Natural Symbols Explorations In Cosmology:

Natural Symbols Mary Douglas, 1996 This classic text represents a work of anthropology in the widest sense exploring themes such as the social meaning of natural symbols and the image of the body in society With a new and highly topical introduction

Natural Symbols Mary Tew Douglas, 1996

Natural Symbols Mary Douglas, 2013-06-17 First printed in 1970 *Natural Symbols* is Douglas most controversial work It represents a work of anthropology in its widest sense exploring themes such as the social meaning of natural symbols and the image of the body in society This work focuses on the ways in which cultures select natural symbols from the body and how every natural symbol carries a social meaning She also introduces her grid group theory which she sees as a way of keeping together what the social sciences divide and separate Bringing anthropology in to the realm of religion Douglas enters into the ongoing debate in religious circles surrounding meaning and ritual The book not only provides a clear explanation to four distinct attitudes to religion but also defends hierarchical forms of religious organization and attempts to retain a balanced judgement between fundamentalism and established religion Douglas has since extensively refined the grid group theory and has applied it to consumer behaviour labour movements and political parties

The Science of Beauty Annelie Ramsbrock, 2015-05-20 What did the cosmetic practices of middle class women in the nineteenth century have in common with the repair of men's bodies mutilated in war What did the New Woman of the Weimar years have to do with the field of social medicine that emerged in the same period They were all part of a conversation about the cosmetic modification of bodies a debate shaped by scientific knowledge and normative social models Conceived as a cultural history this book examines the history of artificially created beauty in Germany from the late Enlightenment to the early days of National Socialist rule

Anthropological Thought

Vijoy S. Sahay, 2024-12-10 The volume explores how anthropological ideas emerged First in the writings of the ancient Greek and Roman philosophers after that by the Renaissance scholars during the 18th century in Europe and finally during the mid 19th century especially after Charles Darwin's theory of biological evolution It covers the contributions of all the evolutionists of the 19th century It explores the evolution of anthropological schools from Evolutionism to Diffusionism and beyond It also discusses diverse perspectives such as Historical and Dialectical Materialism Functionalism Structural Functionalism Cultural Ecology and Cognitive Anthropology Concepts like Ethnocentrism and culture provide a rich tapestry of anthropological thought It discusses the lives and contributions of renowned anthropologists from E B Tylor to Michel Foucault and Jacques Derrida This book is a valuable resource for students researchers and instructors in social sciences offering a nuanced understanding of anthropology sociology and psychology

Ritual Catherine Bell, From handshakes and toasts to chant and genuflection ritual pervades our social interactions and religious practices Still few of us could identify all of our daily and festal ritual behaviors much less explain them to an outsider Similarly because of the variety of activities that qualify as ritual and their many contradictory yet in many ways equally legitimate interpretations ritual seems to elude any systematic historical and comparative scrutiny In this book Catherine Bell offers a practical introduction to ritual practice and its study she surveys the most influential theories of religion and ritual the major categories of ritual activity and the key debates that have shaped our understanding of ritualism Bell refuses to nail down ritual with any one definition or understanding Instead her purpose is to reveal how definitions emerge and evolve and to help us become more familiar with the interplay of tradition exigency and self expression that goes into constructing this complex social medium
