Pwc Ifrs Manual Of Accounting 2015:

Tax Reporting on Effective Tax Rate (IAS 12) Eva Frehner, 2024-09-30 In recent years tax reporting on the effective tax rate ETR of multinational enterprises has been widely debated Annual reports presenting low ETRs created the impression that enterprises did not pay enough taxes compared to individuals or small and medium sized businesses Such financial reporting disclosures led to ongoing discussions about the suitability of the existing international tax system and gave rise to several global tax reforms initiated by the OECD This study analyses the level of compliance with internationally applied best practice for tax reporting on the ETR under the IAS 12 in annual reports based on content analysis scores It studies the correlations between the extent of compliance with tax reporting best practice and ETR values market capitalisation level of internationalisation industry and auditor The author combines the empirical research with a normative approach and thus takes an inside out perspective The normative analysis interprets IAS 12 paragraphs in light of Swiss national and international tax law Furthermore the book discusses the impact of the OECD Global Minimum Tax Reform on tax disclosures and argues that the international tax reform will further increase the complexity of tax reporting Value

Based Performance Measures Nils Eikermann, 2020-08-19 Nils Eikermann describes the framework conditions for the application of value based performance measures and critically analyses selected ones The disclosure of value based performance indicators is important in order to demonstrate the successful management of a company and to satisfy the increasing information needs of investors However companies adapt the developed theoretical concepts of value based performance measures to their practical needs and thus investors are no longer able to compare the performance of companies In addition there is a variety of different metrics from which companies can choose The empirical study aims to reduce existing research gaps and is divided into three parts the analysis of annual reports of selected European companies the calculation of a standardised value based performance measure and a value relevance study in the form of an association study

Manual of Accounting - New UK GAAP, 2013-01-01 Manual of Accounting New UK GAAP addresses the requirements of FRS 102 which is the new UK GAAP and will be adopted by all companies not wanting to move to IFRS and who are too large to implement the Financial Reporting Standard for Smaller Entities which in 2015 can be applied by companies with a turnover of 6 500 000 per year and a balance sheet of 3 260 000 per year **Principles of International Economic Law** Matthias Herdegen, 2016-10-06 Principles of International Economic Law provides a comprehensive overview of the central topics in international economic law with an emphasis on the interplay between the different economic and political interests on both the international and domestic levels Following recent tendencies the book sets the classic topics of international economic law like WTO law investment protection commercial law and monetary law in context with aspects of human rights environmental protection and the legitimate claims of developing countries The book draws a concise picture of the architecture of international economic law with all its complexities without getting lost in fragmented details Providing

a perfect introductory text to the field of international economic law the book thoroughly analyses legal developments within their wider political economic or social context Topics covered range from codes of conduct for multinational enterprises to the human rights implications of the exploitation of natural resources The book demonstrates the economic foundations and economic implications of legal frameworks It puts into profile the often complex relationship between on the one hand international standards on liberalization and economic rationality and on the other state sovereignty and national preferences It describes the new forms of economic cooperation which have developed in recent decades such as the growing number of transnational companies in the private sector and forms of cooperation between states such as the G8 or G20 This fully updated second edition covers new aspects and developments including the growing importance of corporate social responsibility mega regional agreements like CETA TTIP and TPP trade and investment related aspects of human rights law

Standardization of Financial Reporting and Accounting in Latin American Countries Lourenço, Isabel, Major, Maria, 2015-07-01 Accounting has often been described as the language of business As the increasing competition of overseas markets begins to affect even the smallest local companies many more business professionals must become fluent in accounting principles and practice *Standardization of Financial Reporting and Accounting in Latin American Countries* highlights the recent move to International Financial Reporting Standards IFRS and addresses some of the concerns raised due to cultural differences and the level of enforcement of these standards in separate countries Describing the evolution of both financial and managerial accounting due to the adoption of IFRS this book is an essential reference source for both students and seasoned professionals in the fields of accounting finance and related management fields especially those with an international emphasis
