Pulse The Coming Age Of Systems And Machines Inspired By Living Things:

Pulse Robert Frenay, 2025-08-22 Pulse is not about dance music not about heart rates and not about electromagnetic fields What it does describe is a sea change in human affairs a vast and fundamental shift that is about to transform every aspect of our lives Written in lively prose for lay readers Pulse shows how ideas that have shaped Western science industry and culture for centuries are being displaced by the rapid and dramatic rise of a new biology by human systems and machines that work like living things In Pulse Robert Frenay details the coming world of emotional computers ships that swim like fish hard soft and wet artificial life money that mimics the energy flows in nature evolution at warp speed And these are not blue sky dreams By using hundreds of vivid and concrete examples of cutting edge work Frenay showcases the brilliant innovations and often colorful personalities now giving birth to a radical new future Along the way he also offers thoughtful conclusions on the promises and dangers of our transformation to the next great phase of human cultural evolution

2013 Marie D. Jones, 2009-03-30 2013 THE END OF DAYS OR A NEW BEGINNING examines all the popular myths prophecies and predictions concerning 2012 including the Mayan teachings of time acceleration and global awakening on a consciousness level It also takes an in depth look at lesser known predictions and prophecies and at the more scientific and reality based challenges we will face 2013: the End of Days or a New Beginning? (Easyread Super Large 18pt Edition) , **2013: the End of Days or a New Beginning? (Envisioning the World After the Events of 2012) (Easyread Super Large 24pt Edition)** , **Ecological Design, Tenth Anniversary Edition** Sim Van der Ryn, Stuart Cowan, 2013-03-05 Ecological Design is a landmark volume that helped usher in an exciting new era in green design and sustainability planning Since its initial publication in 1996 the book has been critically important in sparking dialogue and triggering collaboration across spatial scales and design professions in pursuit of buildings products and landscapes with radically decreased environmental impacts This 10th anniversary edition makes the work available to a new generation of practitioners and thinkers concerned with moving our society onto a more sustainable path Using examples from architecture industrial ecology sustainable agriculture ecological wastewater treatment and many other fields Ecological Design provides a framework for integrating human design with living systems Drawing on complex systems ecology and early examples of green building and design the book challenges us to go further creating buildings infrastructures and landscapes that are truly restorative rather than merely diminishing the rate at which things are getting worse

The New Digital Storytelling Bryan Alexander, 2011-04-07 This book surveys the many ways of telling stories with digital technology including blogging gaming social media podcasts and Web video Digital storytelling uses new media tools and platforms to tell stories The second wave of digital storytelling started in the 1990s with the rise of popular video production then progressed in the new century to encompass newer social media technologies The New Digital Storytelling Creating Narratives with New Media is the first book that gathers these new old and emergent practices in one place and provides a

historical context for these methods Author Bryan Alexander explains the modern expression of the ancient art of storytelling weaving images text audio video and music together Alexander draws upon the latest technologies insights from the latest scholarship and his own extensive experience to describe the narrative creation process with personal video blogs podcasts digital imagery multimedia games social media and augmented reality all platforms that offer new pathways for creativity interactivity and self expression Whole Green Catalog Michael W.
