and richly illustrated account of psychotherapy supervision Providing clear guidelines for effective clinical supervision the book describes and vividly illustrates how the supervisor monitors instructs models consults and supports the supervisee all within the context of respect and empathy Marvin R Goldfried Ph D State University of New York at Stony Brook Stony Brook New York USA Don't read this book if you have a well worked out pre determined model of supervision that you don't want to change it will only disturb distract and challenge you If you would like to review your model of supervision on the other hand update it in the light of modern scholarship and insights open it to manufactured uncertainty so as to adapt it to the contemporary issues of the day then it's a must for you It's a book of tomorrow in the light of the best of yesterday and indisputably for today Michael Carroll Ph D Chartered Counselling Psychologist and BAC Fellow Gilbert and Evans book is sure to become a key text in the area of psychotherapy supervision from an integrative perspective the authors reveal an extensive knowledge of the work of other experts in the field and a deep understanding of how this knowledge may be translated into practice Gilbert and Evans draw much needed attention to the often neglected aspect of the contexts within which supervision takes place Their focus on the multi cultural aspects of supervision and their advocacy for anti oppressive practices is of note very accessible and highly recommended to beginning supervisees and seasoned supervisors alike This book will make a substantial contribution to the field for a long time to come Gillian Straker Professor of Psychology at the University of Sydney What are the primary goals of clinical supervision What is the basis for ethical decision making in supervision How can anti oppressive practice be embedded in the training of supervisors This book presents an integrative relational model for psychotherapy supervision The focus is on the primacy of the relationship both in psychotherapy and in supervision This is one of the few books in the field of supervision to focus exclusively and in depth on issues in clinical supervision It provides an integrative relational model of supervision drawing on developmental theory that is applicable to the fields of psychotherapy counselling and clinical and counselling psychology The authors believe that this integrative framework for supervision will be of use to supervisors of pure form approaches as well as to those supervisors involved in cross orientation supervision since its main focus is on the quality of the supervisory alliance Psychotherapy

Supervision contains a balance of theoretical material examples of in vivo supervision and a discussion of techniques The book presents some interesting and innovative material on ethical decision making and on anti oppressive practice in training organisations The authors illustrate their material with frequent examples of supervision from their own practice to show the reader the model in action The book is aimed at supervisors of counsellors psychotherapists and psychologists at all levels

Effective Supervision for the Helping Professions Michael Carroll,2014-06-13 Using features such as case studies exercises and points for reflection this is an ideal introduction to managing the supervisory relationship for both trainee and supervisor This second edition of the book formerly titled Counselling Supervision now covers new and contemporary areas of supervision such as ethical maturity insights into supervision from neuroscience the organisational demands from the various contexts in which supervision takes place It widens the concept of supervision to include professions such as coaching organisational development consulting counselling and psychology **Supervision in the Mental Health Professions** Joyce Scaife,2003-08-29 Supervision is of increasing significance in the practice of mental health professionals especially since the advent of voluntary and mandatory registration managed care and clinical governance Little however has been written to address the practical and theoretical needs and questions of those involved In Supervision in the Mental Health Professions Joyce Scaife along with her guest contributors draws on over two decades of experience to illustrate ways of thinking about and doing supervision Using practical examples she explores often encountered dilemmas including How can supervisors facilitate learning What are the ethical bases of supervision What helps to create a good working alliance This comprehensive practical and indispensable text is vital reading for supervisors and supervisees involved in mental health care including clinical psychology counselling psychotherapy counselling psychology psychiatry nursing and social work **Getting the Best Out of Supervision in Counselling & Psychotherapy** Mary Creaner,2013-12-10 Getting the Best Out of Supervision in Counselling Psychotherapy does exactly what it says on the tin Supervision is an essential part of counselling training and ensuring you know exactly how to get the very most out of supervision is important whatever their level of study Exploring how to begin maintain and end a supervisory learning relationship in the context of existing theory and best practice guidelines the author will introduce your trainees to Models and forms of supervision The skills informing good supervision What to expect from supervision Key professional issues in supervision Written in a lively and engaging style this book will enable both supervisors and supervisees to get the best they can from the supervisory experience **The Complete Systemic Supervisor** Thomas C. Todd,Cheryl L. Storm,2014-04-29 The Second Edition of the definitive text on systemic clinical supervision has been fully updated and now includes a range of practical online resources New edition of the definitive text on systemic clinical supervision fully updated and revised with a wealth of case studies throughout Supported by a range of practical online resources New material includes coverage of systemic supervision outside MFT and international training contexts such as healthcare schools and the military Top level contributors include those practicing

academic agency and privately contracted supervision with novice to experienced therapists The editors received a prestigious award in 2015 from the American Family Therapy Academy for their contribution to systemic supervision theory and practice Counselling Supervision Michael Carroll,1996 There is without doubt a great need for a practical and theoretical framework through which supervisors primarily but also supervisees can negotiate the relationship of supervision This invaluable resource book gives a brief overview of the history of supervision and its importance in initial and ongoing counselling training reviewing both the British and US literature and brings together contemporary themes and debates within supervision The author presents his own linear model of supervision connecting goals functions and tasks and presents and analyses the seven tasks of supervision A model for the management of the supervisory process is then discussed outlining a five stage chronology of the steps through which a supervisory relationship travels Importantly the organizational dimension of supervision is studied in detail and a number of supervisory formats individual peer group and team are evaluated The concluding chapter on ethics is an attempt to offer a model of ethical decision making applicable to both counselling and supervision It reviews in some detail the various responsibilities of supervisors An appendix includes the revised Code of Ethics and Practice for Supervisors from BAC BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved Psychotherapy Supervision Gilbert, Maria,Evans, Kenneth,2000-12-01 This book presents an integrative relational model for psychotherapy supervision **Counselling Supervision in Organisations** Sue Copeland,2013-04-03 Counselling supervision is an expanding area as increasing numbers of counsellors enter the profession and require supervision on a regular basis Counselling Supervision in Organisations seeks to provide a model of counselling supervision within organisations enabling supervisors counsellors and their line managers to work effectively within organisational cultures for the benefit of all parties in the working alliance Drawing on her own research Sue Copeland explores both counselling and supervision cultures and their fit with various organisational cultures The dilemmas that often arise from a clash between differing cultural norms are discussed in relation to the supervisory process From securing a supervisory position contracting for the work reporting back to the organisation assessing the work and ending the relationship through to an in depth consideration of the supervisory work embedded in a good working relationship her model provides a blueprint for the supervisory process The model described in Counselling Supervision in Organisations brings together the cultures of counselling and supervision and their relation to organisational cultures It will provide a unique resource for counsellors trainee and professional counselling supervisors and their line managers *Supervision in Clinical Practice* Joyce Scaife,2013-12-19 Since the publication of the first edition of this book supervision has become of even greater significance in health education and social care settings with continuing pace in the trend towards mandatory registration managed care and clinical governance This fully updated and expanded edition includes new chapters on issues of diversity and the managerial role of the supervisor in context Packed with practical examples in the key areas of personal

and professional development Joyce Scaife and her contributors draw on three decades of clinical experience to explore frequently encountered dilemmas including how supervisors facilitate learning the ethical bases of supervision creating and maintaining a good working alliance how supervisors can balance management and supervision roles working equitably in an increasingly diverse and pluralistic world Supervision in Clinical Practice offers a range of suggestions for providing supervision that are stimulating creative and fun using methods that ensure safe and open practice It is an indispensable text for supervisors and supervisees who practice clinically in a range of professions including applied psychology counselling psychotherapy psychiatry nursing and social work
